Just take one good look at these pictures—and then a good look at your wife. The upper picture shows the simple bowl of the Dairy Tubular Separator—washed clean in one to three minutes. The other picture shows the actual insides of one of the many styles of complicated bowls used in all other separators. Which are you going to ask your wife to wash? We'll be pleased to take a Tubular apart for you. Bring your wife to see it.

### THE WHITENESS OF THE POT AND THE BLACKNESS OF THE KETTLES.

From Theodore Roosevelt's letter of Oct. 4, 1904, to Edward H. Harriman.

Now, my dear sir, you and I are practical men, and you are on the ground and know the conditions better than I. If you think there is any danger of your visit to me causing trouble or if you think there is any special reason why I should be about or no matter in which I could give you aid, why, of course, give up the visit for the time being, and then a few weeks hence before I write my message, I shall get you to come down to discuss certain government matters not connected with the campaign.

From Edward H. Harriman's confidential statement to Sidney Webster. About a week before the election in the autumn of 1904, when it looked certain that the state ticket would go Democratic and was doubtful as to Roosevelt himself, he, the president, sent me a request to go to Washington to confer upon the political conditions in New York state. I complied, and he told me he understood the campaign would not be successfully carried on without sufficient money and asked if I could help them in raising the necessary funds as the national committee, under control of Chairman Cortelyou, had utterly failed of obtaining them.

With full belief that he, the president, would keep his agreement, I came back to New York, sent for Treasurer Bliss, who told me that I was not to do any more than they had exhausted every other resource. In his presence I called up an intimate friend of Senator Depew, told him that it was necessary in order to carry New York state that \$200,000 should be raised at once, and if he would help I would submit the matter to the New York state committee.

Charles G. Dawes was comptroller of the currency under McKinley Favored Insurance of Bank Deposits. Since 1902 he has been president of the Currency Trust company at Chicago. Writing in The Public, Louis F. Post calls attention to the fact that several years ago Mr. Dawes wrote a book entitled "The Banking System of the United States." The following is taken from Mr. Post's article: In describing in that book the "present need of our national banking system," Mr. Dawes distinctly argues for the insurance idea that Bryan advocated in congress and upon which his campaign is now advancing in the west.

New York Evening Post.—It has been shown that the Democratic committee got not a cent and that Mr. Roosevelt gave currency to a false charge. He admitted that Harriman raised \$240,000 for the Republican campaign fund in 1904. Then they were both "practical men" and were working together.

They are "all" for Taft. Who? Every trust magnate in America. "The ox knoweth his owner and the ass his master's crib."
