"I lost courage and thought I would never regain my health."
"Three years of delicate health trying doctors' prescriptions and patent medicines" without benefit might well sap the courage of any woman. And yet Mrs. Bryant proved that the question of the cure of womanly disease is only a question of using the right remedy. A few doses of 'Favorite Prescription' restored her courage and revived her hope, because she could see "a decided change from the first." Three

months' use of the medicine restored her to perfect health.
Dr. Pierce's Favorite Prescription cures irregularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.
Mrs. Sarah Bryant, President of Memphis Social Science Club, residing at 271 Atkinson Ave., Memphis, Tenn., writes: "I suffered with delicate health for three years, trying doctors' prescriptions and patent medicines until I lost courage and thought I would never regain my health; but a few doses of your 'Favorite Prescription' made me change my mind. Could see a decided change from the first, so I kept on taking it for three months faithfully and am now in perfect health."
Dr. Pierce's Medical Adviser, in paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE OUTLOOK.

Present indications point to early activity among the farmers and mechanics, notwithstanding the long severe winter through which we have just passed. Already there are signs of restlessness on the farm and in the shop—tokens of renewed confidence in the reward of honest toil. At the beginning of Spring, farmers, mechanics and housewives will need new implements and new appliances in the prosecution of their work. Farmers will need the

OLIVER, ROWLAND or LYNCHBURG PLOW,
from J. K. Aldridge & Co.
They will also need Rope Traces, Plow Lines, Hames, Grub Hoes, Garden Rakes, Back Bands, Chain Traces, Shovels, Forkes and Spades.

MUSIC BY WIRE.

Householders Can Press a Button and Get Either Wagner or Ragtime.

Musical instruments, theatres and brass bands will not be needed in the sweet bye and bye to drive dull care away, for during the dull winter evenings, while the family circle is gathered round the fire, music of any old time and kind will be forth coming simply by the pressing of a button. This will be such a relief, don't you know, to many a young man who would like to have a home of his own just now, for aside from the expense of purchasing a handsome piano, or the sinking of a great deal of money in the high-class opera, he will not be annoyed by the many attempts of his wife to show her skill as a musician. Just see what we are to have in the future:

"The Cahill Telharmonic Company, in which a large number of Baltimoreans are interested, will be incorporated under the laws of Massachusetts. The company will supply music to householders as they are now supplied with gas, water and electricity. It is said that the system will be in operation here in two years. There will be a central station here similar to a telephone exchange, and subscribers will be served at the cost of $50 per year. Private wires will convey the music into the homes, and all manner of melody, from the highly classic Wagner to the 'quick and devilish' of the ragtime, will be dispensed. After the system goes into general use the rates are expected to be much lower. The method has been examined by experts and found to be perfect. Private wires will run to each home, and there will be club wires, where music will be on tap all the time. Among the persons who are interested in this new company are:

"T. C. Todd, of the Baltimore office of the General Electric Company, president; Douglas H. Gordon, president of the International Trust Company, vice-president; A. H. Post, third vice-president of the Mercantile Trust and Deposit Company, treasurer; H. F. Stevenson, secretary; Wm. Knabe, Alexander Brown and Sons, Nelson Perien and many other well-known capitalists of Baltimore, Philadelphia, Boston and New York. Well, it will simply be delightful when it comes, and it is just as certain to come as the wireless telegraphy and any other startling invention. Architects, contractors and builders will please note the change for the future, draw their plans accordingly and reserve places in the drawing room, library, dining hall, ball room, wine room, smoking room and bed room for a button."

CAR CONDUCTORS HAVE TROUBLES THESE DAYS.

Dismantled Condition of Prominent Baltimore Thoroughfares Confused Passengers.

The lot of the street car conductors running through the burnt district in Baltimore has been unusually hard since the fire, and numerous complaints have been heard from them.

"If this excitement doesn't end soon I'll go wrong as sure as you live," said one on a Baltimore street car recently "The last few weeks have been the hardest in my five years' experience railroading. You know traffic has been made heavy by so many persons riding to see the ruins, and most of these curious persons were ladies. With due respect to the fair sex, I must say they give us a lot of trouble."

"Stop the car," interrupted a lady sitting in the conveyance.

The conductor gave one bell and shouted "Sharp street!"

"I don't want to get off here," exclaimed the lady. "I want to get off at Hanover street.

"You said stop the car, and I did so," said the conductor. You did not say what street you wanted to get off at."

"I know I did not," replied the lady apologetically; "but, indeed, it is so hard to tell the streets around here these days. All look like to me."

Several other ladies, who had been deeply impressed by the truth of this assertion, simultaneously said: "Indeed, that is the truth."

Ding! ding! went the bell, and the car rolled on to the next street. The lady then alighted. "You see," continued the conductor, "that is a sample of the trouble we encounter. Such incidents delay us very much, and we have to make elaborate explanations when we get to the barn late."

With any Kidney ills.
Doan's Kidney Pills
Relieve the aches of a bad back promptly—cure all Kidney and Bladder troubles.
Mr. W. H. Wright, of 806 Chestnut street, gold and silver plater at 830 State street, Erie, Pa., says: "While I was not bothered with kidney trouble in a severe form, I felt for some time that my kidneys were sluggish and inactive. When I first got up in the mornings I had a dull, tired aching across the loins, and felt unrefreshed after my night's rest. I saw Doan's Kidney Pills advertised, and felt that they would remove the trouble, so I procured a box at Haviland & Hunter's drug store and used them. A few days' treatment sufficed to thoroughly restore the kidneys to a normal and healthy condition, and I have had no return of the trouble since."
