Legislature Adjourns.

The Maryland Legislature adjourned at midnight Monday after a session of 90 days. It was a body of men noted for their intelligence and independence.

As to State legislation there were some notable good measures enacted. It is above all things a cause for gratification to have a corrupt practice act...

The Legislature has done nothing else the corrupt practice act and the good roads law are of themselves worth the trouble and expense of a session of the Legislature...

An honest primary-election law for the whole State and a law by which candidates for the United States Senate might submit their claims to the voters...

The Baltimore papers are indignant at the passage of the aforementioned bills and but few readers stop to reason why...

EDISON PHONOGRAPHS

The greatest of all entertainments is the Edison Phonograph. If you should spend all your money in going to concerts and theatres and vaudeville shows, you could not buy as much music as you can buy with a small part of the same money invested in an Edison Phonograph and Edison Gold Mosaic Records.

This Phonograph is the work of Thomas Alva Edison, the great inventor. It reproduces music and other sounds more clearly and more perfectly than any mechanical device ever made.

You can reproduce the latest vaudeville hit, the popular songs that everyone is whistling, or the star part of a star opera singer, in your own home, to a circle of your own friends. The cost is less per week than the price of a cheap theatre ticket.

An Edison Phonograph is especially needed in homes away from the large cities. It is the ideal amusement for the farm.

Call and hear them free; sold on easy weekly or monthly payments.

AUTHENTIC TRIAL, 2.09. FOALED 1901. REGISTERED No. 35,381; RULE No. 1, TROTTING STANDARD

The attention of prospective breeders is respectfully invited to what I believe is the FULLEST INVESTIGATION of this horse's claims to SUPERIORITY, and can furnish incontrovertible evidence from which the prospective breeder may draw his own conclusions.

PICKNELL'S SIZE, 15 1/2 hands, and COLOR, bay, are IDEAL and his BREEDING IS THE HIGHEST OF FASHION. HIS CONFORMATION IS THE "EASY KEEPER" KIND. HE IS ABSOLUTELY LEVEL HEADED, and HE IS SOUND and WITHOUT A BLEMISH. HE WEARS NO HOBBLES NOR OTHER FALSE RIGGING; and when raced, wore only such boots as are commonly used for protection.

He made his first, regular stud season, last year at Newark, Del., and Mr. H. R. Tyson, in whose care he was, says that he would have had him in condition for the racing season, and a record well within the 2:10 list, but for the season I permitted him to make.

The oldest of Picknell's get is a two-year-old, bay filly, 15.1, no white, a blue ribbon winner, showing 2:30 speed as a yearling.

Rote's Jewelry Store, THE BEST PLACE TO BUY TALKING MACHINES.

The Edison Phonograph. Reproduction of the human voice is a scientific matter, not a purely mechanical process. In factories where thousands of machines are turned out every week, it is not always possible to secure the finest musical adjustment and even when carefully adjusted at the factory the instrument is seldom in perfect order after a shipment by rail. The superior tone-quality of Talking Machines purchased here is particularly noticeable in records of women's voices. This is due to two things—careful adjustment of motors and sound boxes after instruments are received. And expert selection of Records.

An Edison Talking Machine bought at ROTE'S JEWELRY STORE will delight the most critical. Come in and hear these wonderful entertainers. Prices range from \$12.50 to \$125.00. Our lease-purchase plan, with small monthly payments is simple and convenient. Call or write for catalogue and further particulars.
