Educational Department — Kent County Maryland

ALICE FLORER, EDITOR

Supervisor Elementary Schools Kent County, Maryland

AUTHORIZED AND APPROVED BY

MR. L. C. ROBINSON, County Sup't Schools, Kent County, Md.

State Teachers' Association

The Maryland State Teachers' Association convened in Baltimore November 30 and December 1, 1923.

The writer was unavoidably prevented from attending but the county was represented by several interested people. Those present were: County Superintendent and Mrs. L. C. Robinson, Prin. and Mrs. Mark Creasy, Prin. Fannie E. Stuart, Miss Mamie Carroll, Prin. W. T. Ritter, Prin. W. A. P. Strang.

Mrs. Ella P. Robinson and Mrs. Achsah V. Crew were the official delegates from the Elementary Teachers Association and both were in the meetings.

An interesting feature of the meeting to Kent County people might be the election of Walter Davis of Havre de Grace, formerly of Rock Hall as president of the state meeting for next year.

According to the reports of those who attended the outstanding feature of the meeting was probably the lecture on "What is Freedom" by Dr. Robert MacGowan; humorous lecture by Ralph Bingham and the address of Dr. S. Parks Cadman. Dr. Cadman emphasized the need of our schools making a united effort to improve the English of our young people. "Better English" was his plea. Dr. MacGowan stressed the importance of training for good citizenship as a means of raising the standards of our nation.

A unique feature of the Friday evening program was the fact that two of the greatest living humorists were on the platform. Dr. Strickland Gilliland introduced Ralph Bingham and the clashing of wits which lasted for a season put the audience into the most receptive frame of mind for the evening program. It really was a demonstration of real wit matched against real wit and they certainly did entertain the audience.

The entire program was seasoned with excellent music under the leadership of our State Director of Music, Professor Thos. L. Gibson. One of the pleasing parts of the program was the social hour following Ralph Bingham's lecture just a social friendly hour with refreshments, sent the people home happier better acquainted and with a larger onlook on their own work.

The Kent County Teacher's Association will be held in the new High School building next Friday, December 7 from 1:00 to 3:30 p. m. Each teacher, if she has not already done so, is asked to bring the names of her P. T. A., and also the dates they are to meet the remainder of the year.

Each teacher is asked to bring (not the names) but the number of children in each reading class as she has them combined. We hope every teacher is combining classes in reading so she can devote longer periods to each recitation. Please make combinations if you have not done so wherever possible.

Professor Thos. L. Gibson will be with us at the teachers' meeting next Friday. This will be a rare treat. Be here to hear the first song. Invite your friends.

He spoke of the great men of the world who have been well educated and the help they have been able to give to their country on account of their ability to attack great problems, because of their education. He made mention of some of our great men, Washington, Lincoln, Roosevelt, Wilson and Harding, as well as great men of other countries.

He made a special plea to the parents to educate their children in order to eradicate illiteracy, in our community, to better for them for earning a livelihood, and to create an air of culture and refinement in our community as well as to make them better citizens.

Millington Reported by Miss Clara Bryan, Primary Teacher

The Parent-Teachers Association of Millington School held a bake and festival in the basement of the school building on Saturday November 24th clearing about fifty dollars. This money will be used for school equipment.

In October the primary room had a bake clearing twenty-five dollars. Charts and supplementary readers were bought with the proceeds of this bake.

A very interesting program has been prepared for the next meeting of the P. T. A. on December 5, 1923.

Song, High School, The Anvil Chorus Reading, Miss Wilkins; Piano Duet, Helen Tyler, Pauline Comegys; Recitation, Eva Atkinson; Solo, Irma Newton; Debate, Affirmative, Emma Jones, Helen Tyler; Negative, Sherman Newton, Wesley Duling; Song, Gilbert Burris, Walter Johnson; Solo, Margaret Slaughter; Piano Duet, Richard Comegys, Carlton Wallen.

Chesterville—Dolly L. King, Teacher.

Not being able to find a speaker the teacher talked on the subject from day to day as they appeared in the program you sent out.

We had a Pie Social and Festival Thursday, November 22. We made $11.50. I hope to get books with ten dollars and with the ten dollars the county board matches it with we shall be able to have supplementary readers etc.

Janvier—Miss Ruth Myers, Teacher.

During the week of American Education we had our regular lessons but tried to make assignments including the program sent out from the county office.

On Thursday there were several parents present. Those who were present thought that those who were absent were equally interested in the welfare of the school so they decided to call another meeting to talk about organizing a Parent-Teachers Association. Those present were: Mesdames Willard Willis, Arnold Willis and Mr. Allan Joyner.

We are hoping to have a real working P. T. A. soon.

Lynch—Mildred E. Parsons, Teacher.

November 18-25 was made Health Week as well as American Education Week.

Monday, Nov. 19. We talked about our duty to our country and the respect we owe to our flag. Those who did not know the pledge to our flag before learned it this week.

Tuesday, Nov. 20. We discussed the ways and means by which our schools are kept up. Including taxation etc. We also started our health posters.

Wednesday, Nov. 21. A part of this day was spent in discussing health habits and working on health posters.

Thursday, Nov. 22. The patrons of the school were invited to visit the school during the afternoon session. Most of them said since they could not come both Thursday and Friday, they would come Friday afternoon. At this time we had our Health Club meeting. Miss Tillet, our county nurse was the principal speaker. Mrs. Lee Joiner and Mrs. Crew were present.

Friday, Nov. 23. On account of the rain the parents did not get to come. Miss Tillet was not present and all were disappointed not having her with us but the day was too bad for her to come we knew. Mr. and Mrs. Fred Cornelius visited today.

Flatland—Mrs. Annie D. Brown, Teacher

No visitors during the day but on Wednesday evening every parent and every child in the district were present. This is really a great record for any district to make. All present. We venture to say that with such a spirit as this, Flatland and their teacher together with the patrons will do fine things for the school during the year.

Mr. Robinson gave a short talk about the value of Parent-Teacher Associations. On the following Tuesday evening, the patrons again met and organized a P. T. A. The following officers were elected:

President—Mr. Thomas Fowler.

Vice President—Mr. George Carroll.

Treasurer—Mrs. Romie Morris.

Secretary—Mrs. Annie Brown.

The organization decided to meet once each month. The next meeting will be held December 11th at 7:30 P. M. when a program, business meeting and social hour will be held. The goal of the new organization is to have new individual chairs for the children instead of the old fashioned uncomfortable seats—by next September.

COLDS AND GRIP

This is the time of the year that tells on a low vitality, or a run down condition.

With the change of weather, a large percentage of people whose resistance has been lowered to the minimum by constant use of drugs and medicines find themselves unable to adapt their bodies to any sudden change of weather conditions.

The human body at this time of the year might be compared to the story told about the horse trying to pull a heavy load up a steep hill. When the load got half way up, the horse came to a full stop. Soon a crowd gathered and the wise ones gave advice as to how to get the horse to pull the load to the top. A wise old gentleman told the driver to beat the horse. Another wise fellow began to unload the cargo to another truck, but still the horse refused to budge. Finally a learned college professor told the driver to pour some grease in the axles, and still the horse refused to budge.

At last a telegraph boy passing by the scene, jumped off his bicycle and released the breakes, and Old Dobbin had no trouble in getting up the hill.

Some of us have been listening too much to fool's advice. When things appear to be going along nicely all is well, but when we come to a full stop half up the hill, which indicates that our bodily resistance is less than 50% less than par, the wise thing to do instead of pouring grease in your axles, is to visit the Chiropractor, and have him, "Release the Brakes.
