$3.00 to $4.00.

Experience has taugh- that the best of leather made into Men's Shoes that have style, comfort and wearing worth, can not be bought for a song. Cheap Shoes may possess quite as much "look"—the look is in the finish, the wear is in the shoe itself.

WHEN WALK-OVERS GO ON, TROUBLE GOES OFF.

Our $3.00 and $4.00 Men's Walk-Over Shoes have a legitimate claim to being stylish and, when we say that they "fit," the word has a meaning.

They "Fit" all over and Stay fit.

They please the eye of the smart dresser as well as his feelings. These new and exclusive lines are made in Patent Leather—Patent and Ideal Kid—Calf and Russet. Have good Duck linings, and carry a general tone of style and comfort that meets the hearty approval of the good dresser.

EASY ON THE FEET,

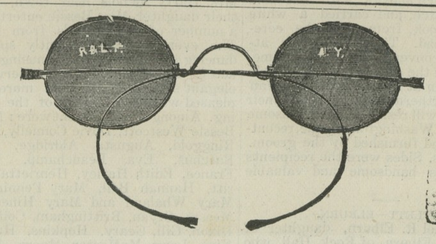

and easy on the pocket. You cannot always find such Shoes but every pair in our stock will answer that description. From the smallest pair for tiny feet to the largest pair for hard work, every one is perfectly made of excellent material, be it Kid or Calf. There is full value in all of them.

ALL KINDS OF RUBBER BOOTS AND SHOES.

Every year at this time we clean up stock. Left-over goods are cut in price to make room for new goods coming in. It is better for us to take a substantial loss on some goods rather than carry to another season. Our loss is your gain. Many desirable, good shoes here at a big reduction. Our new styles of Spring and Summer Shoes will soon be here—more about them later.

A Pig Chase.

For some years escaping stock of various kinds from the Light street wharves brought there from the Eastern Shore has given much amusement to the city folk and helped many of the reporters out on the daily papers with a story when news was scarce. The following, in which a prominent Kent county dealer figures conspicuously, is the latest production:

"A great deal of excitement was created Monday morning on the Tolchester pier when a pig made his escape from a crate which had been unloaded from the steamer Kitty Knight.

"The crate was crowded with shoats, and one, seeming to think that the outer air was much more desirable, had rooted one of the boards loose at one end, and just as the crate was being wheeled off the boat stuck his head through the opening and squeezed himself out.

"Purser James W. Gale noticed the movement and started in pursuit, shouting. The chase was taken up and the pig prevented from getting off the pier. He ran around in a circle until he spied the open door of the freight office, and toward this he ran. Mr. Gale had almost grabbed his tail when he disappeared in the office.

"Freight Clerk Dee was at his desk and the advent of the flying streak of pig gave him quite a start. The pig darted in and out under the furniture, with Mr. Gale grasping for him, at the same time urging Mr. Dee to secure him.

"Finally, Mr. Dee's presence of mind returned, and reaching down he grabbed the pig by the ear, and getting a firmer hold hoisted him to the desk, where he was held and exhibited to the numerous witnesses of the chase. He was later put back in the crate."

MAN'S RESPONSIBILITY.

French Women Suggest "The Education of the Father."

Madame Marie Martin, in Le Journal des Femmes, has an article on "The Education of the Father." As she cogently argues enough and to spare has been preached to the better half of humanity on the duties of the mother; it is now time that attention should be drawn to the blank ignorance of the father concerning his all-important duties to his offspring, more especially in regard to the example he himself sets his sons. On this point all will agree that man's education has been utterly neglected. At a meeting of the League for the Rights of Women, Dr. Berthod pointed out in the history of France each great epoch has been distinguished by the name of a woman, and further remarked that in the present age of scientific progress it was again the role of woman to take a preponderating part.
