BETTERTON NEWS.

The fishing industry which began in February with good prospects has been somewhat hampered by the cold and windy March weather. It looks as though the shad season will open up earlier this year than usual, quite a number of shad have already been caught and there seems to be an unusual number of small shad in the Bay.

Although our residents suffered quite a loss in getting no good ice this season it is hoped that Betterton may soon see the installment of an ice and electric plant. Electric lights would be a great safeguard from fire for the cottages and hotels of the place and an ice plant would be a welcome convenience for every home in the place as well as hotels and cottages. We hope to see a stock company organized or some capitalist take the matter up.

We regret to note the accident which befell Mr. Earle Crew at St. John's College, he having had his second finger broken while at practice behind the bat.

The deceased before marriage was a Miss Warwick, sister to ex-Mayor Warwick, of Philadelphia. Major Eben F. Perkins died just seven years ago on Wednesday. Mrs. Perkins was a home-lover and it was in the home where she portrayed those lovely qualities which attracted so many friends to her. She was a good woman, a kind and affectionate mother and devoted helpmeet. She loved her church and could not do too much for the interests brought to her attention. He was born in Baltimore being the son of John and Elizabeth Dickenson. When quite a young man he removed to Rock Hall where he remained for many years and occupied a high place in the affairs of that district. He was a Democrat, was elected and faithfully served as County Commissioner from the Fifth district, and soon after retiring from office went to his farm in Queen Anne's. The bearers were John and James McKee, of Washington, D. C.; Thos. and Chas. Quigley, of Locust Grove; Josiah Massey and Remy Zeisel. Interment was in Chester cemetery.
