Does Your Heart Beat

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Poisonous substances are then absorbed into the blood. Keep the bowels open with Ayer's Pills.

In the afternoon news was received that Mrs. Huntley's husband had been stricken ill and she had to leave. A telegram of sympathy was sent later.

Rev. Mr. Janney, of Crumpton, who had served as missionary in India for ten years, spoke of his experience in that field to the delight of his hearers and showing six small idols taken from those heathen people. He also sang a Hindu song.
