### TOUR TO YELLOWSTONE PARK AND THE CANADIAN ROCKIES.

In northwestern Wyoming in the heart of the Rocky Mountains, lies one of nature's richest treasures—the Yellowstone National Park. Set apart by Act of Congress for the enjoyment of mankind, it is America's greatest show ground. To visit this Park is to see nature in a variety of majestic moods. Mammoth hot springs, with multicolored terraces, cliffs of glass, beautiful lakes, mighty falls, glorious canyons, and geysers of all descriptions, are found in this wonderful region.

On August 24 a personally-conducted tour through the Yellowstone Park to Portland and Seattle, returning through the magnificent Canadian Rocky Mountains, will leave the East by special train over the Pennsylvania Railroad. Five and one-half days will be spent in the Park, one day in Portland, one day in Vancouver, one day at Field, B. C., one day at Laggan, Alta., one day at Banff, and stops will be made at many other points of interest. The tour will cover a period of twenty-two days.

As an educational trip for either teacher or scholar, this tour is especially attractive, as it covers a section of America rich in scenery and replete with the marvelous manifestations of nature.

The rates, which will cover all necessary expenses, will be \$246 from New York, \$243.20 from Philadelphia, \$241.20 from Washington and Baltimore, \$230.80 from Pittsburg, and proportionate from other points.

Preliminary leaflets may be obtained of Agents, and detailed itineraries will be ready for distribution shortly. ### ROCK HALL ITEMS.

The weather on Sunday succeeded in administering more knockouts among our people than any other day of the heated spell.

Sickness and other ailments among us is on the increase. George Davis, Sr. and Jr. have been on the sick list. There is considerable sickness among small children. The infant child of Mr. and Mrs. Earle Hogans died on Sunday.

Norris Colver, while operating a gasoline engine in his father's boat on Sunday afternoon, had the misfortune to have both bones of the right wrist broken by the crank of the drive wheel. Dr. Selby rendered surgical attention and the young man is getting along alright, but as the bones were broken short it will be a long while before he is able to use his arm.

Our community seems to be infested by undesirable comers, residents are annoyed by their prowling. There are several youths, summer boarders here, who are exceedingly undesirable. They prowl the shores with cat rifles and use watermelon as targets. Mr. Jack Boyer while at work on the shore was surprised by a number of bullets dropping at his feet, and upon looking about for the source of shots coming from the boys, and picking up an ear he carelessly unaimed and without the attention of surrounding himself and the shore line with the purpose of catching them or driving them far as could be seen, from Grey's sented the scheme and "skiddled." If these undesirable keep up their means they are far as could be seen, from Grey's sented the scheme and "skiddled."

Our purse net fishermen have all laid up their rigs save one crew. Inasmuch as the fishermen are under the impression that there is something "rotten in Denmark" that crew is continuing for the purpose of bringing about a test case before the court.

Mr. and Mrs. E. H. Apsley are spending their annual visit at the home of the former's parents, Capt. and Mrs. J. E. Apsley.

The Ladies Mite Society and their families enjoyed their annual picnic on Thursday on the lawn of Mr. William T. George. It was a large assembly of happy greetings and splendid features throughout.

A terrific electrical storm passed over this section on Tuesday afternoon and played havoc with fruit and trees. Mr. John Brice's peach orchard was blown to pieces as far as could be seen, from Grey's sented the scheme and "skiddled."

Mr. Neal Wilson's orchard suffered almost as bad. Mr. Charley Kerr was caught just in side Swan Point bar, but managed to send in K. before the blast. Mr. John Elburn on his way from the basket factory was seized with one of the spells of often suffers and was thrown from his wheel in the road near the home of Deatur Kelley just as the storm broke loose.

Several ladies assisted him into their home until the storm passed. Mr. E. having in the meantime recovered, proceeded to his home in a very unbecoming way. Lightning struck a tree in the yard of Mr. Boulter and skinned it as clean as a vessel's mast. No one in the house was seriously affected. Several very large trees in the lawn of Mr. George Whaland's home were blown down.

It is reported that the mail wagon of rural carrier George Downey was blown over four times and his horse balked 13 times from Page Strong's to Rock Hall.

Prof. Melvin has been notified by the State Board of Education that the two public schools of Chestertown and Rock Hall have been raised to the grade of High Schools. This is not only a compliment to these schools as showing the good work done by each, but it establishes a new course of study in each of them to be known as the Commercial course and give a proportion of State funds for this purpose. Miss Nellie Walters has been selected for the additional teacher to have charge of this course in the Chestertown School which fact will be very gratifying to all patrons of our school, standing as she does in the front rank of her profession as a teacher, and a lady of exceptionally high character. Rock Hall will also find a splendid teacher for the new course there in Miss Pearl Griffin.

The Evening News has the following interesting item concerning the Democratic National Convention: Mrs. Mamie Clother, originally of Chestertown, Md., now in Denver, who visited the Maryland headquarters on Tuesday, told the story which J. Ham Lewis told at the big meeting of the Woman's Council Monday afternoon. It was that she told the Northern woman who went South and out of her abolition sympathies invited her negro cook to eat dinner with her.

"I suppose your old mistress wouldn't do such a thing as this, would she?" said the Northern woman.

"Dear me, wouldn't," said the darky woman. "She's a lady and wouldn't eat with a nigger."

"The point of this was," said Mrs. Clother, "that Alice Roosevelt sat right in front of Mr. Lewis."

"Everyone else roared, but she frowned."

J. Hamilton Lewis' whiskers blushed a deeper pink when he was asked this morning why he told that story in the presence of Alice Longworth.

"Really," he affirmed, "the Booker Washington incident wholly escaped my memory for the time being. Surely I meant no offense, but as for the story itself, why I am sure Isidor Rayner and many other friends in Maryland will appreciate it."
