A Chest that Came in the Mayflower

Is sure to attract the attention of every New England woman and with pride in her heart she marvels that it is so strong

and well preserved. This is due to the fact that it has received prompt attention when any signs of weakening were shown.

So the woman of to-day may keep her strength and preserve her good looks if she gives immediate attention to the first symptoms of any womanly weakness.

Dr. Pierce's Favorite Prescription promptly cures disease and restores strength to all women who are weakened by any womanly disease and are run down by maternal and household cares.

$500 REWARD! FOR WOMEN WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay $500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, Buffalo, N. Y.

Miss Stella Johnson, of 28 Brady St., Dayton, Ohio, writes: "I was troubled with severe pains every month when I wrote to you for advice. After following your directions, I am happy to say that after five years of untold suffering I have not had any pains since first using your 'Favorite Prescription.' I thank God and Dr. R. V. Pierce for the health I now enjoy. I shall urge other women who suffer as I did to use your medicine."

Take Dr. Pierce's Pleasant Pellets instead of any other laxative.

THE EASTERN SHORE.

Warmly Commended by that Great Paper, "Practical Farmer."

Below is what Prof. W. F. Massey, editor of The Pratical Farmer, published in Philadelphia, says about the Eastern Shore (Feb. 13):

"A magazine writer who had been exploring the Eastern Shore of Maryland, some years ago, closed his account as follows: 'Farewell, Canaan of modern times, land flowing with milk and honey towards whose verdant shores the feet of her wandering sons are always turned backwards.' And on visiting the Peninsula, after an absence of many years, we feel like echoing the remarks, for those whose attachments are on the Eastern Shore always dream that some day they will end their days in peace and plenty on a farm on the Shore.' We told an audience there that the Almighty had made it so easy for the Eastern Shore farmers to make a living that they had never seen the need for the hustle that farmers in less favored sections are obliged to make. With smooth, level and fertile soil, navigable waters at their door and a railroad between every river- and with the best markets of the country right at their doors, it would seem that if farmers in less favored places could make a living, the Eastern Shore farmers ought to get rich. But it is difficulties that always force men to effort. Men seldom work harder than they are obliged to, and on the Peninsula, with the luxuries of the salt water all around them, life has become a pleasant dream. Scotland, with her poor soil and miserable climate, developed the greatest race of gardners in the world, because they had to be good gardners to get a living there, and but for these facts the Scotch gardners would never have worked. Without these difficulties men take life easy and do not get to realize the wonderful possibilities of their soil and climate. But the day is not far distant when the Eastern Shore will be discovered and will become as nature has intended her to become, the garden for Boston, Philadelphia, New York and the nearby Western cities."

HICK'S FORECAST FOR MARCH.

The first storm period is central on the 1st, 2nd and 3rd. The disturbing causes bearing on this period are the vernal equinox of Earth, the reactionary Vulcan influence and the Moon in perigee, at her full and on the celestial equator. The full Moon in perigee and on the equator at this season is always sufficient admonition to watch storm indications on land and sea. There are two such occasions during the present month. We believe that the closing week of March will be a time of more general and violent disturbance, but every one should be on his guard from the 1st to 4th. A sharp cold wave for the season is almost sure to follow storms at this time. From the 5th to the 8th much unsettled and bleak weather may be expected, growing warm as the period advances, followed by cloudiness, rain and snow. This weather will be just the kind as calls for the more thoughtful consideration for one's self and for his helpless, dependent beasts. On and about March 11th the Earth's equator is presented towards the north pole of the Sun, on account of which fact there is a regular, annual perturbation attended by an excess of electrical and magnetic phenomena in the Earth and atmosphere. Seismic shocks, auroral illuminations and volcanic activity will result at this time.

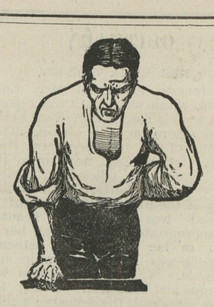

From 13th to 16th look for higher barometer and cold, blustering gales. The new Moon fulls on the 16th, passing over the celestial equator on the 17th, hence marked change to warmer weather, will begin about these days, followed quickly by wide-reaching and violent storms of rain, wind and thunder. When the Moon passes an eclipse node as it does on March 16th, phenomena out of the ordinary follow, as a rule, within 40 to 60 hours of the moment of the Moon's conjunction with Earth and Sun—such as tidal waves and earthquakes. This is another time for dangerous sleet storms, almost continuous cloudy, sleety weather will extend from the 23rd to the 24th.

The last storm period of the month is central on the 29th, beginning on the 27th and running into April. During the 29th, 30th and 31st there will be days of tropical storms, tidal waves and hurricanes on the gulf and other seas and coasts. A March cold wave will follow—severe for the season.

We predict that the last half of March will be more stormy than the first and people should govern their affairs accordingly.

Doan's Kidney Pills

Cure every kidney ill from Common backache to diabetes.

Mr. A. L. Barnes, of 413 North Main avenue, engineer at the Scranton Electric Lighting Station, Scranton, Pa., says: "I injured my back by a fall, and it affected my kidneys. There was severe pain in the loins, accompanied with irregularity of the secretions. They were highly colored and contained sediment. I got Doan's Kidney Pills at Matthews Bros.' drug store, and they entirely relieved the pain and regulated the secretions. I believe Doan's Kidney Pills are fully up to representation, and I will reply to any one questioning this statement and enclosing stamps, corroborating it in every detail."

at the walls of the homes you enter You will see the characters of the inmates mirrorred thereon. On some walls you will find an ordinary, inoffensive sort of paper, that means thoughtfulness.
