SUBSCRIPTION $1 00 PER YEAR.

SATURDAY, JUNE 21, 1904.

LOCAL MATTERS.

Drowned at Queenstown.—John Henry Griffin, a deck hand on the steamer B. S. Ford, was drowned at Queenstown yesterday by being knocked overboard by a cow.

Canning Business Transferred.—The Canning & Mercantile Company has transferred the canning business at Rosedale and Chestertown to Mr. Cronin, and Messrs. Gilbert and Sewall, respectively, of Harford county. There will be no change whatever in any of the contracts for tomatoes which the Canning & Mercantile company has made with the farmers of the county. The Company will still operate the cannery at Still Pond.

Valuable Dog Killed.—There was a wholesale slaughter of dogs in town late on Monday night. It is not known who did the shooting, but three dogs were killed, and among them was Mr. John F. Howard's fine black bird dog. Mr. Howard prized this dog very highly, and is at a loss to know why any one should want to shoot him as he was perfectly harmless and had never been known to be ferocious. He was one of the best bird dogs in the county.

Resigned the Presidency.—Hon. Joseph A. Wickes, who, for many years past, has been the president of the Board of Visitors and Governors of Washington College, has tendered his resignation to that body. The resignation was received with much regret by the board, as Judge Wickes has been identified with the interests of Washington College for a long number of years. He will not sever his connection with the Board of Visitors and Governors, however.

A Clever Newspaper Plan.—The attention of the people all over the United States just now is centred on St. Louis and its universal Exposition. Realizing that hundreds of thousands of dwellers in the East will not get one-third of the way across the continent to see the big show, the New York World has devised a plan to bring the Fair home to its readers. This is to be effected by a special series of color pictures, reproductions of paintings made for this purpose by one of the principal members of its art staff. In another column is The World's advertisement of this plan, in which details are given. The pictures are free to all purchasers of the Sunday World.

The Governor at Tolchester.—Governor Edwin Warfield went to Tolchester on Saturday last from Annapolis to inspect the camp of the St. John's College cadets and to present them a handsome flag. The Governor embarked on one of the State steamers from Baltimore. There were in the party Secretary of State Oswald Tilghman, Mrs. Warfield, the Misses Nicodemus, and Capt. and Mrs. Eliason, of the the Tolchester Company. The Governor reviewed the cadets and presented the flag in the open space to the north of of the hotel, and was very much pleased with the soldierly bearing of the St. John's boys. The boys of the "camp" report a splendid outing, and were loath to break camp on Wednesday for there return to the college for commencement exercises.

Diocesan Convention.—The 36th Annual Convention of the Diocese of Easton assembled in St. Andrew's Church, Princess Anne, on Tuesday morning at 10.30 o'clock. Bishop William Forbes Adams presided. The clergy and delegates representing the different parishes in the jurisdiction numbered seventy. Rev. H. B. Martin, rector of Emmanuel P.E. Church, and Dr. W. Frank Hines, his lay delegate, attended the convention from Chestertown. The doctor was elected delegate to the general convention which will meet in Boston in October. The other ministers and lay delegate in attendance from Kent county were: Rev. Albert Ware, rector at Massey and Millington and lay delegate E. Thomas Massey; Rev. C. T. Denroche, rector of St. Paul's and I. U. and Rev. Samuel Edson rector of Shewsbury and Galena.

Jim Crow Apartments on Steamboats and Cars.—Steamboat and railroad officials are discussing plans to meet the "Jim Crow" law which goes into effect July 1. An official of the Chester River Steamboat Company said last week that the captains and pursers on their lines will be instructed to designate certain portions of the steamer to the white and others to the colored passengers, and to see that the designated places were occupied as directed. Conductor John D. Welch, of the Kent road, said that he has received no instructions as yet as to what provision his company will make in observing the law. He said he had been instructed to take a week's record of the number of colored people traveling on the road, and he had fewer during that week than at any time during the year. It is likely that the smoking car will be used for "Jim Crow" purposes, though nothing definite has been ascertained. It is not likely that either the steamboat or railroad company will experience any trouble on account of the law.

LITTLE LOCALS.

*†*Mr. John C. Davis lost a valuable milch cow last week.

*†*The salary of Postmaster M. Wilbur Thomas has been increased from $1,700 to $1,800.

*†*Mr. Harry Barnett has opened a pool and billiard room in the Smith building on Cross street.

*†*Mr. Wilbur W. Hubbard superintended the trimming of the trees in the public squares on Saturday last.

*†*The first spring cabbage was in market the early part of the week. It was grown by Mr. John Bell near town.

*†*So long as Jupiter Pluvius continues to sprinkle the streets of the town we shall not need the services of the street sprinkler.

