LOCAL MATTERS.

TUESDAY NEXT, October 11, will be your last chance to register. Tuesday, Oct. 18, is for revision only. Democrats, get registered.

October Term of Court.—The October term of court will convene on Monday, October 17. Several important civl and criminal cases are to be tried, and this will likely prove an interesting session of court. The docket shows 36 civil cases, 5 appeal cases, and 13 criminal cases.

Hopps and Holland to be Held.—John Holland and William Hopps, the negroes held at Elkton jail, suspected of having a knowledge of the murder of Hon. Albert Constable, have not yet been released from prison. It is understood that warrants will be sworn out against them and that they will be detained until the December term, at which time the murder will be further investigated. The grand jury failed to find an indictment last week and was discharged.

Verdict Against Railroad.—The jury in the suit of Mrs. Sophie Hand, wife of Wm. T. Hand, of Havre de Grace, against the Philadelphia, Baltimore and Washington Railroad Company, which has been on trial in the circuit court at Elkton, brought in a verdict for $4,000 in favor of Mrs. Hand, who was permanently injured by being thrown from a train at Havre de Grace, upon which she was a passenger by its prematurely starting. Mr. W. H. Young, of Belair, and Albert Constable, of Elkton, were counsel for the plaintiff, and ex-Senator Austin L. Crothers and L. Marshall Haines represented the railroad company.

Drowned at Green Point.—John W. Jackson, colored, of Baltimore, a deckhand on the schooner Puritan, fell from a yawl boat off Green Point wharf in Worton creek last Thursday and was accidentally drowned. Dr. J. H. Hessey gave a certificate of accidental drowning, and the body was taken to Baltimore on the steamer Sassafras of the Tolchester Line. Acting coroner Jos. Duyer held an inquest with the following jurors: Wm. J. Tarbutton, foreman; Samuel Loller, Joshua T. Meekins, Carroll Loller, Henon Hurd, Arthur Loller, Thos. E. Taylor, Noble Gears, Philip E. Hurd, Harry C. Forsyth and Peter Clare. The jury rendered a verdict in accordance with the certificate given by Dr. Hessey.

Third District League Meeting.—The Democrats of the Third District Parker, Davis and Smith League, held an interesting meeting in Gears and Sheets hall, Worton, on Saturday evening. The speaker of the evening was Mr. Kerr Hepbron, son of Mr. Archie Hepbron, of Worton, and a law student at the Maryland University law school. Mr. Hepbron is a young man of much merit, is a splendid speaker, and for nearly an hour, he held his audience in close attention while he discussed the issues of the campaign in a forcible and eloquent manner. A goodly number of Democrats of the Third District were in attendance and every one present was determined to work for the election of the Democratic ticket.

A New Industry in Queen Anne's.—The Centreville *Record* says that Caleb Boggs & Son, of Cheswold, Del., are now engaged in a new industry in that section. They are employed in saving 4,000 lbs. of tomato seed, of which they already have bagged 3,000 pounds. Twelve persons are engaged in saving these seeds, which bring $1.25 a pound. Seven baskets of tomatoes are required to make a pound of seed. They are also saving 500 lbs. of pepper seed from five acres. It takes nearly three bushels of peppers to make one pound of seed. Now, here is a good idea for some of our farmers. It would pay them better to grow tomatoes for the purpose of saving the seed than to sell tomatoes at ten cents per basket. The seeds are always in demand and command excellent prices. It would not be a bad idea for some of our enterprising citizens to consider the propriety of establishing a tomato seeding factory. Remember, seven baskets of tomatoes make one pound of seed, and one pound of seed sells for $1.25. There should be good money in the scheme.

*†*One of our most respected citizens, who considers his pipe one of his best friends, was considerably worried on Wednesday because he thought his companion had gotten lost. He searched high and low for it, looking in all his pockets, on the mantle, out on the porch and every place where he thought a pipe would most likely be. Some of the lady folks, noticing his anxiety, inquired the trouble. The good citizen replied "I have lost my pipe, and can't find it." "Why," said one of the ladies, "*you have your pipe in your mouth,*" and sure enough he had been carrying the pipe *in his mouth* all the time he was looking for it. That's a good joke on the good citizen, sure.

