LOCAL MATTERS.

Washington College Wins.—Washington College defeated Dover Field Club yesterday. Score 13 to 7.

Flag Presented.—Rock Hall Council No. 148 Jr. O. U. A. M. and Washington Camp No. 37 P. O. S. of A., jointly presented Eastern Neck Island school with a flag on last Friday evening. The Island folks served ice cream, cake and other refreshments to the assemblage and the presentation speech was made by Rev. Warren Burr, pastor of the M. E. Church.

Clean The Reservoir.—Quite a number of residents of the town are complaining about the condition of the drinking water. A gentleman brought to our office on Thursday a specimen of a worm, leach, or reptile of some sort that came out of his hydrant with the water. At the request of several of our residents we call the attention of the Water Company to these facts, and we are quite sure that it will receive their attention. This is the time to give the reservoir a thorough cleaning.

Disgraceful Conduct.—Some one forcibly entered the Catt's Corner School building, Prof. J. W. Sutton, principal, on Saturday night last, wrote some exceedingly obscene language on the blackboards and perpetrated one of the most indecent acts known to the School authorities. The matter has been laid before the School Board, and it will investigated the matter. They will make a desperate effort to bring about the arrest of the guity party and it is hoped that he will receive the fullest penalty of the law.

No Saloons in Wicomico.—Applications for liquor licenses by John C. Bailey of Quantico, and Wade H. Bedsworth of White Haven, were received by the County Chmmissioners of Salisbnry Wednesday. Both applications were turned down. The question was strongly fought by each side and, owing to the large number of witnesses and spectators present, the court room was used. This cleans whiskey out of every district of Wicomico county, and there is not now a liquor saloon in the county, a fact of which the temperance people are very proud.

Severe Penalty for Carrying Concealed Weapons.—One of the most stringent laws passed by the last Legislature is that which pertains to "Concealed Weapons." This act makes it unlawful for anyone, not an officer of the law, to carry a pistol, dirk knife, bowie knife, slung shot, billy, sand-club, metal knuckles, razor or any other dangerous weapon. (penknives excepted) under a penalty of one thousand dollars, or imprisonment not more than two years in the county jail or House of Correction. The Court may, under certain circumstances, impose both fine and imprisonment.

Dr. Micou's Resignation.—We are very glad to be able to report that Dr. James Roy Micou, whose resignation as Vice president of Washington College has been tendered the Board of Visitors and Governors will likely reconsider the same, and will not sever his relations with the College. The Board of Visitors were loath to accept the resignation and steps were taken to induce Dr. Micou to withdraw it. The Doctor has been connected with Washington College since 1886, and his ability as an educator makes him a most valuable member of the college faculty.

Millington Bank.—The TRANSCRIPT is indebted to the officers of the Millington bank for an invitation to attend the opening of the institation for business yesterday. As stated in last week's issue, the new bank building is a fine specimen of the builders art, is finely arranged, and handsome and attractive in its furnishings. The "opening" was held yesterday from 2 to 6 P. M. and many friends of the institution called to inspect the building and to congratulate the officers. Mr. John P. Ahern is cashier and Mr. Jas Mallalieu is teller. The bank is now ready for business and the TRANSCRIPT extends best wishes for a successsul career.

Broke His Arm.—Dr. Thomas H. Gilpin, of Middletown, brother of Dr. Charles P. Gilpin, of Chestertown, met with rather a peculiar and painful accident one evening last week. He had just finished his evening meal and in getting up from the table caught his foot in a large rug and was being thrown forward most violently. He realized his position and in his efforts threw his left hand forward to save himself and in so doing his entire weight came on his hand and wrist breaking his arm just above the elbow. With the exception of his colored man servant the doctor was alone. Dr. Hardcastle was summoned and reduced the fracture.

Charged With Serious Crime.—Alfred M. Powell, husband of Mrs. M. A. Powell, who was recently convicted of the murder of her foster daughter, Estelle Albin, near Bowers Beach, Delaware, and sentenced to imprisonment for life, has been arrested by the Delaware State Detectives, charged with being guilty of immoral conduct with his foster daughter, Georgiana Ford, under the age of 18. Powell was arraigned before magistrate Wood, of Dover, on Thursday of last week and held in $2,000 bail for his appearance at court. The penalty for such a crime is seven years imprisonment and a fine of $1,000. Powell has purchased his wife's interest in the stock and farming implements at their home and will continue to run the farm until his trial comes off in October next.

Home For The Aged.—TheHome for Aged Women in Easton, Talbot county has been formally opened for admission. The home is a handsome building, comfortably furnished. It contains large and sunny porches and 14 bed rooms, besides all the necessary conveniences for comfort and utility. Four applicants have been nominated to enter the home as permanent residents at an early date while a large number are still on the waiting list. At the annual meeting of the board of directors the following officers were elected: Mrs. Nathaniel Tuthill, president; Mrs. Ella Sheppard, first vice-president; Mrs. Robert B. Dixon, second vice-president;; Mrs. Oswald Tilghman, third vice-president; Mrs. Shreve, recording secretary; Mrs. W. H. Kemp, treasurer; Mrs. George E. Haddaway, corresponding secretary, and Mrs. W. E. Stewart, press correspondent.

LITTLE LOCALS.

*†*By a strange and yet amusing contortion of letters, it has been annonced that Hon. Leonard Ott, of Baltimore will deliver the address to the Mt. Vernon Literary Society in June. We have been informed that the speaker is the Hon. A. Leo Knott, one of Baltimore city's most distinguished lawyers. Such an error as this will just be "pie" for the funny man who attends to the "Round about Maryland" Column of the Baltimore City News.

