Letter of Omar D. Crothers, Democratic Candidate for the Nomination of Associate Judge of this Judicial Circuit to the Democratic Voters of Kent County.

At the solicitation of a great number of people in Cecil County, and elsewhere, I have decided to be a candidate for the Democratic nomination for Associate Judge in this Judicial Circuit.

Personally, I believe that every County in the Circuit should have a resident Judge, but as the Constitution of the State provides that there shall be only three Judges for the five Counties of Cecil, Kent, Queen Anne's, Caroline and Talbot, it necessarily follows that two of the Counties must abide the inconvenience of not having one.

Therefore the question which the voters are to decide in the coming elections is which two of the three Counties, Cecil, Caroline or Queen Anne's, shall be put to this inconvenience, or rather which will be most benefited by a resident Judge, as the counties of Talbot and Kent each have one (Judge Adkins in Talbot and Judge Wickes in Kent), whose term will not expire for a number of years, and therefore are provided for in this respect.

In deciding this question, it would seem reasonable that the decision should be in favor of the County having the largest population, the largest amount of legal business, the most terms of Court, and the one whose people are the most inaccessible to a Judge. Cecil county has a population of 23,612 as compared to 15,641 in Queen Anne,s, and 18,652 in Caroline, (census of 1920.) Cecil County has three Jury terms of Court as compared with two in each of the other Counties of the Circuit. Elkton, the County seat of Cecil County, is thirty-six miles from Chestertown, the home of Judge Wickes, and seventy-two miles from Easton, the home of Chief Judge Adkins, as compared with Centreville the County Seat of Queen Anne's, which is sixteen miles from Chestertown, the home of the nearest Judge, and twenty miles from Easton, the home of the Chief Judge, and as compared with Denton, the Countyseat of Caroline, which is about twenty miles from Easton.

Caroline and Queen Anne's Counties are, therefore, much more accessible to a Judge than is Cecil County.

From these facts, it has always been recognized in the past that Cecil County should have a resident Judge, and it would have now, except for the untimely death of the late Chief Judge Albert Constable, who died after he times inconvenient to have to go to term for which he was elected.

At the present time there is no candidate for Judge in Caroline County, and my information is that there will not likely be any, so that, in realty, the question to be decided is whether Queen Anne's County or Cecil County will be most benefited by the Judgeship. Senator Legg, one of the candidates for Judge from Queen Anne's, recognizes the claims of Cecil County to the Judgeship in his published statement to the voters of that county, in the following language: "I fully realize that it is a long drive, and many ties inconvenient mto have to go to Chestertown, and at times still further to Centreville, when matters need the attention of a Judge."

From the above statement of facts, if you believe that Cecil County will be more benefited by having a resident Judge, and less inconvenienced than Queen Anne's County, which has a Judge residing on either side of it, then I ask for your support and the people of Cecil County believe and hope that you will at this time recognize its claims.

Assuring you that I will appreciate whatever support you may give my candidacy, I am,

Very truly yours,
OMAR D. CROTHERS.

TO THE DEMOCRATIC VOTERS OF KENT COUNTY, MARYLAND.

Ladies and Gentlemen:

Having recently received several letters from different sections of the county, and having been asked by a number of loyal party people, both men and women, to present my name again as a candidate for the Democratic nomination for State Senator, beg to say that, after a careful consideration concerning this matter, I have fully concluded to do so.

While thus announcing myself, I cordially ask for your assistance and trust that you may be able and willing to give me your earnest and active support. Should I succeed in receiving the nomination at your hands, and then be fortunate enough to win at the polls in November, it will be my pleasure and my pride to discharge the duties of said office with promptness, uprightness and courtesy to all.

My attachment to the party which won my early allegiance has grown stronger with the passing years, and I hope to be worthy of your confidence and endorsement once more. I regard the State Senatorship as an important public trust, but as not pressing any special claims for fitness upon my fellow-citizens in this connection.

Realizing my many shortcomings and imperfections, I humbly await the verdict of my party, and by this verdict I nom promise to abide.

Faithfully yours,
WILLIAM F. RUSSELL.

"CROSSED WIRES"

Prize-Winning Comedy-Drama

New York prides itself on controlling all the plays that are produced in America. It looks them over first, and when it is through with them it lets the rest of the country have a look at them. But for once the rest of the country has turned the tables. "Crossed Wires," the winner of the Chautauqua Prize Play Contest, which will be seen here as a regular part of the Chautauqua program cannot be produced on Broadway, according to the terms of the contest, until after it has been played all summer over the Chautauqua circuits.

A year ago the leaders of the Chautauqua movement got together and decided that Chautauqua was big enough and good enough to have its own plays and not use Broadway's cast-offs. They therefore decided to offer a prize of $3,000 for an original play of American life written by an American author. More than 300 plays were submitted, and after careful reading of them all by the judges, "Crossed Wires" was selected as the winner of the prize. It was produced by a competent cast and presented before a large audience of critics before the opening of the Chautauqua season. It proved to be an overwhelming success and just what was wanted for production as the Chautauqua play.

The author of the winning play is Richard A. Purdy who is the author of several other plays and poems. A poem of his entitled "The Day" was published during the war and was much discussed in literary and patriotic circles, being classed with "In Flanders Fields" as one of the best poems written during the war.

In "Crossed Wires" Mr. Purdy tells a story that comes into the actual experience of many American boys. His principal characters are two boys with ambition. One of them wants to be a newspaper editor, but instead is forced to run the dry goods business which his father started. The other wants to be a dry goods merchant, but finds himself forced by his father into being a newspaper man. They realize that they are "Crossed Wires" and make up their minds that they will get the wires uncrossed so that they work. How they go about accomplishing their purpose forms a story that is full of laughable situations and amusing characters from beginning to end. Incidentally they both find that life is not complete without romance, and before the final curtain falls, wedding bells are in the air for two happy couples.

Your car and motor are balanced—the fuel should be, too

PRACTICALLY all the development and improvement in cars and in motors have been in the direction of finer and still finer balancing of parts, weights and stresses—to obtain greater and still greater flexibility. It is only natural that some car makers have succeeded better than others.

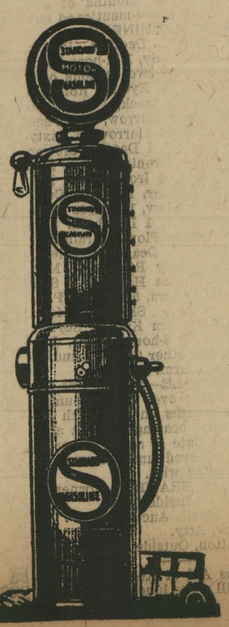

Most gasolines today give you more flexible and versatile power than they did a few years ago. Here, too, it is natural that some refiners have succeeded better than others in their effort to produce a really *balanced* motor fuel.

There's a long story of refining experience and study behind "Standard", the *balanced* gasoline. It is the logical fuel for any finely balanced motor. It gives you *everything* you need in a motor fuel. Stick to "Standard"—the all-round, balanced gasoline.

Propellers and motors alikeneed balance to make the best use of power. "Gas" for your car must be balanced to make power itself ample, flexible and cheap.
