Galena Locals.

If hot weather will kill the cut worm the farmers think they must be dead by this time, for we had some fearfully hot weather. For several days before Tuesday last the thermometer stood in the nineties and on Tuesday it was 99 in the shade here.

On Wednesday eve last we had a regular downpour of rain, a very heavy thunder storm and some vivid lightning. Several men sitting in front of Squire Parr's store, among them Messrs. J. R. Hicks, Jas. Mulford and Wm. Steele, were affected by one heavy shock. One of them was positive he saw a large ball of fire strike the pavement within 12 to 15 feet of where he was sitting; all of them sitting near hastened inside. It was thought the lightning had struck one of the porch posts of the hall, but on examination after the storm it was found it did not. It did strike and smash some five or six telephone poles near the M. E. Church.

They are preparing for Children's Day Service here which will come off Sunday the 9th.

The express office at Lambson's was broken into on Monday night and six gallons of whiskey, some cigars and watches were stolen. The whiskey is said to be the greatest loss, as those for whom it was intended miss it very much, especially at this time.

[Why "*this* time?" Has the influence of the Millington "Law and Order League" spread all over the first district and wholly banished the ardent?—EDS.]

A hand on one of Capt. Woodall's farms in Cecil, was hauling hay and riding on the load recently when the wagon made a lurch, the driver fell off and the wheels ran over his head and fractured his skull. He died in a short time.

The prospect for a heavy crop of wheat is good. One of our neighbors, Mr. Nic. Vansant has such tall wheat that one of his hands got lost in the wheat field last week, though the man was quite tall.

The politicians are hustling around quite lively just now.

The ladies Aid Society of the M. E. Church will hold a festival in the Chapel next week. P.

Crumpton Items.

The Epworth League Festival which was held on Friday and Saturday evenings was only moderately successful financially. It will be continued this Saturday evening.

Tuesday was the colored people's holiday here, and Africa's sons and daughters flocked here by countless scores and promenaded up and down the streets from morning until night, or whiled away the time by ball-playing and eating from the numerous booths erected along the wayside.

Strawberries are very plentiful and of good quality selling at 4 and 5 cents.

An addition is being built to the hotel to make room for the large number of summer boarders, who prefer this resort to others which are more expensive and less comfortable.

Baseball is the order of the day now, and, although the first nine have not yet played a game, the second have won four consecutive games. Last Saturday's game was at Millington where they defeated the nine at that place by a score of 18 to 14. On Monday the Millington boys came over somewhat re-inforced, but again met defeat this time by a score of 19 to 4. Battery for the home team, Harrison and Johnson. The Millington boys should remember that vulgar language will not win a game.

Mrs. C. A. Bradley is quite ill.

Children's Day Services were held in the M. P. Church on Sunday night under the efficient management of the superintendent, Mr. Charles Tracey, to whose zealous efforts much of the success was due. The church was beautifully decorated, the music of a high order, and the children rendered their parts well.

STANLEY.

Mr. Wm. Diehl went to Philadelphia last week and as he is wont to do attended a santification meeting.

Miss Ida Hudson's limb is not perceptably better.

Mr. Legg is improving and in a few days Dr. Wilson hopes to have him recuperated sufficiently to go to Baltimore with him to consult a specialist.

Mr. Archie Ramage was overcome by the heat last Saturday, he soon recovered.

A young man living with Mr. E. A. Corey was prostrated by the heat Friday, and fell in the field.

The amusements, we learn, did not run on last Sunday and will not during the season, at Tolchester. This will certainly meet with the approval of God and the approbation of the general public and with popular opinion. Good for Mr. Potts.

Mr. Morris Bramble has entered the bicycle fraternity, having recently purchased a wheel.

The holidays passed away very quietly, not any dissipation that we saw.

Children's Day service next Sunday (tomorrow) evening at Salem.

The large barn on the Tolchester farm has been painted. It is a fine building and of mammoth proportions.

The Creamery has been coated white and with the red corrugated roof, looks nobby. A large amount of milk is being received daily, and the managers find it necessary to run on Saturday nights.

Some of us have lots of peaches, but others not so many.

Corn is growing.

Mrs. Wm. J. Payne is kept very busy with her needle, getting all the sewing she can do. She is very appreciative for the work she receives and her charges in fact are too small in justice to herself.

Mr. Dixie A. Smyth, facially, has made a change.

Horses have the distemper around.

WEST END.

Rock Hall Notes.

Our crabbers are catching large quantities of soft crabs, the price being as low as twelve cents.

The third team of Rock Hall defeated Greytown Saturday by a score of 56 to 16.

A surprise party was given to little Mary Vansant at her home June 1st, in honor of her eighth birthday, by the young ladies of our vicinity. A very pleasant time was enjoyed by all present. The little ones were each presented with a bag of candy. Those present were Misses Nettie Dowling, Nettie Coleman, Sadie Kramer, Sophia Cramer, Maggie Scott, Lula Coleman, Maud and Carrie Disney, Mary Vansant, Ida Hillingham, Messrs. James Urie, John W. Urie, Jno. and Willie Thompson, Willie Hynson, Chas. Creighton, Major Hynson, Frank Disney, Willie Coleman, Masters Heston Urie, Norman Disney.

