NOTICE TO HOLDERS OF BURIAL LOTS IN CHESTER CEMETERY.

The Chester Cemetery Company by recent action of its Board is now prepared to enter into a contract with its lot owners to keep their lots in first-class order perpetually. This guarantees the owner that his lot will be taken care of, not only after his death but even after the death of all the family.

There is no sadder sight in a cemetery than to see the lot of a one time prosperous owner in weeds, briars, overgrown bushes, &c., and for reason that the family have either all died, removed or else forgotten their duty to the remains of their ancestor.

Those who secure a contract as above will have no apprehensions of this fate to their lots. For terms apply to,

False Alarm!

The wide-spread rumor over our County that this Firm was in financial trouble, came like a thunder-bolt from a clear sky, both to ourselves and to our fellow citizens.

Its origin was the protesting of several small checks on the *Chestertown National Bank*, caused by the displacement of a *discount note*, thereby causing an over-draft in our account unbeknown to us.

We were immediately arraigned before the Clearance Houses of New York, Philadelphia and Baltimore, and were in total ignorance of it for nearly six days.

An ugly predicament indeed, and it was only through our sheer ability to quickly pay every creditor we had at sight that prevented any further unpleasantness.

This Firm has always enjoyed the very highest financial standing and reputation.

The checks protested were in payment of bills discounted, really not due for several months.

We are glad to state our cash reserve was fully sufficient to pay every dollar, and this firm enjoys the unique distinction of not owing a dollar.

Our property and our vast stocks are unencumbered—we are in no trouble; we need no help and want for no assistance. *Fair treatment is desired.*

STREET FAIR AND CARNIVAL.

Arrangements Completed For the Great Exhibition.

Arrangements have been perfected for the Street Fair and Carnival to be held in Chestertown the third week in June, under the auspices of the business men's association.

Among the many attractions and the feature of them all is Layton's grandest creations, the eruption of Mount Pelee and the destruction of the City of St. Piere, making one of the most marvelous, beautiful and realistic fire works display ever seen.

The other attractions are all high class shows, consisting of Shield's electric theatre, introducing Lumier's latest cinemetograph, presenting McKinley's funeral. The feature of the entertainment is "Lunette," the flying lady, the greatest hypnotic act ever put before the American public. It is an exhibition that appeals directly to a large class of people who do not usually patronize shows.

Another attraction that appeals to the ladies and the children is the animal show, consisting of trained ponies and monkeys; the Ferris Wheel and Merry-go-round and the Stadium with its numerous attractions; also the Eden show; Parsifal, producing moving pictures from Wagner's beautiful opera; and illustrated songs; Street of India, with a company of Hindo performers direct from Bombay; the Baltimore and Chicago fire and the Plantation show, featuring Mr. Parson's one of the leading black-face performers before the public, a show that amuses all. Then comes the Swiss Statuetts and the Palmestry tents, making one grand Midway and containing the most interesting sights to be seen. The Midway will be alive with electric lights, 1000 lights in all.

There are 125 people in the company and the town will be in gay attire. All the merchants will have their store fronts decorated. The show has been postponed until the week of June 20th to 25th.

AUTOMOBILE IN TOWN.

Makes Run From Tolchester in 40 Minutes, and has Some Encounters With Teams.

Mr. D. A. Clark, representative of the Knox Automobile Company, accompanied by Mr. J. J. Mason, Capt. W. C. Eliason and Mr. Daniel Potts, of the Tolchester company, came to Chestertown on Saturday in a handsome Waterless Knox touring car. Captain Eliason came over the route for the purpose of determining the feasibility of establishing an automobile route between Chestertown and the beach to connect with his line of steamers for Baltimore. The machine was quite a handsome one, and attracted a great deal of attention. Several of the citizens of Chestertown were given the pleasure of a ride in the car, and it was both a novel and delightful experience.

In regard to the proposed automobile line between Tolchester and Chestertown, which is being promoted by the Knox Automobile Company, Capt. W. C. Eliason, president of the Tolchester Company, who made the trip from Tolchester to Chestertown Saturday in an automobile, said:

"I made the trip in an automobile from the Beach to Chestertown, and think the plan is feasible. If the Knox Automobile Company can furnish machines which will do the work of carrying passengers and baggage and get some of the prominent people of Kent county interested, it is likely that the Tolchester Company will subscribe to some of the stock.

"The run Saturday was a success. The roads were pretty bad, however, but this will not be the case later in the summer. We made the run of over 12 miles in 40 minutes to Chestertown and returned in 30 minutes. We were delayed by skittish horses, as we had to slow down as we passed every team. The only trouble seems to be the horses. I think the machine we were on is the first to enter Kent county, and the horses have not yet become accustomed to it. Every horse we passed reared up, and we had to slow down every time. In time the horses will get used to the automobile and there will be no difficulty.

"As yet the project is only in its infancy, but if the Knox people can turn out a machine to do the work I guess there will be plenty of business. None of the Chestertown people have signified there willingness to buy stock, but want to see practical demonstrations."

DEMOCRATIC PRIMARIES AND CONVENTION.

Harmonious Meeting—No Contests Were Made in any Districts in the County.

The Democratic primaries were held throughout the county on Saturday last for the purpose of electing delegates to the County Convention for selecting delegates to the State and Congressional conventions. There was not a contest in any district, the general sentiment being in favor of Mr. Richard D. Hynson, who was supposed to desire to go to the National convention in St. Louis in July. Delegates favorable to Mr. Hynson were elected in all the districts and these assembled in convention in the Court House on Tuesday morning at 11.30 o'clock. Mr. Jos. N. Wheatley called the meeting to order and Dr. E. A. Scott, of the first district, was made chairman. Dr. Scott accepted the honor in a few well-chosen remarks. Mr. Thomas S.
