## DEMOCRATIC TICKET.

FOR PRESIDENT:

**JUDGE ALTON B. PARKER,**

OF NEW YORK.

FOR VICE-PRESIDENT:

**HON. HENRY G. DAVIS,**

OF WEST VIRGINIA.

FOR CONGRESS FROM THE FIRST CONGRESSIONAL DISTRICT;

**HON. ELIHU E. JACKSON,**

of Wicomico County.

THE ACTION of ex-Governor John Walter Smith at Ocean City on Wednesday in making the speech nominating ex-Governor Jackson for Congress from the First District is worthy of the highest praise. It was a splendid evidence of the desire of the former governor for harmony in order to insure the First District to the Democrats in the fall.

HON. WM. PINKNEY WHITE, the distinguished Baltimore lawyer, passed his 80th milestone on Tuesday. The life of the Ex-Governor has been well spent in the service of his native State, and few men have held the highest offices in the gift of his State with such dignity and grace as has the venerable barrister.

THE Baltimore City *News* has announced its support of the Democratic nominees, Parker and Davis. This leaves the Baltimore *American* the only paper in the city to champion a Republican lost cause. But still Baltimore city is more fortunate in this respect than Kent, for the Republican party here does not seem to have an official organ nowadays.

JUDGE PARKER was notified of his nomination for President of the United States by the committee selected at the St. Louis convention on Wednesday. The notification took place at Rosemount, the Judge's country home, at Esopus, on the Hudson, in the presence of the committee and 1500 leading Democrats of the country. Both the speech of representative Champ Clark, notifying Judge Parker of his nomination, and of the Judge accepting the honor, were strong arguments in favor of Democratic success this fall. The speech of Judge Parker will undoubtedly gain many votes on account of the manly and straightforward manner in which the Judge makes his position known on public questions. He will conduct his administration, if elected, without regard to a renomination which he postively declines to accept.

CHAMP CLARK, permanent chairman of the Democratic National Convention at St. Louis, gives a forecast of the election from which Republican leaders will find no consolation. While 239 electoral votes are necessary to election, Representative Clark claims at least 253 as reasonably certain for Parker and Davis, and says there are also 46 debatable votes that the Democrats have an even chance of capturing. The States which Mr. Clark thinks will "go" Democratic are:

| | | | |
|---|---|---|---|
| The solid South | 151 | Indiana | 15 |
| New York | 39 | Colorado | 5 |
| New Jersey | 12 | Montana | 3 |
| Maryland | 8 | Nevada | 3 |
| West Virginia | 7 | | |
| Connecticut | 7 | Total | 253 |
| Delaware | 3 | | |

There are four debatable States from which Mr. Clark thinks Parker and Davis will receive more electoral votes. These States are:

| | | | |
|---|---|---|---|
| Wisconsin | 13 | Utah | 3 |
| Illinois | 27 | | |
| Idaho | 3 | Total | 46 |

### ROOSEVELT'S DUSKY CALLERS.

A delegation of dusky Igorrottes from the Philippine Islands left St. Louis this week to call upon President Roosevelt.

What programme of entertainment was arranged for the dusky chiefs in the White House is not known. The "little brown men" have heard that the President does not draw the color line, and it is thought that they would be vastly disappointed and hurt if an invitation to dine with the President at the White House is not forthcoming.

One circumstance that may prevent the President from extending the hospitality of his table to his swarthy-skinned guests is the diversity of prandial tastes of the guests. Datto Fecundo, being a follower of the Prophet, will arise in his dignity and depart from the table should meat be served. If, on the contrary, savory poodle soup and cutlets should inadvertently be omitted from the bill of fare, it is certain that Antonio and Bucassan would immediately lose interest and appetite.

In the meantime Kermit is not taking any chances, but has loaned his bull pup and fox terriers to his friends on the next street until after the visit of the patrician dog-eaters.