A large crowd from Edesville, Piney Neck and the surrounding country gathered at Rock Hall on Monday afternoon to witness the bicycle races which took place at 5 P. M. The course was from Rock Hall up to Edesville through the forest road, to Mr. Wm. Stevens' thence to Rock Hall postoffice, six and three-quarter miles. Excellent time was made by all the riders, but owing to some misunderstanding the prizes were not awarded and the course is to be run again in the near future by the nine riders who were in the race Monday. Those who entered were, Messrs. Harry Bogle, Frank Ashley, John Watkins, Wm. Apsley, N. Bogle, John Walmsley, Thomas Harrison, Charles Sewell, Wm. Larrimore. The first prize is to be a Toew 10,000 mile cyclometer, 2nd prize, a $4.00 sweater, 3rd prize, a Standard cyclometer, 4th prize, bicycle stockings and cap. We now learn that the race will be run next Saturday afternoon when it is expected that a large gathering will again be at Rock Hall to witness the races.

From Millington.

Three rooms and the lower and upper halls of the M. E. parsonage have been beautifully repapered by the Ladies' Aid Society of the church, all bills paid and receipted and the treasury has a fair surplus in hand, while the Trustees have put in a new pump. Second to personal comfort with the officials of both sexes in the church comes the comfort of the parsonage occupants.

Rev. Thomas Numbers our talented and efficient local deacon, preached the Sunday morning sermon before the late Cheswald gathering of the conference of local preachers and exhorters, and the report comes that it was a strong presentation of the Divine message, and was greatly appreciated.

Rev. Edw. Gardner, of Stanton, Del., spent a few days in our town a week since, visiting maternal relatives, and recuperating exhausted energies from overwork, and left greatly improved.

The delegates to the St. Michaels District Convention, of Epworth Leaguers, Miss Lou Moffett, J. Howard West, and the pastor, failed to put in an appearance, to their own, and the regret of the Millington League.

The Official Board of the M. E. Church is endeavoring to perfect a financial system in the church so the best result may be the most readily reached. The "Reynolds System" was introduced a year ago and gave general satisfaction; but it has been resolved to make monthly statements to the congregation of expenses entire, together with the receipts showing at the end of each month the relative standing of expenses and receipts, and by the chart in the vestibule each contributed toward the expenses is known by his number.

The Law and Order League is always bringing forth good results. The impression is while violators of law may easily escape detection at the hands of indifferent officials they will not so readily escape the vigils of this league. And yet no man will be molested who quits his violation of the law. The league means to be merciful as well as just and will help men to do better and stand by them in the better, when convinced they are sincere.

Mr. Benj. Johnson some days ago lost a very valuable young horse in a rather unusual manner. His son was racing with another coming in town after dark collided with a team going out, the shaft of the carriage ran into the breast of Mr. Johnson's horse. The best attention was given but death resulted in a few days.

On Sunday last Richard Dudley's wife (a very stout woman of 30 years) while walking from church became overheated. Dr. Comegys was called and responded promptly, but the woman was dead on his arrival. She had been suffering with disease of the heart.

Miss Bertha Britton who has been visiting her sister, Mrs. James N. Pepper, of Georgetown, Delaware, returned on Wednesday.

For the last five days the thermometer has varied from 90° to 98°. Politics ha stood at one hundred sun or shade.

The heavy storm on Wednesday night caused the weather thermometer to drop many degrees and the political pot went up to boiling point.

Messrs. Harry L. Boyd and J. J. Blackiston, of Chestertown, were in Millington Wednesday on business, but mixed in a good bit of politics. Mr. Boyd fills so much space in the universe that he is afraid of being struck by lightning.

A Grand Wedding.—One of the most beautiful weddings that has ever taken place in our town was celebrated at the Methodist Protestant Church, Harper's Ferry, at 8 o'clock, May 29. The church and gallery were crowded to overflowing with friends of the bride and groom, which did not surprise any one as the contracting parties were the former young, handsome, and popular pastor of the church, Rev. Charles K. McCaslin, and Miss Mollie L. Paregoy, only child of Mr. and Mrs. Wm. Paregoy, of Camp Hill.

Rev. A. A. Harryman, pastor of the church, in a very impressive manner, performed the ceremony. Miss Eirene McFaden one of the lovliest blondes in our town, in a skilful manner rendered Mendelssohn's wedding march. The handsome young ushers, Messrs. Lawrence Odell, and Will L. Crutchly, entered the church, followed by the groomsman and bridesmaid, Rev. Robert K. Lewis, of Mt. Tabor, West Washington, D. C., and Miss Ella Anderson, of Bolivar, who was similarly attired as the bride and carried a bouquet of pink Marechalneil roses. The bride wore a lovely dress of cream henrietta silk and lace, carried a large bouquet of white marechalneil roses. The groom was tastefully dressed in a Prince Albert suit of black, and white kid gloves and a white rose bud boutonniere in his coat.

A prettier and sweeter looking bride never entered a church in this town. A heartfelt burst of admiration came from every lip as the bride leaning on the arm of the groom proceeded up the aisle to the altar. The church was beautifully decorated for the occasion with cut flowers and potted plants and ferns. The bridal party stood under a large floral bell above which perched a white dove in a branch of fern leaves. Following the ceremony a reception was given by the bride's parents in their new home on Sunset Hill, where a bountiful collation was served, and the evening spent very pleasantly by all.

Both the contracting parties have a host of friends who wish them every happiness in their pastoral work in their first home in Edesville, Kent Co., Md., where they will be at home to their many friends in a few weeks. The young couple were the recipients of very many beautiful and costly presents..—*Harper's Ferry Sentinel.*
