## MASURY'S HOUSE PAINTS!

**THE MOST ECONOMICAL AND DURABLE in the MARKET.**

They are not an experiment but have been in use for more than twenty years in Chestertown and vicinity. In adopting the same, no error of judgment can be committed, as the goods are established facts, which is best proven by the attached testimonials from Frank H. Howard and W. J. Sappington.

CHESTERTOWN, MD., May, 13th, '95.

MR. PERCY T. MCFEELY.

Dear Sir:—In regard to Masury's Paints they are first-class in every respect and their Combination Lead is the best on the market. It will go further and cover up better than any Combination on the market. We have been using these goods for 20 years and they have given entire satisfaction, and I think we ought to know a GOOD LEAD in that time, being the largest users of Lead and Oil in the county, we know what we are talking about, and we have used some of their Ready Mixed Paints, and think they are the best in the market. You always get a full gallon when you buy their Paint.

Yours respectfully,
Signed, FRANK H. HOWARD.

CHESTERTOWN, MD., May 17, '95.

MR. PERCY T. MCFEELY.

Gentlemen:—I have used Masury's Goods for the past ten years, and I believe Masury Coloring Matter to be the best manufactured. I have used John W. Masury & Son's Pure Combination White Lead to my own satisfaction and to the satisfaction of the owners of the property on which I used it. It has stood on my work as good as Pure White Lead and Zinc. I haven't had one single job to crack, peel off, blister or chalk. I have done some jobs with Masury's Combination as far back as 1887 and a number all the way along to 1895. Respectfully yours.
Signed. W. J. SAPPINGTON.

### ADVERTISING FOR FARMERS.

While waiting at a country station I became acquainted with quite an intelligent, nicely dressed gentleman who belonged to that class which, according to the funny newspaper, is the natural mark for the confidence man. During our conversation he learned that I was connected with the advertising department of the press.

"I believe in advertising," he remarked, "and practice it, as do several of my neighbors."

The possibility of a farmer advertising had never occurred to me, and upon expressing a curiosity to know in what manner farmers could advertise, he said:

"I live in one of the best counties in Michigan, where I own and till a large farm. In addition to growing all kinds of grain I raise both cattle and hogs. I live within convenient distance of four railroad stations each having a number of grain buyers and stock dealers, and when I conclude that I am ready to sell my stuff, I insert a local in three or four local papers published at those villages stating the amount and quality and, if stock, when it will be ready to go. Then instead of being compelled to go from one dealer to another in order to receive a fair price, they come to me, and by mail and personally put a price on it. The buyers know my methods, and as a consequence they bid the highest price they can afford. I always get the best prices going, and my little outlay in advertising pays me. Then another thing: If I want to buy a milk cow, what is the use of my riding all over the country, inquiring from Tom, Dick and Harry for the desired article, and spending $4 or $5 worth of valuable time when one dollar invested in an advertisement in the local paper will bring such a throng of eager sellers as so give my premises the appearance of a county fair ground?"

A FATHER wrote to the editor for information as to how to stop his boy from smoking cigarettes, and got this reply: "We suggest bribery, persuasion, instruction or shutting off allowance. Then, if he remains obdurate use rawhide on rawhide. Welt him until he is ready to hold up his hands and promise not to smoke another. If that does not stop him, drown him, as a drowned boy is better than one who smokes such things as cigarettes."