*†*The storm on Monday evening burnt out twenty or more phones in the town. They were promptly repaired by the Telephone company.

*†*There was a glut of the strawberry market in Baltimore on Wednesday; in consequence good berries sold for one cent per quart.

† The gentlemen students of Washington College have issued invitation cards to their commencement dance in Stam's Hall in Wednesday evening next.

*†*The equipment for the new post-office room arrived this week and is being arranged as speedily as possible. It will be ready for service next week.

*†*According to the opinion of some of the best farmers in the county the wheat crop will be good in nearly all sections of the county. Harvest about the 25th.

*†*Hope H. Barroll, Esq, has sold his lot on Front street adjoining the Meeteer property to Messrs. Thomas and Eben Perkins for $1000. The lot has a frontage on Front street of 38 feet.

*†*The moonlight excursion given on Wednesday evening by the Woman's Foreign Missionary Society of the M. E. Church was well patronized and much enjoyed. About 150 were on board.

*†*Dr. H. Benge Simmons is remodelling the "Watts House" on Spring avenue recently purchased by him. When finished it will be a very handsome and attractive home for the Doctor and his family.

† State Councilor George W. Webb will visit the Chestertown Concil Jr. O. U. A. M. at Fraternal Hall next Wednesday evening. He will deliver an interesting address, and a full attendance of the members of the Council is desired.

*†*Mr. Vernon Barnett's new house is nearing completion, and when finished it will make one of the cosiest homes in town. The building is constructed of concrete blocks of Mr. Barnett's own manufacture with slate roof, and presents a very imposing appearance.

*†*Hold on! Mr. Jupiter Pluvius, turn off the spigot a little while. Don't be so generous. We may need you more in Julv and August. The college commencement and carnival will occupy the attention of the people next week and our advice to you is to break away and give us clear weather.

*†*Arrangements have been completed for the opening of the Street Fair and Carnival on Monday. Get a programme of the exercises and keep yourself posted as to the many attractions and do not fail to attend. See the grand parade on Thursday and the brilliant fireworks display at night.

*†*The storeroom formerly occupied by Westcott & Dodd is being very much improved preparatory to being occupied by Mr. Clifton E. Jarrell as a general merchandising store. Mr. Jarrell has secured the services of Mr. Edward Newsome, one of the most up-to-date salesmen in the county, as head salesman in the store, and he will be ready for business about June 25th.

*†*Sanders & Stayman, the well-known music dealers of Baltimore city, have a splendid display of pianos, organs and pianolas in the basement of the Voshell House. The sweet toned instruments have been very much enjoyed by the neighbors during the week and Messrs. Boden and Knight, who are in charge, are making a favorable impression upon prospective purchasers.

DROWNED AT TOLCHESTER.

Sad Termination to Cadet Encampment at the Popular Bayside Resort.

A very sad termination to what had proven to be a delightful encampment of the St. John's College Cadets occurred on Tuesday evening just before the cadets broke camp for Annapolis. Two of the cadets went in bathing just after the afternoon boat came in, and after having been in the water sometime, they determined to swim out to a small sail boat anchored some distance from the shore. One of the boys reached the boat in an almost exhausted condition but the other, cadet Baldwin, of Connecticut, became exhausted and sank out of sight before assistance could reach him. The body of the drowned cadet was recovered after a search of an hour, and was taken to Annapolis to be prepared for shipment to the home of the young man's aunt in Connecticut. On Wednesday night young Baldwin would have graduated at the commencement at St. John's College.

He was nineteen years of age, of fine physique and very popular with his fellow students. The sad accident has cast a gloom over the entire college, and is a sad termination of what otherwise proved to be a delightful outing for the College lads.

New Advertisements.

Joseph Guest, of our town, calls attention to his sure bug killer—Black Death. Also reminds all those having lightning rods to examine them, as an imperfect rod invites danger. Carrara paints, Ruberoid roofing, galvanized corrugated roofing, water paints, Star cream separators, linseed and machine oils and turpentine.

DIED.

Mr. James Johnson died at his home on Scott's Point on Thursday, of consumption, aged 44 years. Funeral services were held on Thursday afternoon, Rev. D. L. Greenfield officiating. The pall bearers were; Messrs. John Downey, Nathan Cole, Charles Waddell, James Estes, Wm. Lerty and Charles Perry. Interment was made in Chester cemetery. Undertaker John N. Dodd had charge of funeral arrangements.

EFFECTS OF STORMS.

Much Damage Done by the Many Frequent Thunder Storms of the Week—Wheat not Hurt.

