MR. ALBERT W. SISK, of Caroline county, formally announced on Wednesday his candidacy for the Democratic nomination for the House of Representatives from this district. Mr. Sisk has come out on a wet platform. It is understood that Hon. T. Alan Goldsborough, of Denton, the present Congressman from this district, and A. M. Jackson, a lawyer of Salisbury, will also be candidates for the nomination.

HON. WILLIAM I. NORRIS, candidate for the Democratic United States Senatorial nomination, was in Chestertown on Friday afternoon looking over the political situation. Mr. Norris met quite a number of voters and made quite a favorable impression on his supporters in Chestertown. Mr. Norris stated that he will visit this county again in the near future.

CONTRARY to the expectations of many, the Democratic State Central Committee failed to agree on a Senatorial candidate at their meeting in the Rennert Hotel on Wednesday. Mr. William I. Norris and Mr. David J. Lewis, the two announced candidates, met many of the state and county politicians at the Rennert. Unless Mr. John Waletr Smith announces his candidacy, it is generally thought that the fight for the nomination will be between Mr. Norris and Mr. Lewis. Just how the politicians throughout the state will line up in this fight is not known at the present time. The primary contest for the nomination will be held on Sept. 11, when the voters will have an opportunity to vote for their candidate.

A NECESSITY FOR CHESTERTOWN

It is a well-known fact that milk has helped the farmers of this section more in a financial way than any other thing produced on the farm. With the failure of the present wheat crop our farmers are dependent more and more on the milk for a financial return.

A large condensing milk factory was established at Greensboro, Md., several years ago. This factory uses an immense quantity of milk and we have been told by one of the bankers at Greensboro that this condensed milk factory has done more for Caroline County than anything in recent years. Condensed and dried milk is being used extensively throughout the country and there is every reason to think that it will become more popular as time goes on. According to a recent dispatch, Centreville is to have one of these condensed milk plants and it will change the country around Centreville as far down as Kent Island into a dairy section. The business men of Centreville have been after such a plant for some time and it is almost a settled fact that a million dollar plant will be started at Centreville.

Kent County is naturally a good grass and dairy country and it is almost a necessity that the Chestertown Business Men and the farmers get together and try to get one of these condensed milk plants for Chestertown. At the present time much milk which is too garlic to be used at the local station can be condensed and the garlic obliterated. In fact quite a lot of milk has been sent from here to the Greensboro factory.

Such a plant will afford the farmers a ready market for a large quantity of milk at a price which will afford them a good profit and enable them to change this country from a purely wheat, corn and tomato section to a section in which dairy products hold an important place.

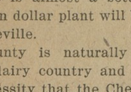

Such a plant will bring much ready money to the town and county and will afford employment for quite a force of people. If our people will get together and work for such a factory there is no reason why we can't get one. The natural features here are certainly as favorable to such an industry as in Greensboro and in Centreville and we know of nothing that would work more to the mutual advantage of our farmers and business men than a million dollar condensed milk plant at Chestertown. We suggest that the Chestertown Business Men's Association look into this matter and start a drive for such a factory here. We believe that they will have the hearty co-operation of farmers and farmers' organizations and granges throughout the county.

ORDER OF PUBLICATION

Margaret Garner,
vs.
Horace Garner.
In the Circuit Court for Kent County, Md.

In Equity, No. 2186

The object of the Bill filed in this case is to procure a Decree for divorce a vinculo matrimonii.

The Bill states:

1. That on July 2, 1917, Margaert Garner was married to her husband, Horace Garner, with whom she resided in Kent County, Md., until some time during the month of August, 1921.

2. That the said Horace Garner, on divers days and times since the said marriage, has committed the crime of adultery with one, Reba Jones, of Kent County, aforesaid, and with divers other women in said Kent County, whose names are to your Oratrix unknown.

3. That ever since their said marriage your Oratrix has behaved herself as a faithful, chaste and affectionate wife.

4. That your Oratrix has not lived or cohabited with the said Horace Garner since she has discovered his said adulteries.

5. That your Oratrix and the said Horace Garner have had no children born to them from said marriage.

6. That your Oratrix is a resident of Kent County, Maryland, where she has lived all her life.

It is thereupon, this 4th day of August, A. D., 1922, ordered by the Circuit Court for Kent County, in Equity, that the Plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent County once in each of four successive weeks before the 4th day of September next, giving notice to the said Defendant, Horace Garner, non resident, warning him to appear in this Court in person, or by solicitor, on or before the 18th day of September next, to show cause, if any he has, why a Decree ought not to be passed as prayed.

Reduce Your Production Costs

Farming, like every other business, must cut down the overhead.

It is not a question of being able to afford a Fordson; it is a question of being able to continue farming on the old too-costly basis.

The farmer's problem is not all a sales problem; it is also a production problem. He must cut down the cost of production.

The Fordson does more work at a lower cost and in less time than the old hand methods.

Let us give you the proof. Write, phone or call today.

A QUALITY SIX
JEWETT
A Thrifty Six Built by Paige

50 Horsepower $1065

A finely balanced six means much more than smoothness and flexibility. It means long life and economy—because vibration is reduced to a minimum and working parts are not subjected to brutal punishment.

Such is the immense advantage of all good sixes. But it has remained for Jewett to produce perfect six cylinder balance—combined with rare body comfort—and sell it for $1065 f. o. b. Detroit.

Understand that fact and you will understand why the Jewett is breaking sales records in every section of the nation. It is a true quality six at the price of a four.

One ride will tell the complete story. Then you will realize that there is no substitute for ample horsepower as it is developed in a spirited six cylinder motor.

Then, too, you will realize that the Jewett is a perfected UNIT with clutch, transmission, drive shaft and rear axle—all of them, harmonious factors designed for strength and unvarying efficiency.

In brief, the Jewett is precisely the kind of six that you would expect the Paige-Detroit Motor Car Company to make and endorse. There could be no stronger guarantee of enduring satisfaction.
