Isn't It Awful?

You surely know by this time that a cream separator may even double your dairy profits, and make the work easier, too. Why then not have one? Just take one good look at these pictures—and then a good look at your wife. The upper picture shows the simple bowl of the Dairy Tubular Separator—washed clean in one to three minutes. The other picture shows the actual insides of one of the many styles of complicated bowls used in all other separators. Which are you going to ask your wife to wash? We'll be pleased to take a Tubular apart for you. Bring your wife to see it.

REPUBLICANS AND MONEY.

Collier's Weekly has a significant editorial in its issue of August 23, entitled, "The Republicans and Money." It is given herewith:

"The election and subsequent death of Mr. Taft would mean the occupancy of the White House by an official fat-fryer who has during several years past approached, with deferential hat in hand, the president or treasurer of most of the large corporations in the country. It was in the course of this official function that Sherman was profanely turned down by Mr. Harriman, with bitter denunciation of the Republican party and party, that the party and the head of it had not been grateful for the \$250,000 which Mr. Harriman collected and gave Mr. Harriman collected and gave in 1904. Penrose, as one of the executive committee of the Republican campaign, is in error of taste and judgment but not a great deal worse. With T. Coleman Du Pont of Delaware, however, the case differs. Among the combinations now being prosecuted by the Federal Government is that aggregation of companies known as the Powder Trust. Mr. Du Pont is president of the fifty million dollar Du Pont Powder Company, a majority of the ten million dollar International Powder Company, director of the International Smokeless Powder Company, and vice-president of the holding company, the Delaware Securities Company, and one of the president of the ten million dollar and Rand Powder Company. Suppose that Mr. Taft, being successful, should be approached by Mr. Du Pont thus: 'I am one of the ten men, including you over the plate. I don't want to remind you continually of the obligation; there is one small piece of patronage I should like, and I shall speak to you about patronage again during your administration. There is a deserving young friend of mine whom I should like to have appointed to the position lately held by Mr. Purdy, in charge of that bureau of the Department of Justice which is seeking to break up my company, deprive me of some of my property, and declare me a violator of the law.' Something analogous would have been the presence of Harry Thaw two years ago on a committee of ten to collect funds and promote the election of Jerome as district attorney. A minority plank, calling for a statute providing for publicity of campaign expenditures, was thrown out of the committee on resolutions. There is a vote of 10 to 1, and was rejected on the floor of the convention by a vote of 88 to 94—Nebraska and Idaho and parts of Wisconsin and Indiana favoring it. The amount of Bourbonism still left in the Republican party is far too large."

"The People do rule," says Sherman, the candidate of the trusts for Vice-President. The truth is that a bill introduced for the protection of the rights of the people cannot even be voted on in the house where Cannon and Sherman rule the roost.

It is bad enough that under the dictation of the speaker and his Committee on Rules, labor bills are strangled and not permitted to come to a vote. But, worse than that, it is possible, the fact that the Speaker picks committees so that bills that he does not like cannot even get a hearing, but are strangled in committees by direction of the Speaker. The people are up in arms all over the country, and Anti-Cannonism is growing in popularity.

NO MORE DRUGS

Sufferers from constipation and indigestion need not use drugs. Thousands have been relieved of stomach and bowels troubles by eating Heinz Health Biscuits. These biscuits are composed of oats, wheat, barley and rye, ground into meal, leaving all nutritive elements for building up of muscle, bone, teeth and nerves and at the same time possessing laxative qualities. They regulate the stomach and bowels in a natural way.

One lady says: "Enclosed find \$1.20 for which send me at your earliest convenience 12 packages of Heinz Health Biscuits. I sent you an order for a dozen packages some time ago and have been much benefited by their use."

STOP drugs and use instead a food that is PURE, NOURISHING and PALATABLE. It costs a package at your grocery. If he does not keep them, have him order them for you.