LITTLE LOCALS.

*†*Some one poisoned one of Mr. Charles L. Dodd's valuable rabbit hounds one night this week.

*†*All the electric light shades on the streets of town are receiving a coat of white paint.

*†*Chestnuts are ripe. Parties among the young folks are in order now, and to-day will inaugurate the season.

*†*Mr. Wm. R. Clough has purchased the McFadden mill property in Queen Anne's, for $1,150. The property was sold at tax sale.

*†*Messrs. Baker and Greenwood are beautifying Mr. George B. McWhorter's residence on College avenue, with an appropriate color of paint.

*†*Master Thomas Dixon suffered a dislocation of his collar bone on Wednesday afternoon while engaged in a practice game of football on the college campus.

*†*Dogs got into a flock of sheep on the Wickes farm, near town, owned by Mr. Wm. E. Jarrell on Monday night and killed and mangled ten. It is not known to whom the dogs belonged.

*†*The town of Berlin, in Worcester county, was visited by a conflagration on Saturday which destroyed three mills, two churches, and sixteen dwellings, causing a loss of $60,000.

*†*Owing to the storm damage, the Chester River Company has reduced the freight charges on pears shipped during October from 6 cents to 4 cents per basket. This will be much appreciated by the shippers.

*†*The Keiffer pear crop is beginning to move to market, and notwithstanding the reports to the contrary, the farmers of the county expect a good crop. The fruit is in good condition and the price will likely be satisfactory.

*†*Mr. Wm. J. Hurlock, of near Kennedyville, has lost very suddenly and very unexpectedly within the last ten days two of his horses by death. What caused their death remains at this writing an unsolved mystery.

*†*The Washington College football team will play its first game of the season with the strong University of Maryland team this afternoon on the college campus. The college team is heavier and much better than last year and a great game is expected.

*†*Comptroller of the Treasury Atkinson has made the distribution of the State public school tax for the quarter ending Oct. 1. The amount is $200,000 the largest ever distributed for the first quarter of the year, the tax rate having been increased 4½ cents. Kent's share of the distribution is $3,057.21.

*†*Contractor Frank M. Miller is progressing nicely with the work of installing the heating plant at the College. It will be ready for use by the time it is needed, and the students are delighted. Said one of the boys the other day—"Our rooms are fine now, and the steam heat will be greatly appreciated."

*†*The supper and festival advertised by the ladies of Wesley Chapel to take place Saturday, Oct. 15, has been posponed to Saturday, October 22. The posponement was done in order that Wesley Chapel would not conflict with the Piney Neck, M. E. Church supper and festival which will be held Saturday, Oct. 15.

*†*Chrysantnemum buds are begining to burst and the ladies will have to be turning their attention to their annual Chrysanthemum Show. These are always a souce of much pleasure and interest and the "mum" show has done much towards creating a friendly rivalry in the cultivation of autumn's most beautiful flower. Keep the good work up, ladies.

*†*This is the season of the year when rabbits, partridges and other fall game are just beginning to ripen into maturity. The game wardens and constables, to whom the law gives authority for making arrests for violation, should exert every effort to apprehend every violator of the law and make arrests. The prospects are for a good season both for rabbits and partridges.

*†*The Pepsimint Chemical Company held a preliminary meeting on Thursday evening looking to the complete organization of the Company. A meeting was held last night when the books of the company were opened and about two-thirds of the necessary stock to be put on the market was subscribed. The incorporators of the company are Messrs. John M. Toulson, the inventor of the remedy, W. W. Chapman, J. H. Sides, L. B. Russell and M. Wilbur Thomas.

PRISONER COMMITS SUICIDE.

James Thompson, a Kent County Prisoner, Hangs Himself in the Maryland Penitentiary.

