DANIEL'S GREAT SPEECH.

The Democratic National Convention at Chicago will be written down in history as one of the greatest bodies of representative men ever assembled in this country. They were not hackneyed politicians — though a few "blatherskites" were among them, as is always the case. The newspapers of Baltimore, Philadelphia and New York, and indeed most of the big city dailies—especially in the North and East—have done their best to poison the public mind relative to the character of the men comprising that convention, but their selfish purposes are so evident that their slanders will but recoil upon their own cause.

The best heart of the people were there and notwithstanding the herculean effort to suppress it the public voice was heard—heard as never before in plain, unvarnished terms against the present policy of hard gold and business depression. As a part of the history of that great convention we would like to give the readers of the News some of the matchless speeches on both sides. But our limited space will not allow. Here are a few extracts from the eloquent speech of that great Southern statesman, Senator Daniels, of Virginia:

"The unconditional repeal of the Sherman law instead of protecting the Treasury reserve, as was prophesied it would do, an unprecedented raid was promptly made upon it, and $262,000,000 of borrowed gold have been insufficient to guarantee its security. Instead of causing foreign capital to flow to us, it has stimulated the flow of gold to Europe, and greenback notes and Sherman notes, which are just as much payable in silver as in gold, have been used to dip the gold out of the Treasury of the United States and to store it in the strong boxes of the war lords of Europe. Instead of reviving business, this policy has further depressed it. Instead of increasing wages, this policy has further decreased them. Instead of multiplying opportunities for employment, this policy has multiplied idlers. Instead of increasing the prices of our produce, this policy has lowered them; and it is estimated at about 15 per cent. in three years. Instead of reviving confidence, this policy has banished confidence.

"Instead of bringing relief, it has brought misery, and for this reason it has contracted the currency of the United States $4 a head for every man, woman and child since November 1, 1893, and with this vast aggregate and contraction the price of land and of manufactured goods and all kinds of agricultural and mercantile produce has fallen. The public revenues have fallen, and everything on the face of the earth has fallen but taxes and debts, which have grown in burden, while on the other hand, the means of their liquidation has been diminished. In the meantime, gentlemen, commercial failures have progressed with devastating effect North, East, South and West, in this nation. The dividend on bank stocks has shrunken.

"Three-fourths of the railway mileage of the United States is now in the hands of receivers, and the country has received a shock from which it will take many years to recover, yet, in this distressed and contracted condition, the new-fledged monometalists ask us to declare for a gold standard, and wait for relief upon some ghostly dream of an international agreement.

"But the people now do well know that the conspiracy of European monarchs led by Great Britain has for its purpose to serve in the war upon American silver money, and stands in the way of such agreement. With their credit, they seek to enhance the purchasing power of thousands and millions which is owed to them all over the world, and which you owe to them. They draw upon the United States of America for their food supplies and raw materials—wheat, corn, oil, cotton, iron, lead and other like staples."

THE BEST

SPRING MEDICINE

is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated.

You get **THE BEST BLOOD** when your system is in A1 condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS LIVER REGULATOR—it is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.