*†*Farmers around Smyrna report that the Keiffer pear crop has been practically destroyed, due, say they, to the early drop of the bloom which prevented the proper fertilization of the young pear. One farmer who expected a crop of from 12,000 to 15,000 baskets from an orchard of 1500 eight-year-old trees, says that he will not have a pear scarcely.

*†*Mr. Wm. C. Sutton, plumber, has just completed the laying of 1,000 feet of pipe from the water main on Maple Avenue to the residence of Hope H. Barroll, Esq.

*†*Mr. Joel R. Clemants has purchased from Mr. Wm. and Phoebe Maul, two small dwellings located on Princess street near Jane's Church. The price is said to be $800.

*†*Messrs. Walter T. Morris and Chas. H. Hurlock have returned from a driving trip through upper Kent, Cecil and Delaware receiving orders for tanks and silos, for which Mr. Morris is agent.

*†*A prominent resident of Chestertown witnessed a runaway on Charles St., Baltimore, last Saturday afternoon. A great crowd of people had collected around ithe place where the horse was stopped. The gentleman said that a little boy standing in the centre of the crowd with a copy of the CHESTERTOWN TPANSCRIPT in his hand, was one of the most interested spectators. It only goes to show that the TRANSCRIPT is here, there and everywhere.

*†*Mr. J. H. Sides, the jeweler, has on exhibition at his store on High street, several very handsomely hand painted shirtwaist sets, the work of Miss Catherine Truax, niece of County Commissioner Harry Davis, of near Still Pond. Miss Truax is a graduate of the Philadelphia School of Art, and her work as an artist is greatly admired.

*†*Mr. Robert G. Nicholson, Nurseryman, has planted some beautiful cedars and other shrubbery in the public square this week. The fountain has been painted in pretty pearl gray with red tips by Mr. Wm. Benjamin and at present the square is looking beautiful.

*†*The new post office will be ready for occupancy by the first of June. The equipments for the office are expected to arrive shortly.

*†*Mr. Thos. H. Topping is installing steam power in his Radcliffe mill in place of the gasoline engine he has been using. He will also erect a granary for the storage of wheat and corn.

*†*Capt. George B. Westcott and a party of friends got a ducking while out sailing the other afternoon.

*†*Mr. D. A. Bacchus had on sale on Thursday morning the first home-grown strawberries of the season. The berries were grown by Mr. Howard Johnson, of Queen Anne's, and were of fine size and flavor. They retailed at 15 cents per quart.

MARRIED.

HICKMAN—HARBINSON.—Married at Worton, on the evening of May 18th, 1904, by Rev. J. B. Merritt, D. D., Robert Page Hickman and Cecilia Harbinson, of Betterton, Kent Co., Md.

SUPERINTENDENT OF SCHOOLS FOR FIFTEEN YEARS.

Professor Powell, of Washington, D. C., Recommends Pe-ru-na.

Prof. W. B. Powell, of Washington, D. C., is one of the best known educators in the country. For fifteen years he has been Superintendent of the Public Schools of Washington, which is considered the best school system in the United States. Professor Powell is the author of a number of school books which are used throughout the United States.

This well known gentleman does not hesitate to recommend Peruna to his countless friends and acquaintances all over the United States. In a recent letter from 1410 N street, N. W., Washington, D. C., to Dr. Hartman, he says:

"Persuaded by a friend I have used Peruna as a tonic, and I take pleasure in recommending your remedy. Peruna is indeed a good medicine and should be in every household."—W. B. POWELL.

SUCH straightforward evidence cannot be overlooked. What the common people say carries weight, but when a man of national prominence says "Peruna should be used in every household," it is a significant fact to the increasing prominence and undoubted efficacy of Peruna.

Peruna is of national fame as a catarrh remedy. It is the only internal systemic catarrh remedy known to the medical profession. It makes diseased mucous membranes healthy, whether it is the mucous membrane lining the nose, throat, lungs, stomach, kidneys or pelvic organs. It cures various diseases of all these organs, because two-thirds of the ills of mankind are due to catarrh. With healthy mucous membranes climatic diseases lose their terror, the system is enabled to throw off contagion, and health follows inevitably.

Mr. A. T. Wood, Mt. Sterling, Ky., writes:

"For many years I have been a sufferer from catarrh, and have spent time and money with physicians and used many kinds of remedies which were 'guaranteed sure cures', but in every case it was money thrown away.

"I reaped no benefit whatever from them. In my seemingly vain search for relief I purchased a bottle of Peruna, having no confidence in it whatever at the time. This was about one year ago, and I began to improve and was able to attend to my business without being constantly hampered by every kind of pain known to a human being. My hearing, which was almost entirely gone in one ear, got very much better. The medicine not only seems to cure, but to prevent disease.

"This winter when every one was suffering from la grippe, I stood like a stone wall, absolutely proof against it. I am not a believer in 'patent medicines,' having found the majority of them fakes, but I do not hesitate to recommend Peruna as the best medicine for catarrh the world has ever seen. I keep a bottle of it at home constantly and shall continue to do so, because I believe it to be the best medicine on earth. I never leave home that I don't put a bottle of it in my grip."
A. T. WOOD.

Mr. Evan D. Bowen, Dodge City, Kan., Conductor on the A. T. & S. F. R. R., writes: "I have had catarrh of the stomach for seven years, and I began to think that I never was going to be cured. At the time I began taking Peruna, I was unable to make more than one or two trips on the road at a time, not being able to keep anything on my stomach. I then weighed 168 pounds. I have been taking Peruna since that time and have never lost a trip, and now weigh 200 pounds."—Evan D. Bowen.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
