SATURDAY, APRIL 9, 1904.

FOR PRESIDENT:

HON. ARTHUR P. GORMAN,

OF MARYLAND.

THE HAMAN OYSTER BILL, in such an emasculated form as to be almost a stranger to its father, passed both Houses of the Legislature on Monday. What is left of it will likely become a law.

THE REPUBLICAN CONVENTION for the First Congressional District, to nominate a candidate for Congress will be held in Salisbury May 5. Mr. Wilbur Eliason, chairman of the State Central Committee from Kent, was present at the meeting of the Republican State Central Committee in Baltimore on Wednesday.

THE STATE TAX RATE for next year will be 22½ cents and for the year 1906 it will be 23¼ cents. The increase in the rate is due to the large appropriation made to Baltimore city owing to the great fire, and also to the passage of the educational bill, which calls for an increase of 4½ cents, in order to improve the school system of the State and to increase the salaries of teachers.

NOW THAT THE LEGISLATURE has closed, interest will naturally center in the approaching congressional and national election. The re-nomination of President Roosevelt by the Republicans seems to be assured. The Democratic party, however, is "up a tree" with regard to a candidate. Congressman William R. Hearst is getting control of just enough delegates to the National Convention to cause trouble among the more conservative element of the party, while Judge Parker, of New York, is being boomed lustily as a candidate upon whom all elements of the party could unite. Senator Gorman, Judge Gray, Richard Olney and Ex-President Cleveland are quietly sawing wood, and this is the class among which the lightening sometimes strikes. So far as Maryland is concerned we believe that Senator Gorman will have control of the delegation to the national convention which meets in St. Louis in July. So far as a congressional candidate from the First District is concerned, no names have as yet been mentioned, though the woods is full of available material.

A RUMOR has reached our office to the effect that a report is in circulation in the First District that a *red hot* letter in answer to Senator Foxwell's letter of a recent issue has been received by us and that we have refused to publish it. We wish to say that no such letter has been received at this office, nor have we refused to publish any legitimate communication with which the principal parties have been connected. We received a communication from a gentleman in the First District some days ago in reference to the matter. It was returned to the writer for identification and he returned it to our office with the statement that he was very sorry he had written the letter and hoped that we would not publish it. The *People's Column* of the TRANSCRIPT is always open to a legitimate discussion of all matters pertaining to the people's interest, and whether the views expressed through this column meet with the approval of the editors or not, we believe the people have a right to express their opinions on all public questions through the press. We receive censure for this position sometimes because there is a certain class who believes that the voice of the people should be throttled when questions of politics and government are concerned, and never sanction anything unless it be for their own personal or financial good. But we care more for the welfare of the people than we do for such reproach, hence we shall look out for the people's interests all the time. Rumors, like the luscious ripe fruit that hangs high on the tree, sometimes hang on just long enough to fall to the ground and burst all to thunder.

THE GENERAL ASSEMBLY.

List of Important Local Laws Enacted at the Recent Session.

The following important local laws were enacted for Kent county at the session of the Legislature just closed:

To amend law regulating institutions of suits before justices of the peace in Kent county.

To amend charter of Galena.

Providing for annual audit of finances of Kent county.

To amend the charter of Chestertown Savings Bank (amended).

Amending the charter of the Bank of Chestertown.

Amending charter of Chestertown.

To amend law relating to Kent county justices of the peace.

The bill relating to stake and purs net fishing was killed.

KENT'S FISHING BILL DEFEATED

Senator Foxwell's fishing bill, which came to the House from the Senate on Monday, was referred to the committee on Chesapeake bay and its tributaries, who made a report without recommendation. A motion to pass the bill to its second reading was lost, and Mr. Roth's motion to lay the report on the table prevailed. A motion was made to reconsider and Mr. Roth moved to lay that motion on the table, and it prevailed against the plea of Mr. Bosse for fair treatment to Senator Foxwell. The bill related to pound-net fishing.—Baltimore *Herald*.

The bill was afterwards passed to its second and third reading, and it is claimed by a number of persons present to have received a majority vote, but was declared by Speaker Everhart to have been defeated. Senator Foxwell passed the bill in the Senate and used every effort to get it through the House, but failed in this. The failure of this bill to pass the House is no fault of Senator Foxwell's.

CLOSE OF THE LEGISLATURE.

