How rapidly corner stone records deteriorate if not safe-guarded was shown recently when a theatre in Washington was razed and the records, stored only forty-seven years, were mostly undecipherable.

Lest We Forget

Grief mellow with the passing years. The monument may become a shrine of tender memories.

What tribute to the departed is more fitting, more adequate, than a memorial in the finest and most enduring of monumental materials. Call or write for our booklets and let us assist you in the selection of an appropriate design.

KIBLER'S KORNER

No. 44. September 4, 1935 Vol. 7.
Lots of small boys around town are tickled pink because school is opening this week. (?)
There is a lot of sense in that old phrase: Getting your money's worth when you buy cheap coal. You seldom do.
Never mind, boys, there's only 178 more days of school—and then vacation.
Harry says: "The first requisite for a share the wealth program is a set of Burglar's Tools.
Eggs are a good bit like good resolutions. They crack easily.
Ever notice? Carry a bottle, a jug or a chicken along the street and everybody kids you.
"Another way to lose control of your car—forget to make one of the payments," Bill remarks.
Have you heard that crackling sound lately out on the edges of town? That's just the corn growing.
Why does a man always strike a match toward him, and a woman away from her? Can somebody tell us that?
We saw a sign in a small town once that read: "Stop nagging and arguing— Railroad Crossing Just Ahead."
Skeptics become Enthusiasts when they use Kibler's Clean Coal, delivered to your exacting demands. Just Phone 149.
Maybe we're old fashioned, but we still are not used to hearing women say: "Gosh, I need a hair cut."
