THE TRANSCRIPT

Entered at the Postoffice at Chestertown, Md., as second-class matter.

MR. THOMAS J. KEATING'S formal announcement for the Judgeship appears elsewhere in this issue. Mr. Omar Crothers and Mr. H. C. Legg, whose announcements are also in this paper, are the other candidates for the nomination.

THE sad drowning accident in Chester River at Chestertown this week is one of a very few such accidents which have occurred in this locality in the past twenty years. When it is taken into consideration the number of persons, both young and old, who derive pleasure from the Chester River by boating, swimming and skating, and the very few casualities that have resulted from this pleasure, it can be considered as an almost harmless pastime. We hope that the people of Chestertown will not cease to enjoy this beautiful rvier, which is at their very doors and which has been affording pleasure to thousands each year.

POLITICAL SITUATION

Reports from all parts of Kent County are very favorable to the ticket headed by Mr W. B. Copper. All the district workers report favorable conditions and at a meeting several days ago several reports were: "Fine, couldn't be better."

The Fifth District, the scene of many political battles, is clearly for the ticket we are supporting.

At the hour of going to press it was understood that Mr. Goodman, of the Seventh District, will be the candidate for Sheriff on the Russell ticket. They have sidetracked Mr. Albert Lewis.

POLITICAL ANNOUNCEMENT.

THE TRANSCRIPT announces the following ticket to date, subject to the Democratic primaries. This ticket is meeting with much success throughout the county. Candidates for the other offices will be announced later.

For The Senate
MR. W. B. COPPER

Mr. Copper, of Chestertown, has been a successful banker in this county for many years. He has the respect and confidence of the people of Kent County. If he is elected he will go to Annapolis with an open mind to represent the people of Kent County as he believes they desire to be represented. He is unable to state his views on particular issues until he knows just what form these issues will take. If he goes to Annapolis, he will go unpledged and controlled by no man or group of men. Reports from all parts of the county are more than favorable as to his nomination.

For The House Of Delegates
MR. ELLSWORTH BOWERS

Mr. Bowers, of Lynch, has served two terms in the Legislature for Kent County. He has made an enviable record. He stands on that record in this fight and we have no doubtl that he will be re-nominated.

For The House of Delegates
MR. HERMAN F. JACOBS

Mr. Jacobs, of Rock Hall, a waterman, is a young man of more than average ability and talks to the point. He is broad-minded, wide-awake and will represent the people of Kent County as he believes they should be represented. He always appears anxious and willing to listen to the opinions of the voters.

For County Treasurer
MR. CLARENCE NEWSOME

Mr. Newsome, of Betterton, is one of the most popular men in Kent County, a successful business man, a man well able to handle the finances of the county. We predict Mr. Newsome's nomination. As we heard a man say the other day: "I never heard anyone say anything detrimental to Clarence Newsome."

For County Commissioner
MR. NICHOLAS V. WATERS

Mr. Nicholas V. Waters, of the First District, present County Commissioner, is a candidate for re-nomination. Mr. Waters has many friends throughout the county. He has made good as a County Commissioner and has done his best for the best interests of Kent County. Mr. Waters is making a strong fight for the nomination and is meeting with much success.

For County Commissioner
MR. J. ERNEST WILLSON

Mr. J. Ernest Willson, of Rock Hall, is a farmer and a young man of very pleasing personality. If elected he will make good as a County Commissioner. He is a member of that large Willson family which has played such a prominent part in all activities of the Fifth District for many generations. Mr. Willson's candidacy seems to be very acceptable throughout the county and his prospects in the Fifth are very bright indeed.

For State's Attorney
MR. S. SCOTT BECK

Mr. Beck, who has filled the office of State's Attorney for the past eight years in a very able manner, has our endorsement for the nomination. Mr. Beck will have no opposition in the primary.

For Orphans Court
DR. EDWARD A. SCOTT.
MR. WALTER K. HUDSON.
MR. J. HENRY THOMPSON.

The present Judges of the Orphans Court have our endorsement for renomination. They have attended to their duties in a very creditable manner and are the unanimous choice of the Democratic party for renomination. They have no opposition in the primary.

