Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

DO YOU WANT GOOD ROADS ?

Baltimore, Md., June 13, 1928.

Editor of Kent News.

Sir:

A law was passed at the last session of the Legislature of Maryland authorizing Kent County to borrow the sum of $100,000 "to be used and expended for the purpose of constructing and permanently improving the upblic roads and highways of Kent County and for no other purpose." The bonds to secure this loan can not be issued, however, unless a majority of the citizens of the County voting upon this question at the election to be held on the Tuesday after the first Monday of November, 1922, shall cast their ballots in favor of the loan and for the bond issue.

I have had conferences upon this subject with Mr. John N. Mackall, Chairman of the Good Roads Commission of Maryland, with Mr. Gault Applegarth, Kent County Engineer, and with many citizens of the county. After these conferences and an examination of the Act of Assembly above referred to, as well as the road laws of Kent County, it seems clear that the sum above mentioned should be borrowed by Kent County for the purpose of improving its road system. My own knowledge of the county roads, based upon extensive experience as the owner of land in Turner's Creek Lane in the Second District of Kent County has also assisted me in coming to the conclusion above stated.

The present physical condition of the State roads and the county roads in Kent County has been well described in a communication to the Baltimore Sun from Chestertown, under date of January 14, 1922, and in a clear and interesting special article appearing in the Baltimore Sun under date of April 3, 1922. The State roads are said to be equal to any in the country. They are in excellent condition and it is through this great system of State roads extending throughout Maryland that our State has become known throughout the land as it never could have been otherwise. The condition of the county roads in the various counties of the State is far from that of the State roads. We have in Kent County four hundred and ten miles of county roads. To keep these four hundred and ten miles scraped as well as possible, so as to fit them for travel and traffic during a greater part of the year there is only available the annual sum of $26,616.-76. This is totally inadequate to the pressing needs of many communities in the county containing thrifty villages and fertile land. These outlying districts, or "necks" as they are called, are for some months of the year almost wholly isolated. In the bad months farmers in these regions cannot get their products to market; children are kept from school; physicians cannot visit their patients; and all hpases of the social life of such communities are partly or wholly interrupted. The facts stated in these communities to the "Sun" are known to us all.

The plan of the County Engineer, which has been often stated publicly, is to construct a system of gravel roads sufficient for the travel in these outlying portions of the county which, in his opinion, and in the opinion of others competent to judge, will be sufficient for the travel and traffic in these neighborhoods. It has been estimated by the County Engineer that through the proper expenditure of the sum of $100,000 which it is contemplated to borrow, together with the annual sum of $12,134.14 which it is said can be spared from the annual county appropriations for roads and bridges, that such communities as Golts, Chesterville and Sassafras in the First District; Blacks, Turner's Creek, Morgnec and Lynch in the Second; Worton, Melitota and Newtown in the Third; East Neck Island, Crosby and Skinner's Neck section in the Fifth; Langford in the Sixth; and Pomona in the Seventh; would be connected up with the main highway system fo the State. In the Fourth District nearly all the communities would thus be connected up. The statement has been made many times without contradiction at the public meetings held in Kent County on this subject that such roads would be of a reasonably permanent nature.

It is impossible to calculate in money the advantages and benefits which would accrue to the entire county if these communities could be linked with the State roads in the manner suggested. The advantages are so apparent to all practical men in the county that an enthusiastic meeting was held in Chestertown on January 14, 1922, at which meeting what has been called the "Kent County plan" was unanimously ratified. An organization was then formed which should be kept alive as the nucelus of a campaign of education in favor of the proposition to bond the county for $100,000. An executive committee to put through the plan embodied in the resolutions passed at this meeting was appointed. The membership of the executive committee includes the following persons: Thomas Massey, First district; John H. Clendaniel, Second; B. F. Rash, Third; Wm. S. Collins, Fourth; James Stevens, Fifth; J. Page Gale, Sixth; Wm. C. Brown, Seventh. Mr. Charles L. Dodd, of Chestertown, was made secretary and Mr. P. A. M. Brooks was the chairman of the public meeting.

The outstanding fact which dominates the present road situation in Kent County is the increase in the use of automobiles by farmers. The dirt roads are things of the past for men who use these vehicles, which will churn up and destroy an old fashioned road and simply make it a series of ditches for mud and water in the winter season. All farmers, all merchants, indeed, all citizens of Kent County, know these facts to be true. The question now is whether they want to go back to the old situation of isolation, or whether they want to become parts of an active, living, modern community. If the latter is desired, it can only be accomplished by constructing permanent roads. Experts on the subject of roads consider that well constructed gravel roads in localities like the "necks" of Kent County are for such localities permanent in their nature as the stone roads are said to be permanent for the State highways. No material constructed by man is absolutely permanent. Permanency is only a relative term. The citizens of the county are eager to co-operate with such a

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since . . . I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too.
