Perseverance

A steady accumulation of small savings deposited as they are saved in a safe and sound institution like this, where they will draw interest, will in a few years amount to a total of surprising magnitude.

At first the amount may seem small, and determined perseverance may be necessary to overcome discouragement; but after a year or two the accumulations will begin to be a stimulus to further saving, and you will find that with an increasing principal comes an increased interest.

Lightning struck Miller's barn at Gratiot on Friday afternoon of last week tearing a considerable hole in the end and then penetrating to the ground floor where it shivered the shaft of a sleigh.

The boards of Tolchester held their annual watermelon treat at the "oaks" Saturday night. The place was brilliantly illuminated with lanterns and looked fine. Col. McClary superintended the affair.

KILLED FROM EATING TOADSTOOLS.

Harry Jarrell and Mrs. Oscar Jarrell Son and Daughter-in-Law Of Joshua R. Jarrell Die In New York—Oscar Jarrell Ill.

This community was greatly shocked on Thursday when information reached here of the sudden death of Mr. Harry Jarrell and Mrs. Oscar Jarrell, son and daughter-in-law of Mr. Joshua R. Jarrell, of Kennedyville, and of the illness of Mr. Oscar Jarrell. It seems that these folks had a cottage at Point Breeze, near Rochester, N. Y., and on Wednesday evening ate heartily of toadstools thinking they were mushrooms. During the night all three of them were taken sick and two died early Thursday morning. Oscar was reported as having passed the crisis and would recover.

Mr. Harry Jarrell was about 36 years of age and held a good position as shipping clerk in a large wholesale house in Rochester, N. Y. His body will be sent to Kent for interment and the funeral will take place Sunday morning from his parents' home.

Mrs. Oscar Jarrell was Miss Lillian Schaub, of Rochester, N. Y., and has been married about three years. She was a lady of fine character. The mother of Mrs. Oscar Jarrell is also critically ill. Mr. and Mrs. J. R. Jarrell live near Kennedyville and have the sympathy of a wide circle of friends.

MR. S. R. HURLOCK PARALYZED!

Mr. S. R. Hurlock was stricken with paralysis while out in the field at his home "Wilburton," near Chester bridge Tuesday afternoon. His whole left side was afflicted and when he reached him he had fallen on his injured arm and was speechless. He was carried to the house and Dr. Simmons quickly summoned. His condition at this writing is still very serious.

Mr. Hurlock broke his left arm in a corn shredder about a year ago, since which time he has suffered much pain and this second calamity evokes the sympathy of the whole community.

P. O. S. of A. Convention.

The thirteenth annual convention of the State Camp of Maryland, Patriotic Order Sons of America, adjourned at Hancock, Md., Wednesday.

National President William E. Valliant of Laurel, Del., installed the following State officers:

Past State President, Rev. Andrew B. Wood; President, Dr. Harry G. Connor; Vice-President, W. F. Williams, Jr.; Master of Forms, J. McC. Rochester; Secretary, Prof. W. J. Heaps; Assistant Secretary, W. J. Carter; Treasurer, Dr. A. E. Candler; Chaplain, W. Mett; Conductor, W. J. B. Lofland; Inspector, J. Wesley Yingland; Guard, Charles H. Williams; Trustees, H. L. Fessler, J. W. Boyer and Winfield Abbott.

The convention adopted State President Wood's recommendation that a committee of nine be appointed to consider the question of death benefits and report to the next convention, which will meet in Chestertown, the most advisable means of improving the present system.

The convention heartily indorsed the movement started last summer by the State Camp of Virginia to purchase Stratford, the ancestral home of the Lee family, to preserve it as a place of historic interest, as the State Camp of Pennsylvania was successful in having Washington's headquarters at Valley Forge preserved. The State president appointed a committee of five to receive contributions to the fund W. M. Jett being chairman.

CORN AT 91 CENTS

Highest Price Reached on Change For Many Years.

The price of corn on the floor of the Baltimore Chamber of Commerce Wednesday reached 91 cents—the highest reached since the country recovered from Civil War prices. The high price is due to a tremendous shortening of the visible supply by damage. The entire undamaged supply is only a little over one-fourth of the supply at this time last year. No corn at all is available at this time for export, as more than can be obtained is needed for local consumption. The total stock in Baltimore elevators Wednesday was only 37,187 bushels.

The supply of corn is short all over the country, and the demand will not be satisfied until the marketing of the new crop. This will be a bumper, however, amounting to 2,700,000 bushels. It is not expected by grain men, though, that the price will come down to below 70 cents, even when the new crop is on the market, for the first part harvested will be gobbled up at practically the high price now prevailing, and so much will be needed for immediate use that the largeness of the crop will not have its usual result.

Bedworth Jr., made a good race at Rose Hill track last Friday going a mile in 2:25. Mr. W. C. Smyth's colt also showed up well. Rain interfered with the program.