Kent county has been visited during the week by more storms at this season of the year than for many years past, and the damage has been extensive. On Sunday night lightning is said to have killed four horses near Warwick, and the wind broke large limbs from the trees and beat down the wheat in places. On Monday night the barn on the farm of Mr. William Glenn in Broad Neck was struck by lightning and destroyed together with its contents and a valuable horse. Mr. Jester, of Broad Neck, also lost a valuable horse from the same cause. A tree near the home of Judge James A. Pearce on Maple avenue, and one near Janes M. E. church was struck during the same storm, but no further damage was done in Chestertown. The past week has been a week of storms, and heavy rain, and it is the opinion of some of the farmers that while wheat has not been seriously damaged, yet corn may be affected. Farmers generally are looking for a good yield of wheat. The strawberry crop has been seriously affected by the heavy rains.

The Misses Hendrickson and their brother George had a thrilling experience on their way home from church on Sunday evening. When between Mr. Romie Byron's gate and the Hendrickson farm gate their team was cut down by another team, causing the young ladies to run to their home for shelter. When they reached the house they were drenched with the rain, and their clothing and hats were ruined. Mr. Ned Westcott was in the company, and had remained at the place where the accident occurred to assist a boy who thought he had been struck by lightning to his home near the mill.

One of our prominent young men had a novel experience also on Sunday evening on the way from church. He was driving a double team and when a short distance from town one of the horses "hesitated" and the young man and his friends in the carriage were compelled to sit right there for an hour or more and watch the beautiful and thrilling effects of the storm. Some one undertook to tell him of the Misses Hendrickson's experience when he said: "I don't want to hear it. I had enough myself."

SCHOOL MATTERS.

At a meeting of the State Board of Education held in Baltimore on Wednesday, Mr. Samuel W. Wallis, of Kent county, was given the benefit of the retired teachers' pension. Mr. Wallis has been a member of Kent's efficient corps of teachers for many years, and having reached the age limit, the State Board placed him upon the pensioned list of retired teachers.

Miss Mary E. Ford, at present vice-principal of the Easton High School, has been appointed a member of the faculty of the Frostburg Normal School No. 2. Miss Ford is one of the finest teachers in Talbot county, and her promotion is well deserved.

PUBLIC SCHOOL COMMENCEMENT.

The Annual Commencement of the Chestertown Public School will be held in the Assembly Hall of the Chestertown Public School building on Wednesday, June 22nd., at 8 P. M. The graduates with their averages for the year are: Oswald Saunders 97, Nellie Nicholson, 92, Ethel Jacquette 91, Daisy Barnes 90, Laura Lambert 88, Ethel Bacchus 86, Lizzie Davis 82.

On Tuesday afternoon, June 21st., at two o'clock, there will be a display of the work of the Manual Training Department, and an entertainment given by the lower classes of the school.

The teachers of the school desire a full attendance of the patrons and friends of the school at both of these exercises.

CHESTERVILLE SCHOOL AVERAGES.

Seventh Grade—Ray Edwards 86. Sixth Grade—Alice Stephenson 94. 5th Grade—Lester Edwards 81, Bessie King 81, Annie Dobson 85, Lester Baldwin 86, George Baldwin 83, James Conner 80. Fourth Grade—Norman Ford 90, Ralph Dill 80. Third Grade—Marie Smith 87, Helene Comegys 99, Burton Mannering 91, Edgar Moffett 88, Alpha Dill 97, Agnes King 87, Second Grade—Lydia Comegys 89, Josie Conner 80, Carroll Edwards 98. First Grade—Willie Mannering 91, Grace King 96, Alma Dill 91, Ellie Wallace 90, Harry Duyer 89, Julia King 93, Lillian Wallace 88, Ramond Landon 87.

We understand that Prof. L. J. Smith, principal of the Chestertown Public School is an applicant for the principalship of the Havre de Grace High School to succeed Prof. Edward M. Reisler, who has resigned. Prof. Smyth is a graduate of Washington College and stands high in his profession. He is very popular with his pupils and there will no doubt be much regret expressed should Havre de Grace capture another principal from Chestertown. The salary at Havre de Grace is $1200, and it is one of the finest schools in the State.

Prof. John T. Bruehl, instructor in manual training in the Chestertown Public School has been tendered a similar position in the Centreville High School. We understand that the salary of the latter position is $800, while at present Prof. Bruehl receives $600. Why cannot Chestertown pay its manual training teacher $800 as well as Centeville, since both schools receive the same annual appropriation—$1500 for manual training—from the state? Prof Bruehl is a valuable man, and should be worth as much to Chestertown as he is to Centreville.

CHESTERVILLE ITEMS.

