Bake things he likes with FLAVO FLOUR. It's healthful and tissue building. There is more nutrition and a sweeter taste in FLAVO FLOUR. It is made with a new process by the most modern mill in the world. Nature's food values and the delicious flavor of the wheat are not milled out as they are by other methods. FLAVO FLOUR is milled at home from home wheat. It is good. Buy it and patronize Home Industry.

NEWS OF MARYLAND TOWNS

Items From Shore Counties That Will Be Worth Reading By Kent County Subscribers

A second dividend of ten per cent is now payable to the depositors and the creditors of the Second National Bank of Elkton. This dividend does not include any money from the sale of the electric light plant or from accommodation notes.

Cecil county, Maryland, will have a race track at Rudolph, about half way between Glsgow and Elkton. It is planned to have the track, which will be half a mile in length about a mile from the Delaware line. The ground is being plotted and it is planned to begin work at once.

The only tree bearing seedless apples in Delaware is owned by Frank P. Rogers, of near Piney Grove. in the Upper Dagsboro District. It is about seven years old and for several years has produced only a few apples, but this year it is full of fruit, and if the storms do not beat them from the tree, several basketfuls are expected to be picked. The trees bear apples of usual size, but the blossoms are different.

Is the B. C. & A. Railroad going to discontinue its passenger and freight service between Claiborne and Easton? This question has stirred the lower end of the County of Talbot to such an extent that a public meeting was held recently to discuss ways and means of finding out what the railroad company intended to do.

Fruit growers of the Delmarvia Peninsula were guests of the Sussex Co. Fruit Growers' Association recently when a tour was made of the orchards in the western section of Sussex Co.

The first Talbot apples of this year were sent to the city markets last week. The big Mulberry Hill orchard of Cover Co. began on Thursday to pick yellow transparents and from the first picking it was estimated that there would be about 15 carloads of this particular apple

The people of the eastern section of the county regret to learn that the Maryland. Delaware and Virginia R. R., which operates between Lewes and Love Point, last Sunday discontinued service from Owens Station and Lewes. This means that Milton will be cut off entirely from any roalroad communication. the nearest station being Ellendale, six miles distant. It is likely that Mliton people will at once get in shape their proposed steamboat corporation, which has been suggested since the sale of the railroad.

Farmers, List Your Repair Needs

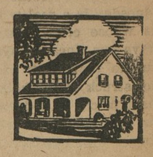

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early s they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

PORTLAND CEMENT—only 2% of home building cost

NO home is built today without Portland Cement. Yet the cost of the Portland Cement used in the average home is only 2% of the total cost.
That 2% adds to fire protection, to health, to permanence. Your building material dealer is a merchant of necessities. His advice is sound—on types of construction, on brands of materials.
