THE THIRD NATIONAL BANK

OF CHESTERTOWN, MD.

The Only National Bank in Kent County

"THE BANK WHERE YOU FEEL AT HOME."

"A Service Station" for All Legitimate Banking Business

Some State Bankers' Associations are distributing an Investor's Questionare with the idea of protecting purchasers of securities from Fake Stock Salesman:-

"Whenever you are solicited to purchase stocks or bonds use this Questionaire before investing any of your funds:

"Give Date, name of Company, name of Salesman, kind of stock or bonds offered, total issue, stock given for property, stock given for good-will, are you taking any Liberty Bonds, if so, at what price, amount of Cash needed, par value of stock or bonds, have they a ready market, if so, where are they listed, are they accepted by Banks as collateral for Loans, if so, what Banks have accepted them to your knowledge, what is (or are) the present net earnings, Bank references, names of officers":

When you have been furnished with the information called for above—bring it to this Bank (or some other representative Bank) and get their opinion of same. If the salesman refuses to answer the above inquiries, have nothing more to do with his proposition, as it is evident that he is fostering a fraudelent promotion. We are always glad to render any assistance possible, either in matters mentioned above or any other financial "deal".

ROAD BUILDING NEARING END

Maple Avenue Will Be Completed Next Week—Work Suspended For Year On Quaker Neck Road—Other News of Kent Roads

Work on the cement road in Quaker Neck, from Chestertown two miles toward Pomona, was discontinued on Thursday last until spring. According to a ruling of the State Roads Commission of Maryland, concrete work cannot be carried on after November 15 without a special permit. The Old Line Construction Co. of Kent County has charge of ths erection of this road and they have made a good job of it. When work stopped they had completed about two-thirds of the work, covering one of the worst road sections on the Shore. They have reached the road gate of Mr. W. S. Collins. During the course of the road construction the company has overcome many obstacles. The concrete mixer has been moved from Quaker Neck to Maple avenue, Chestertown, where it will be used to help complete the work there.

Work on Maple avenue was being rushed yesterday when we went to press. The big concrete mixer of the Old Line Construction Company had been brought into use and was expected to be mixing concrete by Saturday morning. In a talk with State Roads Engineer A. F. Shure yesterday he stated that he expects to finish up the avenue in short order, providing the weather keeps good. Of course if bad weather sets in, the work cannot go on. Mr. Shure says he expects to cut down the hill when the road is completed, and, if possible, use macadam to connect up Maple avenue with the bridge. This will eliminate a dangerous section, because of the fact that, when completed, the hill will almost have disappeared, and will be one of the most decided improvements made in roads here in years. The sharp rise at the intersection of these streets has always been a source of menace to traffic, especially since the advent of automobiles on a large scale.

At a meeting of the Rich Neck Club at the home of Mr. and Mrs. W. Irving Walker recently, the proposition of the new bridge, agitated here considerably before the war, was taken up. Mr. Walker made a suggestion that will probably be given considerable thought when he suggested that, when the new bridge is made, make it a "memorial bridge" to the soldiers and sailors of Kent and Queen Anne's counties, with some suitable memorial at each end of it.

May Create State Educational Board

Creation of an educational board to confer with the governing bodies of the various colleges and schools receiving state appropriations may be recommended by the College Commission appointed by Governor Ritchie, it was learned this week.

The educational board, it is said, would be distinct from the State Board of Education, which administers the public school system, and would be appointed by the Governor.

The College Commission meeting on Wednesday in the office of its chairman, Stuart S. Janney, completed the "taking of testimony" with reference to the needs and policies of the state-aided educational institutions. Dr. E. B. Garey, president of St. John's College; Dr. Paul E. Titsworth, president of Washington College, and Dr. J. O. Spencer, president of Morgan College, an institution for negro men and women, appeared before the committee.

Chestertown Has Live Scout Troop

Scoutmaster J. Thomas Kibler, assisted by Assistant Scoutmaster Culver, of Washington College, and Jack Nickerson, of Chestertown, are making the Chestertown Troop of Boy Scouts a real live organization. The troop has twenty-four boys, who are taking up the work with enthusiasm, and are working to become first class Scouts.

At a meeting held Thursday night the boys took the examination for Tenderfoot Scouts and Scoutmaster Kibler reports that most, if not all, the boys passed the test. The troop meets every Thursday evening at the Washington College gymnasium, where the Scouts are receiving mental, moral and physical development, which is the foundation of Scouting.

ANNOUNCEMENT

TO MY FRIENDS AND THE GENERAL PUBLIC.

I have returned to Chestertown, Md., to represent

The National Life Insurance Co.,

OF MONTPELIER, VERMONT.

This is one of the oldest and best companies in business to-day. Organized in 1850. This is the same company represented by me in Kent county since 1919.

I shall devote my entire time to the LIFE INSURANCE business only. Until I am permanently located in Chestertown I may be found at my father's store in Still Pond, Md.

Thanking you for past favors, and asking for your continued patronage, I am

Yours for service,

R. GOLDEY WARREN.