Mr. C. H. Crittenden has been critically ill the past week.

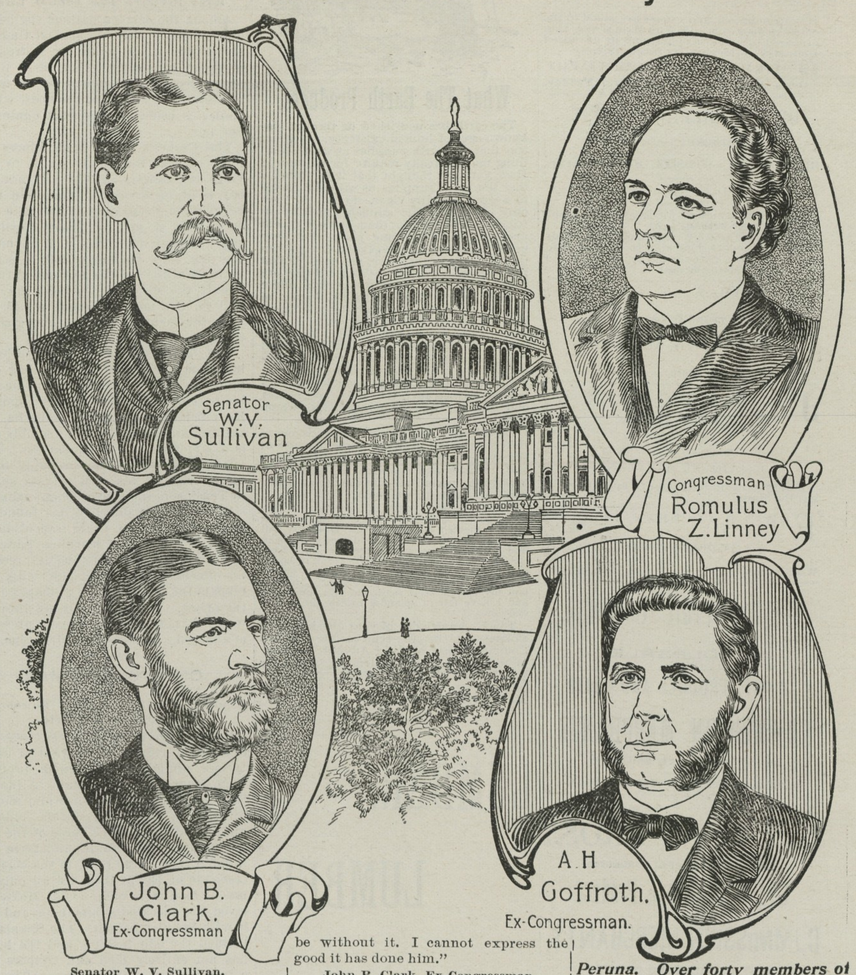

Miss Mary Burris has been quite ill at her daughter's, Mrs. C. H. Crittenden.

Miss Helen Comegys is visiting friends and relatives in Chestertown.

Mr. Connor of Wilmington has been the guest of Senator Foxwell.

The storm on Sunday evening interferred with the Children's day service at the Emmannel M. E. S. Church. An interesting program was rendered.

The World's Famous Catarrh Remedy---Pe-ru-na.

Senator W. V. Sullivan.
United States Senator Sullivan from Mississippi writes the following endorsement of Peruna:

"I desire to say that I have been taking Peruna for some time for catarrh and have found it an excellent medicine, giving me more relief than anything I have ever taken."—W.V.SULLIVAN.

Congressman Romulus Z. Linney,
From North Carolina, writes:

"My private secretary has been using Peruna for catarrh. He had as bad a case as I ever saw, and since he has taken one bottle he seems like a different man. I don't think any man who is under a nervous strain should be without it. I cannot express the good it has done him."

John B. Clark, Ex-Congressman,
Was ten years a member of Congress from Missouri and for six years Clerk of National House of Representatives, writes:

"I can recommend your Peruna as a good, substantial tonic and one of the best remedies for catarrhal troubles."

Ex-Congressman A. H. Coffroth,
Somerset, Pa., writes:

"I am assured and satisfied that Peruna is a great catarrh cure, and I feel that I can recommend it to those who suffer from that disorder."

Men of prominence all over the United States are commending Peruna. Over forty members of Congress have written their indorsement of it. Scores of other government officials speak in high praise of it. Thousands of people in the humbler walks of life rely upon it as a family medicine. Send for free book of testimonials.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

BLACK DEATH
the Bug Killer.

Kills all Plant-Eating Insects.

At JOS. GUEST'S.

LIGHTNING RODS put up and repaired by JOS. GUEST, Chestertown, Md.