THEODORE ROOSEVELT is banking on the negro vote in the doubtful States to win the election for him. If a man has to be raised to the highest office in the gift of so great a country as the United States by the illiterate and debauched vote of a non-taxpaying population, it is a sure sign of the approaching dissolution of national prestige and power. Intelligence and patriotism must rule this country and protect its institutions.

CONGRESSMAN KITCHEN, of North Carolina, in a speech in the House of Representatives, gave a picture of President Roosevelt as painted by the President himself in his speeches and writings. He showed that Mr. Roosevelt, in his published writings, has belittled nearly every President between Washington and Lincoln; has indorsed lynching as punishment for horse stealing as "healthy for the community;" has insolently proclaimed that Quakers "are not entitled to the privilege of living in a free community," because of their righteous aversion to the war that Roosevelt so glories in; that he holds riotous rum-swilling cowboys as "much better fellows and pleasanter companions than "small farmers," while the mechanics and workingmen of a great city "are not to be mentioned in the same breath" with them; he has classed as a "herd of cattle" those members of Congress who disagreed with him about our Philippine policy, and generally has held up foreign-born citizens to contempt. Holding so many good people in such contempt, it aught not to surprise Mr. Roosevelt, as Mr. Kitchin says, if the peeple "should express at the polls in November their contempt for him."

### THE CONGRESSIONAL NOMINEE.

The action of the First District Congressional Convention in nominating for Congress Ex-Governor Elihu E. Jackson is not only a deserved compliment to the venerable ex-Governor, who has given his time, his money and his influence for years to the success of the party he loves so well, but is extremely gratifying to his many friends in Kent county, who admire him for his fidelity to his party, and for his devotion to its time-honored principles. In season and out of season Gov. Jackson has been loyal to the people's best interests, and in view of what he has done for his party the nomination is a small reward indeed. In no better way could he have shown his great desire for the success of his party than by accepting the nomination against his brother, Hon. Wm. H. Jackson, whom the republicans renominated for Congress at Ocean City last week. Such action requires loyalty of the most delicate character, and since the popular ex-Governor has been willing to take such a step for the sake of his party's success, his party should reward him with a glorious election. It will, and his brother, Wm. H., won't care the snap of his finger because he has been there once, and is not on very good terms with Boss Stone, et al., of the Republican wigwam. The ex-Governor is very popular in Kent county, and the people will give him a 1903 majority in November.

### Watterson's Opinion.

Judge Parker will get, we think, the full Democratic vote. He will get, we think, all, or nearly all, of the independent vote. He ought to get, we think, at least a million of Republican votes. Rooseveltism, so called, is only another name for self-willed politics of the strenuous brand; Roosevelt the outer, visible, personal sign of boundless ambition and arbitrary power, reckless of consequences; but back of the man stands the organization labeled Republican; an aggregation of many interests and of some sentiments, led by a body of astute and more or less self seeking politicians, who consider nothing in public life beyond the winning of party battles.

### THREE VITAL QUESTIONS.

Shall the rule of corrupt corporations in politics and their controlling influence in government be further enlarged and confirmed by continuing in power a party closely allied with them by the granting of special privileges in the tariff, by the election of corporation agents to congress and to State offices, and through the reconstruction of the cabinet to meet their views?

Shall we continue a policy of reckless extravagance, as evidenced by the expenditure of more than $2,500,000 during the last four years, or shall we return to a reasonable economy?

Shall we, forty years after the end of the war and after a complete reconciliation of the once hostile States, tear asunder by a revival of the sectional issue the bonds of fraternity and concord—and this when the people of the South have just secured the nomination of a conservative and sound-money Democrat for President, and have given repeated instances of the strongest national and patriotic feeling?

**Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a Life Saved.**

"A short time ago I was taken with a violent attack of diarrhoea and believe I would have died if I had not gotton relief," says John J. Patton, a leading citizen of Patton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a twenty-five cent bottle and after taking three doses of it was entirely cured. I consider it is the best remedy in the world for bowel complaints. For sale by M. A. Toulson, Chestertown Md.