James Thompson, colored, 34 years old, who was serving a term in the Maryland Penitentiary for the murder of his stepson, William Hynson, at Melitota, in 1897, committed suicide in his cell at the institution on Monday morning by hanging himself with his suspenders. He was received at the Maryland penitentiary May 4th, 1898, and Warden Weyler says of him that he was one of the best behaved and most obedient of all the colored prisoners. His mind became suddenly unbalanced and he was constantly haunted by the fear that a mob was after him to lynch him for the crime he had committed, and when alone in his cell he tied one end of the suspenders around his neck and fastened the other end to an upper cross-bar and was dead when found.

The crime for which Thompson was committed took place at Melitota, and is still fresh in the minds of the people of the county. Thompson and Lemuel Carter, also colored, together with Hynson and Carter's daughter, were at a picnic, and the two older men became angered at something Hynson said to the Carter girl.

Thompson and Carter got a shotgun and returning to where Hynson was, began to quarrel with him. The quarrel was terminated by Thompson shooting his stepson and killing him instantly. Both Thompson and Carter were arrested and convicted, although they averred that they acted in self-defense, and both were sent to the penitentiary. Carter died in prison April 20, 1899, of an abscess on the brain.

BEATING OF THE HORSES' HOOFS.

With the coming of the grand October days horse back riding is becoming quite a diversion, especially among the ladies. Among those who enjoy the exhilarating sport we notice Misses Mary Rogers, Jennie Hines and Anna B. Smith. Each of these young ladies owns a fine saddle horse, and their riding is very graceful and skilful. Among the gentlemen folks, Messrs. Hiram M. Brown, Wilbur Eliason, Jr., and George Brice are owners of fine steeds and enjoy the sport very much.

After many efforts the old Maryland Jockey Club is to be rejuvenated, and racing at old Pimlico under the management of the club is to be instituted. The first week in November has been selected as the time for holding a series of races and many of the country's greatest runners will be entered. This will be one of the greatest social events in the city of Baltimore during the year.

Bedworth, Jr., 2.06½. is entered in the free-for-all classes at Hagerstown and Frederick fairs. After his engagement at Frederick he will return to his comfortable winter quarters at Rose Hill farm, near Chestertown.

Newspaper reports have almost killed two champions this year—Dan Patch and Lou Dillon—but both are recovering and will soon be as fast as ever.

Among the Eastern Shore horses that have won money and fame for their owners this season are Bedworth, Jr., 2.06½, owned by Wm. A. Bell, of Chestertown; Silver Queen, the promising two-year old Bedworth colt, half-mile record 1.22, owned by John Rice, of Fairlee; Happy Jay 2.16¼, the handsome iron gray trotter by Happy Partner, owned by Mr. James Merrick, of Sudlersville; Miss Rosedale, 2.16¼, owned by Baldt stock farm, Westover, Somerset county, and Marydel, 2.13½, formerly an Eastern Shore mare, but at present owned and driven by "Uncle Bill" Nicholson of Baltimore.

Democracy, 2-06½, the greatest race horse ever raised in Queen Anne's county, by Happy Partner, is up in Canada taking everythiag that comes his way. He is getting along in years but like good old "Aunt" Effie Powers, he is still adding the coin to the pocket of his owner, and is never behind the money.

Lou Dillon's mile in 2.02¼ at Cleveland Ohio, last week is the fastest ever trotted by any animal that was not accompanied by a runner as pace maker. She trotted the last half in one minute flat. It looks as though she may be good for a mile in two minutes at Memphis if conditions are favorable and she does not go wrong.

Sweet Marie, 2.06¼, is still the greatest money winner of the year and is a great card for the famous son of Aleyone that sired her. She was leased by a Philadelphia sportsman at the beginning of the season and is being driven at present by Alta McDonald, one of the most famous grand circuit reinsmen in the country.

Mr. Wm. B. Biggs, the crack Middletown horseman, is giving the grand circuit talent some trouble with his two fine racers, Barnett B. and The Master. Both horses are doing splendid work under the skilful guidance of Mr. Biggs, and Barnett B. has gotten a mark of 2.12 in some of his recent performances.

Allerton, 2.09¼, is the leading sire of the year to date.

Prince Alert has recently paced a mile without a wind shield, in 2.03½ on a half mile track. He went to the half in one minute. This is the world's record on a half mile track.

