LOCAL MATTERS.

Scholarship in St. John's College.—There is a vacant scholarship in St. John's College, Annapolis, to the credit of Kent county. By courtesy this appointment will come through Senator Garrett Foxwell. All applications for the scholarship must be sent to the senator, who informs us that he will endeavor to select the most worthy and deserving candidate from among the applicants.

Capt. J. P. Walmsley's Will.—The will of the late Capt. J. P. Walmsley, of Fredericktown, was probated at Elkton on Tuesday. The estate is valued at $15,000. One third is devised to his widow, Mrs. Elizabeth C. Walmsley, and two thirds ($10,000) to his daughter, Mrs. Indiana C. Davis, wife of ex-Sheriff John C. Davis, of Chestertown. The will stipulates that his daughter shall pay from her share $500 to Georgia W. Walmsley, a granddaughter. The widow and daughter are named as executrices without bond.

Severely Burned.—Capt James E. Walmsley, of Morgnec, was badly burned about the hands and face on Tuesday morning by the ignition of a coal oil stove. Capt. Walmsley had lighted the stove and in some manner it flared up making a dangerous blaze. He threw water on the flame to extinguish it, but the water seemed to cause it to burn the more. He picked the stove up to throw it out of doors and in doing so, his hands and face were burned rather severely. The stove was out of repair, and Capt. Walmsley had intended to replace it with a new one. He did so after the old one had done him harm. The house narrowly escaped destruction by the accident.

Wabash Will Own Queen Anne's Railroad.—The Lewes *Pilot* states that the Wabash will own the Queen Anne's Railroad. This is a new interpretation of the recent purported deal. Here are the views of the *Pilot:* "You will see, when the time comes, that the Pennsylvania Railroad Company has not bought the Queen Anne's. The Wabash are the future owners of that line. The Breakwater will be run to shore, coal piers will be built off here and a pipe line will be extended to Lewes beach to load oil steamers." The *Pilot* further states that without a doubt the Gould systems outlet will be at Lewes. The work of extending the Breakwater to shore will commence next year.

Bold Attempt to Rob.—A gang of robbers about 2 o'clock on Monday morning attempted to kill Warner Goff, night agent at the Pennsylvania Railroad Station, Dover. A large minstrel show that had been in Dover had just purchased tickets for a long distance off and the money from the sale of the tickets had swelled the receipts of the agent to between two and three hundred dollars. The agent went out of the station for a piece of baggage that was missing. He had hardly passed the door of the station when shots rang out and bullets whistled by his head. He drew his revolver and attempted to fire, but the bullets from the revolvers of his assailants flew so fast that he hastily retreated and gained the inside of the station. The authorities are on the lookout for two suspicious characters seen around the station when the tickets were purchased.

New Advertisements.

The advertisement of the Beck Walker company appears in this issue. This reliable company sells reliable fertilizers, and their merits have been thoroughly tested by the farmers of Kent and Queen Anne's counties. Their goods produced excellent results last year, and they are prepared to furnish the same reliable and high grade goods to the farmers this fall. See their advertisement in another column.

Read the advertisement of the Kent and Queen Anne's fair at Tolchester Aug. 30 and 31, Sept. 1 and 2. You'll see what they have there for your amusement and entertainment. The fair will be great this year and the races will be greatest. Everybody go.

Messrs. Shallcross & Massey, owners of Dewey Park, will have their annual tournament Sept. 7th. These are always delightful occassions at the Park, and the advertisement will appear next week with full particulars.

Joseph Guest of our town has a new advertisement in this issue. He has just received 20,000 feet Ruberoid Roofing, 10,000 feet Galvanized Corrugated Steel Roofing, also large lot of Carrara Paints, galvanized spouting and downfall pipe, water paints, cream separators, linseed oil and turpentine and other goods. See his advertisement in another columa.

Mr. P. A. M. Brooks will dispose of his large personalty on his farm near Kennedyville, and has rented his farm for 1895 to Mr. Samuel Nickerson. The advertisement of Mr. Brooks' personalty appears in this issue.

The Pepsimint Chemical Co's., advertisement appears in this issue. The Company has had a great run on this harmless and effective drug, and all who have tested its merits speak of it as an excellent remedy for those diseases which it guarantees to effect. See advertisement in this issue.

*†*The St. James M. P. Sunday school picniced at Worton Manor Beach on Thursday. Quite a crowd was present and enjoyed a delightful day.

A TRUE STORY.

How a Young Wife Regained Her Health and Beauty.

W. E. Birch, Afton, Va., an extensive fruit grower of that place, writes the following letter to the Peruna Medicine Co., of Columbus, Ohio. We print the letter in full:

Afton, Va., June 4, 1900.

The Peruna Medicine Co., Columbus, O.:

Gentlemen—"The country is so flooded with patent medicines of every kind that are worthless and a humbug, that I for one, am glad to be able to say I have found one that is everything and more than is claimed for it.

"My wife was very much run down and out of sorts in every way. She had a pelvic disorder which left her very weak, nervous and no appetite at all.

"One day I happened to be at my father's store, S. A. Birch, Coresville, Alb county, Va., and noticed your medicine he had there for sale.

"I thought it might help my wife, so I brought a bottle of it home and within a week she commenced to eat and now she is hungry all the time and not half the medicine has been taken. We both agree that it beats any medicine to bring on an appetite and to put the nerves in good shape that we have ever had anything to do with. We had our family doctor to give her medicine and he did all he could, but she did not improve the least. She has consumption in her family and she was in such bad shape; so run down, nervous, weak, and could not eat, that I had begun to get very uneasy, but your medicine made an entirely new woman of her. I believe she eats and feels better now than she has for years.

"I have not the slightest doubt but that your medicine has saved her from a long spell of sickness, if nothing more. All my family had begun to get uneasy, but, of course, she did not know it and I have only just told her of it since she has improved so much. I had no idea it would do half what it has and don't think there is another medicine made that will begin to compare with it."—W. E. Birch, Fruit Grower, Afton, Alb county, Va.
