An effort will be made in the case of Marshall E. Price, who is under sentence of death and ordered to be hanged on July 5, for the murder of Sallie E. Dean, either to secure a new trial by way of a writ of error to the Court of Appeals, or failing in that, to have the case brought before the federal court upon an application to Judge Goff for writ of habeas corpus, on the ground that it is a violation of the Constitution of the United States, as laid down in the Fourteenth Amendment, to try a case of homicide before one judge or three. Price's lawyers are Messrs. J. Henry Baker, of Kent, Robert F. Leach, of Somerset and Millard F. Taylor, of Cecil, the latter retained by Messrs. Baker and Leach to assist them in the effort to be made. The counsel contend that under the laws of the United States it is not in the power of a prisoner to select a court trial, but that he must be tried by a jury of twelve men, and that the judgement of the court in Price's case, in the first trial, must consequently be set aside.
