

It is Always Summer for a Buick Motor

The Buick motor is constant in power, in acceleration and smoothness because its carburetor automatic heat control functions equally well in summer or winter, under every motoring condition. All the heat required for the proper vaporization of present day low-grade fuels is supplied automatically as the throttle is opened and closed.

The carburetor automatic heat control is just one more of the exclusive features that make the Buick owner dissatisfied with anything but a Buick.

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

Those Little Things That Mean So Much

1866 CURTIS WOODWORK

"The Permanent Furniture for Your Home"

The quality of this ironing board and wall case is typical of every item of Curtis Woodwork. Home builders should see the whole line. Come in.

True comfort and convenience are not brought about only by the big things in life. The little unconsidered trifles often mean more than we realize. It is with this idea in mind that we offer our friends this specially built, folding ironing board that will prove a blessing to the housekeeper.

It is neat, compact, splendidly built and intensely practical. It costs so little that you will be surprised to learn it sells for only $12.75. It is always ready for instant use, yet is never in the way. It takes up no room, never gets dusty, can't be misplaced. The Board is made of white pine and it will not warp, crack or split. It is so strong that it will support several hundred pounds if necessary and it is absolutely steady—it just can't wabble. Adjustable in height. This is only one of the many conveniences we carry for home comfort. Come in and see it and the others, or write us about them.

An AEROLUX Haven of Comfort

A sizzling, blistering summer's day—pedestrians passing with wilted collars and torrid dispositions—the folks next door chasing the elusive, shady portion of their open porch—and you as cool as the proverbial cucumber behind your AEROLUX Shades.

Are you missing it! Is your porch too hot for rest—too public for comfort? AEROLUX will convert it into the coolest, airiest, most comfortable room in the home.

On such a porch mother can relax from the cares of a summer household. Baby is always ready for the refreshing daily nap—no need to coax, for the porch is airy and secluded. It's an ideal place for sister to entertain. And dad—it's his favorite location! He claims the most comfortable corner the very first day—and is secluded enough so that he can slip off his shoes without being arrested.

DONT WAIT FOR FOOT TROUBLE

TO PREVENT IT

RIGHT NOW—while your feet are yet good and healthy—why not wear shoes that will keep them well? We know the correct shoe for your foot and fit you carefully. Little Pains and Aches do not necessarily indicate weak arches, but are often warning, that unless your feet are properly fitted, future troubles will be the penalty.

Our prices are usually lower and our shoes wear longer.

We have a large selection of all makes and can fit all feet.
