LOCAL MATTERS.

Saw Mill Burned.—The large saw mill operated by Mr. Peverly in Mr. W. Irving Walker's woods, Queen Anne's county, was destroyed by fire last Sunday afternoon. Quite a good deal of valuable timber was destroyed. The loss on the mill and timber is estimated at $400.

Sale of Fine Horse.—Mr. William Stevens, of Queen Anne's, has sold his fine stallion, Adbert, to Philadelphia parties for $900 and a consideration of $200. This is one of the finest bred horses in this section of the State and he is the sire of some very promising colts. Police Justice Samuel Hicks is the owner of a very fine colt. It is one of the en tries in the 1907 $10,000 Futurity

Cecil Trolley Line.—The County Commissioners of Cecil county granted a franchise last week for the use of the public roads to the Middletown and Cecilton Trolley Line which will be built from Middletown to Frederick-town, via Warwick, Earleville and Cecilton. It is thought that work will begin at once. It is said that Boston capitalists will finance the scheme.

Fine Property Sold.—Mr. W. T. Wright, one of Centreville's extensive property owners, has sold to Mrs. John E. Wilson, "Locust Hill," the Turpin Homestead residence, adjoining the corporation limits of Centreville, for $15,000. This property contains 300 acres and is a very desirable tract of land. The purchaser, Mrs. Wilson, is a daughter of Ex-Senator W. T. P. Turpin, who is now Labor Statistician.

More Washington College Prizes.—In the program for commencement exercises of Washington College, unfortunately the awarding of the prizes of $15 and $10 for temperance essays was omitted. We are glad to make the correction, and do justice to our County W. C. T. U. and the winners in the contest. Winners, Thos. F. Garey, Jr., and E. F. Hitch. Also to commend this feature of instruction at Washington College to patrons of such institutions.

Democratic Editors.—The Maryland Democratic editors will this year make a pilgrimage to Richmond, Va., for their summer outing and take in Old Point Comfort on the return trip. President Joseph M. Street, of the editors association, has arranged a splendid "itinery" and a large representation of editors assembled in the cabin of the steamer of the York River Line, Pier 18, yesterday afternoon at 4.30 P.M. to secure tickets.

Superintendent Resigned.—Mr. Frederick H. Russell, superintendent of the Chestertown Electric Light Works, has tendered his resignation to the company to take effect July 1st. Mr. Russell has been in charge of the plant a little more than two years and has looked after the interests of the Company with diligence and success. He has not decided definitely where he will locate, but has several desirable positions open to him. His successor will be appointed later.

Buoys in Sassafras River.—Capt. George Tarbutton, master of the Tolchester steamer Kitty Knight, has returned from the Sassafras river, where he assisted in planting spar buoys from the lighthouse tender Holly. The river has never been buoyed before and residents along its shore, realizing the need of these posts, have been endeavoring to have the channel marked. Captain Tarbutton, whose home is on the river, was selected as the guide by the lighthouse engineers.

New Department Store.—To-day is "Opening Day" at Jarrell's large department store. It is scarcely worth while for us to say that the purchaser will find in the new store everything that could be desired for the household comfort as well as everything that appeals to the taste of the most exact and particular purchaser. Mr. Jarrell has bought his stock with the utmost care and precision, and visitors to the store to-day will see that he has made no mistake. Indeed the entire surroundings are all that could be desired in a splendid department store. Mr. Jarrell himself is a young man worthy of the patronage of every one. He is deserving of the greatest credit for his successful efforts to supply a means of keeping the country trade in Chestertown. He has associated with him Mr. Edward Newsome one of the best salesmen in Kent county, a young gentleman of splendid tastes and very affable manner, and we are quite sure that every customer will be treated with the most exact courtesy. Every one is cordially invited to examine the stock to-day and every purchaser is entitled to a dainty souvenir.

New Advertisements.

SUMMER COLDS

Produce Chronic Catarrh.

Madame Isabella Ellen Baveas.

Madame Isabella Ellen Baveas, Life Governor Grand Lodge of Free Masons of England, in a letter from Hotel Saratoga, Chicago, Ill., says:

"This summer while traveling I contracted a most persistent and annoying cold. My head ached, my eyes and nose seemed constantly running, my lungs were sore and I lost my appetite, health and good spirits. Doctors prescribed for me all manner of pills and powders, but all to no purpose.

"I advised with a druggist and he spoke so highly of a medicine called Peruna, that he induced me to try my first bottle of patent medicine. However, it proved such a help to me that I soon purchased another bottle and kept on until I was entirely well."—Madame Isabella Ellen Baveas.

Summer colds require prompt treatment. They are always grave, and sometimes dangerous. The promptness and surety with which Peruna acts in these cases has saved many lives. A large dose of Peruna should be taken at the first appearance of a cold in summer, followed by small and oft-repeated doses. There is no other remedy that medical science can furnish, so reliable and quick in its action as Peruna.

Address The Peruna Medicine Company, Columbus, Ohio, for a free book entitled "Summer Catarrh," which treats of the catarrhal diseases peculiar to summer.