Judge Thomas J. Keating

Formal announcement of the candidacy of Judge ThomasJ. Keating, of Queen Anne's county, for the Democratic nomination for Associate Judge of the Second Judicial Circuit, is made this morning in newspapers throughout Cecil, Kent, Queen Anne's, Talbot and Caroline counties. In making the announcement, Judge Keating expressed the determination to observe the precedent established by Judges throughout Maryland for the last century, in refraining from making an active political canvass while occupying the bench.

"The duties incident to my present position preclude me from making the usual personal and political campaign," Judge Keating states.

Elevated to the bench a year ago by the appointment of Governor Albert C. Ritchie, following the death of Judge P. B. Hopper, of Centreville, who for many years was loved and respected throughout the circuit, Judge Keating has established an enviable record of efficiency and has manifested decidedly judicial ability.

Insofar as political history is interwoven with judicial history in the Second Judicial Circuit, the records disclose the interesting fact that whenever a jurist has been appointed to fill out an unexpired term, he invariably has been elected in the subsequent battle of ballots. This is probably due to the fact that Governors are generally reticent about making appointments unless they are confident there is a well-defined sentiment favorable to the appointee. And in this connection it will be remembered that Judge Keating went upon the bench with practically the unanimous endorsement of the bar in each of the five counties comprising the Second Judicial Circuit.

Judge Keating has practiced law in Centreville for nearly 30 years and four years ago was the unanimous choice of his party for Attorney General.

Maryland's Federal-Aid Highways

Maryland's complete system of primary Federal-aid highways has been designated definitely by Henry C. Wallace, Secretary of Agriculture, on the basis of a map prepared jointly by the Federal Bureau of Public Roads and the Maryland State Highway authorities. The total extent of Maryland's primary Federal-aid system will be 1036 miles.

Officials of the Public Roads Bureau say that, with the possible exception of Delaware, the Maryland system is nearer completion than that of any other state. When the primary system is completed, they added, arrangements may be made whereby Maryland may use its additional allotments of Federal-aid funds for other roads which are not included in the primary or interstate system.

The map, which has been approved officially by Secretary Wallace, shows that Baltimore is the hub of Maryland's network of primary roads and that from it at least six main highways radiate. Frederick is second, with five main highways leading into it, and Hagerstown has four. Cumberland is the terminus within the state of one of the primary roads.

In perhaps no other state, the federal road authorities said, does the primary highway system extend so thoroughly to every section as in this state.

POLITICAL ANNOUNCEMENT

Centreville, Maryland.

August 3, 1923.

TO THE DEMOCRATIC VOTERS OF THE SECOND JUDICIAL CIRCUIT OF MARYLAND:

By the Constitution of Maryland, provision is made for the election, by the people, of Judges for the several Judicial Circuits into which the state is divided and, among other things, the qualifications therein mentioned for Judges are as follows:

> "They shall be selected from those who have been admitted to practice law in this state, and who are most distinguished for integrity, wisdom and sound legal knowledge."

If my reputation, after having engaged in the practice of law for practically thirty years, and my record, after having served as Associate Judge of your Judicial Circuit for nearly one year, leads you to believe that I possess the above mentioned necessary qualification, I will be very gratoful should you determine to support me at the approaching Democratic Primary Election.

The duties incident to my present position preclude me from making the usual personal and political campaign.

Very truly yours,
THOMAS J. KEATING,

DODGE BROTHERS
Motor Cars
Improved Appearance and Riding Comfort

Dodge Brothers have not simply brought out a complete new line of motor cars. They have done something infinitely wiser and better than that.

They have brought new beauty, new riding ease and new mechanical perfection to the product on which their reputation as builders has been founded.

They have built a better and more desirable line of motor cars—yet basically and fundamentally the identity of their product remains the same.

The same sturdy engine is under the hood; the same dependable chassis, improved in numberless details, underlies the body.

But the rear springs—now underslung—have been materially lengthened. The wheelbase, too, is longer and the combined result is a notable improvement in riding qualities.

Bodies of all types have been designed to give improved appearance, and greater comfort. Lower, longer, with deeper seats and more leg room, the lines of these new cars are low-swung and graceful—the interiors are comfortable and roomy.

New head lamps and fenders, especially designed by Dodge Brothers to conform with the general lines of the car—a long straight hood and cowl effect—longer and wider running boards—unusually wide doors—combination stop signal and tail lamp—and instruments attractively grouped on raised panel—are a few of the numerous body innovations common to all types.

New Models on Display in Show Room.
