

THE BEST

SPRING MEDICINE

is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated.

You get **THE BEST BLOOD** when your system is in A1 condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS LIVER REGULATOR—it is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. ● Look for it.

ECZEMA From early childhood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs, and was treated by the best medical men, but was not benefited. **FROM** When all things had failed I determined to try S. S. S., and in four months was entirely cured. The terrible Eczema was gone, not a sign of it left; my general health built up, and I have never had any return of the disease. I have since **CHILDHOOD** recommended S. S. S. to a number of friends for skin diseases, and have never yet known a failure to cure. GEO. W. IRWIN, Irwin, Pa.

Letter from Alaska!

A Kent Countian Writes of the Sights and Scenes of the Far North.

JUNEAU, ALASKA.
Lat. 58°, 15 N. Long. 142°, 10 W.
March 17, 1896.

EDITORS KENT NEWS:

After a rather stormy voyage from San Francisco to Victoria, B. C., of three days, we encountered calm and beautiful weather from the latter port and entered Queen Charlotte Sound, the islands "whose name is legion," that outlie the entire Alaskian coast. Here we experienced a sea that for roughness exceeded anything in my experience—the English Channel not excepted. Many of those who escaped the nausea of sea sickness on the ocean passage succumbed here. The Steamer Al-ki, into which we had transferred at Port Townsend, Washington Territory, from the City of Puehla, was heavily overladen, having about 200 passengers and 1500 tons of freight. At times she rolled guards under, but came through nobly. Words are inadequate to describe the beauty of the balance of this trip. These islands lay in every direction and are evidently the tops of mountains, and the water was the valleys of some beautiful range of past ages. Each summit is crowned with snow running down to timber line, where it is hidden by a dense growth of pine and fur, so dense in fact that though we were in a stone's throw of the shore the eye failed to penetrate a foot within it. These channels are of great depth, deeper than the ordinary lead line of a coasting steamer can sound. Though there is a sameness in the character of these islands it is a sameness of which the heart never tires or the eye wearies.

We arrive at old Fort Wrangle on the night of the 13th and laid up for the night owing to the dangerous character of the passage through the Wrangle Narrows, which are wonderfully intricate and bewildering. In the morning we went ashore, having three hours of spare time, until the flood tide. Here we found many things of interest among them an old fort, a relic of the days when the Russians owned this wonderful country. We found two old cannon of quaint and antique pattern. The Indian village there drew our attention. These Indians, called Siwaches, live entirely by fishing and hunting. Their cabins are wretched and filthy. An all-powerful stench of decayed fish predominated everywhere. They allow decomposition to set in before eating. The love of "high game" among our epicures must be a turn in the wheel of evolution. They sell some few curios and garnets in the rough, which are found in large quantities in the mountains. The most interesting of all was the Totam poles. These poles, some of them 30 feet high, are carved in the most grotesque manner, showing a remarkable skill in wood working, particularly when you consider the primitive tools with which they have been executed. Many of them show great age while others are comparatively new and are newly painted in gorgeous colors. The favorite features seem to be frogs, lizards and horrible grinning faces. These are the geneological trees of the chiefs, but little has been learned of them, the natives being reticent on this point when questioned.

We made a splendid run through the Wrangle Narrows, swinging around points, almost scraping the banks and then running between islands so close together that it seemed impossible to pass through. Our draught was 17½ feet, too. The formation here is entirely of blue slate, and we occasionally passed

Castoria destroys Worms and allays Feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves Teething troubles, cures Constipation and Flatulency. Castoria.

"**Castoria** is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. OSGOOD,
Lowell, Mass.

"**Castoria** is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. KINCHELOE,
Conway, Ark.

Castoria.

"**Castoria** is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

The Goodwin Washer.

READ THIS TESTIMONIAL:

TOLCHESTER BEACH, MD., Jan 20, 1896.
MR. WM. T. MATTHEWS, Gen'l Agent:
Dear Sir—I have been using 3 of your Goodwin Washers for the past year, and I find them a very durable and useful machine. We used these machines not once a week, but every day at the Hotel and Bath Houses, and in fact washed every thing we had occasion to wash, with one-half the labor as formerly. After the close of the season here I sent one of these machines to Baltimore, to a friend, and quote their words, "You have certainly sent us a good friend." It gives me pleasure to recommend this Washer to anyone who desires a Labor Saving, Easy, Durable and Clean Washer. Resp'y, yours, &c.,