The General Assembly of Maryland closed its eventful session of 1904 on Monday at midnight, according to the Senate clock. In many respects this has been one of the most unique sessions of the Legislature held in years. It is not our purpose to criticise the actions of the Assemblymen. Some people were pleased, others the reverse. It depends very largely as to whose ox was gored whether the action of the Senators and delegates were pleasing or impolitic. One thing is certain, however, it is utterly impossible to please everybody, and hence we may expect to hear criticism galore, and predictions of the party's defeat two years hence will be many and varied. But there have been other legislatures and other elections, and yet the assembly still meets in the same old place, transacts business in pretty much the same old way and the Democratic party is still on top. Some things were done that might very well have been left undone, and others were left undone that should have been done. In most respects, however, we believe the Democratic party has fulfilled its pledges to the people. It has provided for the improvement of the public highways of the State, it has provided amply for the improvement of the public school system of the State, it has contributed most liberally to the charitable and educational interests of the State, it has protected the interests of the city of Baltimore in its extremity, it has protected the interests of the oystermen in the tidewater counties and in a measure pleased the friends of the Haman Oyster bill, it has passed an election law and it has enacted much valuable local legislation for the respective counties. It has also fulfilled its pledge to the people of the State by passing an amendment providing for the disfranchisement of the negro voter. The one unfortenate procedure is that Gov. Warfield has refused to sign this amendment. We believe that the amendment should be signed, and submitted to the people for their approval. The amendment is a distinct party measure and it is the province of the people to approve or disapprove. It is to be hoped, therefore, that the matter will be satisfactorily adjusted before it is too late, and an amicable settlement reached. We believe the Legislature of 1904 has performed its duty to the people.

THE EDUCATIONAL BILL.

Abstract of the Measure Which Has Become a Law.

The following are the chief provisions of the educational bill which is one of the important measures passed by the recent Legislature and which has become a law:

County school boards are given authority to consolidate schools when practicable and to pay transportation charges.

An increase over the present appropriation for Frostburg Normal School and the normal department of Washington College is made with a view of increasing normal scholarships.

All normal schools or normal departments receiving state aid are placed under the supervision of the state board of education.

Teachers cannot be dismissed from service without cause.

MINIMUM SALARY OF $300.

No white teacher with an average attendance of fifteen pupils shall receive an annual salary of less than $300.

The bill provides for a school year of not less than nine months. By common consent Garrett county will be made an exception, with a school year of seven and one-half months.

The bill provides an increase of four and one-half cents in the state school tax. With this increase in the State appropriations for schools the total school tax will amount to about one million dollars, where it is now three-fourths of a million.

The state board of education is to be composed of six persons, named for six years each, two going in each alternate two years.

The board has authority to grant life certificates to teachers of the first and second grades.

The teachers' pension fund is to be $25,000. The visits of school superintendents to the schools are regulated.

Graduates from recognized high schools may be admitted to the third class of the normal school for a professional course.

The state superintendent of education is given charge of county teachers' institutes.

THOSE WHO PREPARED THE BILL.

Those who prepared the bill were M. Bates Stephens, state superintendent; Clayton Purnell, Frostburg; John D. Worthington, Belair; Dr. E. B. Prettyman, Baltimore; Messrs. John G. Rogers, Ellicott City; W. H. Dashiell, Princess Anne; A. C. Willison, Cumberland; F. Eugene Wathen, Annapolis; Frank W. Mish, Hagerstown; Charles T. Wright, Belair, and Dr. S. Simpson, Westminster.

PEOPLE'S COLUMN.

Lambson's Station, Md., April 7, 1904.

TO THE EDITORS OF THE TRANSCRIPT.

Gentlemen:—Can you please inform a taxpayer who the piles of lumber at Lambson's Station belong to? Who bought this lumber and how many feet? I have heard it said that this lumber is for Kent county. If this is so it certainly should be put up in good condition, with strips between the boards, and everything put in proper shape. Can you give me an estimate how long it will probably take to use this lumber up? Is it true that it amounts to 10,000 feet?

Yours very respectfully,
TAX-PAYER.

[It is impossible for us to give to Tax-payer the information he desires. We know nothing about the lumber nor about estimating on how long it would take to use up the pile of lumber. We are accustomed to estimating on printing, but not on lumber.—EDITORS.]

New Advertisements.

Likes, Berwanger & Co., whose large advertisement appears in this issue, calls the attention of their large trade in Kent to the fact that their buildings at 10 and 12 East Baltimore street, were swept away by the great fire. They are however, located in temporary quarters at 319 W. Lexington St., and are carrying the same high standard of clothing, tailoring and furnishing as in the past. They have plans in contemplation for the erection of a magnificent new structure on the old sight and it will not be long ere they will be more strongly entrenched than ever. Mr. S. C. Rochester will look after the interests of his Kent county friends.

Wilson Election Bill.

The Wilson Election bill to do away with the party denomination on the ballot, which has passed both Houses of the Legislature will be operative in eleven counties as follows: Calvert, Charles, Frederick, Garrett, Kent, Prince George's Queen Anne's, St. Mary's, Somerset, Talbot and Worcester. In Baltimore city and 12 counties the law will not be operative.

Sciatic Rheumatism Cured.

"I have been subject to sciatic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by M A. Toulson, Druggist Chestertown, Md
