COUNTY AGENT'S NOTES

Items That Will Interest Our Readers On Many Agricultural Subjects

During these peculiar times, when grain farming here in Kent County returns but a small profit or a loss, I believe every farmer should make a specialty of some feature of his farming operations. Dairying, hogs, poultry, seed wheat and seed corn offer opportunities to specialize. To illustrate the effectiveness of this proposition, I wish to cite the following:

Mr. Josiah Massey, Chestertown, Md., received a small quantity of Mammoth Red Seed Wheat from the Maryland Experiment Station a few years ago. Mr. Massey makes a specialty of caring for his seed wheat and corn. This week Mr. Massey just finished selling his entire wheat crop of over 2000 bushels of Mammoth Red Wheat for seed purposes, wihch brought him about $1000 more than the market price of his wheat. Mr. Massey's seed wheat specialty paid him $1000 this year. What does yours pay?

Mr. T. W. Addington is making a specialty of Reid's Yellow Dent Seed Corn. He secured some very good and expensive seed from the Middle West for a starter. The other day I measured a small plot of corn in one corner of Mr. Addington's garden and measured the corn husked off the same plot. I found the yield to be at the rate of 97 bushels per acre.

Wilbur Morris, Jr., near Melitota, is raising one of the finest pure-bred Duroc gilts in Kent County this year. Drop in and ask Wilbur to show her to you.

As County Agent I secured from the Maryland Experiment Station one and a half bushels of Improved Currell's Prolific Seed Wheat for each of the following Kent County farmers: Wm. S. Collins, T. G. Wroth, P. A. M. Brooks, Geo. D. Lofland, Harry Nichols and Lewin Skirven. The same quantity of Improved Mammoth Red was secured for M. P. Edwards, R. D. Hoopes, Walter Walbert, Lewin Skirven, Wm. A Bell and Dr. H. P. Copeland. These will be demonstrations of improved seed wheat.

Metcalfe Bros. cleaned fifteen thousand bushels of seed wheat for Kent County farmers at their Kennedyville plant. This will material help toward improving wheat crops.

DEATHS

Herbert Rollison was accidentally killed at a sugar refinery in Baltimore Sept. 28, when a cable broke on a crane on which he was working and precipitated him to a concrete floor twenty-five feet below. He lived seven hours but failed to regain consciousness. He was 41 years old and leaves a wife and six months old son. Mr. Rollison was a son of Alexander Rollison who is 85 years old and lives at the National Soldiers Home at Newport News, Va. His mother was Miss Ellen Coleman and the family lived at Rock Hall many years. The funeral was held Oct. 2.

Mr. Robert Comly, a prominent retired farmer of the Second District, died at the home of his daughter, Mrs. J. Alfred Stauffer Wednesday, Oct. 11, 1922, after a long illness, aged 86 years. Mr. Comley came to Kent county from Pennsylvania in 1865 and has lived in the neighborhood of Locust Grove ever since. Possessing an amiable disposition and ever ready to do a kindly act, he made many friendships. He leaves the following children: Mrs. J. Alfred Stauffer, Samuel J. Comly and Rev. R. H. Comly. Funeral services today, Saturday, Oct. 14, at 11 a. m., at residence of his daughter. Interment in Still Pond cemetery. The bearers will be George Sutton, R. R. Hill, Robert Bramble, Harry Jarvis, Wm. W. Webb and J. Frisby Newcomb. C. L. Dodd, undertaker.

Word has reached us of the death of Mr. Ernest Cruikshans, of Columbus, Tenn. He was a garduate of W. C., where he always excelled in his classes and he has always taken a warm interest in the college and this community. He was financial secretary of the St. Mary's School, Raleigh, for a number of years and only recently took charge of the school at Columbus, Tenn.
