SATURDAY MORNING, - AUG. 24, 1895.

ONLY ONE.

Who knows of the steps it takes
To keep the home together?
Who knows of the work it makes?
Only one—the mother.

Who listens to childish woes,
Which kisses only smother?
Who's pained by naughty blows?
Only one—the mother.

Who knows of the untiring care
Bestowed on baby brother?
Who knows of the tender prayer?
Only one—the mother.

Who knows of the lessons taught
Of loving one another?
Wno knows of the patience sought?
Only one—the mother.

Who knows of the anxious fears
Lest darling may not weather
The storm of life in after years?
Only one the mother.

Who kneels at the throne above
To thank the Heavenly Father
For the sweetest gift—a mother's love?
Only one—the mother.

A CAMBRIDGE BARBER FINED.

It Cost Him $15 to Refuse to Cut a Colored Man's Hair.

From the Boston Transcript.

It cost a Cambridge barber $15 for refusing to cut a colored man's hair. The case was heard before Judge Almy in the Cambridge District Court. The plaintiff was a young colored man named Lewis, a brother and ward of W. H. Lewis, the famous Harvard football player. Lewis, the elder, has won honors at the Havard Law School, as well as on the field, was in court and sat by the side of the plaintiff's counsel. The defendant was Barber Ferdinand Hautz. He is a typical german, and his son, Chas. Hautz, works for him. The case was not without its amusing side.

Young Lewis, the aggrieved, testified that he called at Hautz's barber shop and asked for a hair cut. The barber turned him away, telling him that there were other barber shops handy and that he was busy. Lewis went away and returned later in company with another colored fellow. Still no satisfaction was obtained.

The barber claimed that when Lewis made his first visit to his shop he did not ask for a hair cut, but simply made a motion to that effect by running his fingers through his hair. When he returned the second time it was nearly 12 o'clock, and he did not want to work any more that night.

Counsel for the barber intimated that the affair was a "put-up job," and that Lewis, the elder, was behind it all. The court replied that it did not matter if he was, and so Hautz was fined $15, and paid the fine.

Found a Rich Gold Mine by Accident.

One of the most remarkable accidental mining strikes in the history of this section was made a short time ago on the Payette River, seventy-four miles from the city. Several weeks ago Nick Steinfeld and Walter Moore, of the Louvre, "grab staked" George Bell and Dick Fraser to go out on a prospecting tour. They skirmished around for some time withovt striking anything. One day Fraser went out hunting and chased a bear and a cub up a mountain side through heavy brush. The game escaped, and Fraser sat down to enjoy a brief siesta before returning to camp. He pushed the brush aside and was digging thoughtfully in the dirt with his fingers when he picked up a piece of rich float. He did not know what it was, but it was a nice specimen of something and he put it in his pocket. He struck his pick into the ground and encountered an obstruction in the shape of a load. Going to camp he showed the piece of quartz to Bell, and further investigatian showed the latter it was worth looking into. A small quantity of rock was taken out and brought to Bois to be assayed. It went $138 a ton gold. At last accounts they had sunk on the ledge, which dips at an angle of seventy degrees, but a short distance. They had three and one-half feet of ore and had not yet cut the foot wall. A seven-inch streak assays over $1000 a ton gold, the remainder going $1280 a ton gold.—*Bois City (Idaho) Statesman.*

Largest Hound in Existence.

The largest hound in existence is said to belong to the Czar of Russia, who has made a house pet of the dog and keeps it in his own apartments. The Czar is stated to place great confidence in the animal's intelligence and devotion, and has often dismissed new attendants toward whom the hound has showed dislike. The explanation assigned is that the dog had recognized in them secret foes to his master

Syrup of Violets.

Syrup of violets is greatly used by confectioners for making confections, candies, etc., also by perfumers for scenting oils, pomades and making Eaudes-Violettes. Large quantities of violets used to be cultivated at Stratford-upon-Avon for this purpose. The root, or rather the underground stem, has a strong smell, particularly when dried, and its taste is acid, bitter and nauseous.—*N. Y. Dispatch.*

Railroad Without Switches.

A serious trouble, causing many railroad accidents, is that our rail is not continuous, being broken in a number of places by switches and frogs. Perhaps only a higher wisdom than ours can tell us how to avoid accidents caused by open switches, as long as these dangerous devices are not eliminated from the track. This should be done, even if the cost of otherwse setting off the cars be more expensive. Let us make our rails absolutely continuous, and transfer cars bodily to adjacent tracks by the use of hoisting machinery. Such devices are used in England—of course under the control of a block system—and are found very safe and satisfactory. Particularly should tracks on which very fast trains are run be made continuous, as accidents to such trains are much more serious than those that happen to slow trains.

Realistic.

Critic—Has that painting of yours, "At Work in the Fields," received any favorable comments?

Artist—A rather seedy looking man stopped to look at it to-day, and he said it made him tired.—*Phila. Record.*

The Only

Great and thoroughly reliable building-up medicine, nerve tonic, vitalizer and

Blood Purifier

Before the people today, and which stands preeminently above all other medicines, is

HOOD'S Sarsaparilla

It has won its hold upon the hearts of the people by its own absolute intrinsic merit. It is not what we say, but what Hood's Sarsaparilla does that tells the story:—

Hood's Cures

Even when all other preparations and prescriptions fail.

"I had scrofula in a very painful and disagreeable form. I had three running sores on one of my limbs. I saw that Hood's Sarsaparilla had cured a similar case and determined to try it. I began using Hood's Sarsaparilla and am completely cured." JOHN RUSSELL, Espyville Station, Pennsylvania.

Eczema Isn't

A Nice Disease.

It is painful, irritating, disgusting—offensive alike to the sufferer and his friends. The little watery, blistery eruptions itch and tingle. Scratching doesn't help. You may scratch to the bone and only make it worse, but it can be cured by using

Foster's German Army and Navy Cure

Eczema shows itself in other ways, but when little blisters, or scaly, watery patches appear, this ointment should be used at once. It cures quickly and permanently. It cures other skin diseases, too—tetter, ring worm, itch, salt rheum, dandruff, pimples, blotches and scald head. Numerous cases of itching piles, which are caused by an inflammation of the mucous lining of the rectum, have been permanently cured by this potent and soothing emollient.

50 cents. Druggists.

FOSTER MEDICINE CO.,

BALTIMORE, MD.

FOSTER'S GERMAN ARMY AND NAVY CATARRH CURE will relieve all inflammation of the nasal passages and will cure the worst cases of catarrh. It's 50 cents at drug stores.

ECZEMA From early childhood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs, and was treated by the best medical men, but was not benefited. **FROM** When all things had failed I determined to try S. S. S., and in four months was entirely cured. The terrible Eczema was gone, not a sign of it left; my general health built up, and I have never had any return of the disease. **CHILDHOOD** I have since recommended S. S. S. to a number of friends for skin diseases, and have never yet known a failure to cure. GEO. W. IRWIN, Irwin, Pa.

S.S.S. Never fails to cure, even after all other remedies have. Our Treatise on Blood and Skin Diseases mailed free to any address.
