## SPORTS

(Other Sports on Paage 7)

Authorities on the subject, state that the Eastern Shore League will function again next year. From what we have heard, we doubt it.

Flowers, Washington's shortfield artist, is making a fair showing with the St. Louis Cardinals, but his batting is against him; Gordy continues to twirl well for Buffalo when given a chance; Duffy is receiving a tryout with Newark in the International League; Willey, who played shortstop for W. C., is Dover's best twirler; Usilton, well-known first baseman, is playing professional ball with a Ohio baseball club. These were all Coach Kibler's proteges and it shows just what Capt. Kibler can do when he has the material to work with.

Eddie Keenan, giant guard of the Washington College eleven for two years, unexpectedly returned to college this week and is getting in shape for the opening of the season on Sept. 29. Eddie weighs about 330 pounds, but expects to reduce to well under 300 in a few weeks. His return will greatly strengthen the line.

Tim Crowe, the dashing halfback of last year, is in fine shape for the coming season and we expect big things from him. He was one of the mainstays and best ground gaienrs of the team last year and this year he will be even better.

The talk of a return match between Dempsey and Firpo is far away and we doubt if it ever matures. Firpo had better dispose of Wills, Gibbons and a few others more in his class before he is even to be considered as a candidate for a title match again.

Coach Healey has had the Chestertown High School football squad out for the past week. Though rather light, the squad contains some promising material. Brown, a veteran of three years, is captain of the eleven. Nickerson, Estes, Chapman, Usilton, Russell, Parks, Kirby, Hoyle, Sheats, Gardner and Lee are making strong bids for positions on the team. Manager Harry Schreiber has not completed his schedule as yet, but promises the boys plenty of opportunity to display their talent.

Centreville High School, Chestertown's chief rivals on the gridiron, will have no eleven this year.

# CHIROPRACTIC

THE GREAT DRUGLESS METHOD OF RESTORING HEALTH

During the past ten years there has been a marked increase in the span of human life.

Probably the greatest reason for this is the tremendous growth of drugless healing, particularly Chiropractic, during the last decade.

We are living in a drugless age. 55 per cent of the people of this country have ceased using drugs and have adopted some form of drugless healing.

There is no better reason for this than that this great mass of people find in Chiropractic a more efficient and economical method of Health Restoration.

98 per cent of Chiropractic patients are recruited from the ranks of the failures of other methods, and fully 90 per cent of these people are restored to Health and Happiness.

The success of Chiropractic is due to the fact that Chiropractic allies itself with the laws of nature. The great popularity of Chiropractic is due to its success in correcting human ailments that were formerly considered hopeless.

ASK YOUR NEIGHBORS about Chiropractic. If they have had experience with it or know of some one who has given it a fair trial, they can tell you an interesting story. If they knock it, it is because of one or two reasons: First, they have never tried it; or second, they know nothing about it.

When you want information regarding Chirapractic, get it from a direct and reliable source. Consult a competent Chiropractor only. Consultation and literature is without charge or obligation.

Office hours daily, 9-12 M., 2-5, 7-8 p. m., except Tuesday and Thursday afternoons.