This year has not produced a single two minute trotter. No records, either trotting or pacing have been smashed, and yet some phenomenal time has been made in many of the grand circuit races. At the two remaining grand circuit meetings for the season, Lexington and Memphis, it is likely that Lou Dillon, Major Delmar, Prince Alert and Dan Patch, if he is in condition, will make mighty efforts to lower the world's records for trotters and pacers. Dan Patch is now the world's fastest pacer, while Lou Dillon is queen of the trotting world.

In the face of all the furore against the practice, more heats were laid up in 1904 to September 1, than during the same period in 1903. The figures are: 1903, 999,968; 1904, 999,973. One of the greatest causes of the growing lack of interest in light harness racing is the laying up of heats and the selling out of races.

Mr. George Jones, the veteran horseman of Kennedyville, is the proud possessor of a week-old Belton colt, out of Henrietta, his reliable pacer, 2.17¼.

Grace Bond broke two world's records on Tuesday at Lexington, Ky., by winning the first two heats of the great Kentucky Futurity valued at a little less than $14,000 in 2.09½. This same mare was the winner of the two-year-old Futurity last year. Grace Bond was bought by the present owners, Jas. T. Gatcomb and George L. Theobald, of Concord, N. H., from R. H. Plant, of Macon, Ga., for $10,000. She was bred in Kentucky and sold to Mr. Plant by her original owner for $1200.

There is a decided tendency on the part of the people of Chestertown to improve the character and style of their teams. They are no longer content to ride in the old family carriage, the dog cart or the gig; but now it is the nobby runabout, the stylish trap or the handsome surry. Our livery stables, as well as private citizens are devoting much more care and attention to their teams, and when an order is filled nowadays, we find anything we call for, from the runabout to the handsome double team standing at our home or office doors. The runabout with its noiseless rubber tires seems to be the most popular "turn out" among our young people and among those who can show fine "rigs" are Mrs. Clifton L. Jarrell, Mr. Merrick Clements, Mr. Harry Jefferson, Mr. Jas. D. Lucas, Mrs. Hope H. Barroll, the Greenwood boys, Wm. W. Beck, Esq., R. D. Hynson, Esq., Dr. G. Allan Jarman, Lewin W. Wickes, Esq., the McWhorter boys, the Eliason boys, Mr. Harry Cannon, Mr. Thos. D. France, Wm. W. Chapman, Robert G. Nicholson, Hiram M. Brown, Jas. G. Beck, D. B. McMenamin, Mrs. Wilbur W. Hubbard, Miss Mary Rogers, and Arlington L. Sparks. Among the double teams that attract considerable attention may be mentioned, Mrs. R. D. Hynson's team of light bays, Mr. Geo. Hatcherson's pair of stylish blacks, Mr. Charles S. Smith's well-matched bays, Wilbur W. Hubbard's little black roadsters, Robert McWhorter's pair of handsome sorrels, Mr. Thomas W. Eliason's pair of light bays, and others. There is no town on the shore that can produce more stylish turnouts, and it is a good sign for the future of our town and county that a great deal more attention is being paid to the kind and character of stock. There are also some very fine teams in the county.

New Advertisements.

Clifton E. Jarrell, proprietor of the large department store, corner High and Queen streets, announces his fall opening. Mr. Jarrell has selected a most excellent stock of goods for the fall and winter trade in dress goods, ginghams, linings, sweaters, gents' furnishings, shoes, queensware, groceries, etc., and is prepared to offer the trade splendid bargains in each department. His show windows are beautiful and he and his clerk are obliging and courteous to all. He wants your trade. Call to see him.

DIED.

The infant child of Mr. and Mrs. Albert Rawleigh died on Friday last. Funeral services were held on Sunday afternoon and interment was made in Chester cemetery.

The infant child of Mr. and Mrs. Walter Copper, of Fairlee, died on Saturday and interment was made on Monday.

THE OLD FOLKS AT HOME

Are Never Without Peruna in the House for Catarrhal Diseases.

MR. AND MRS. J. O. ATKINSON, INDEPENDENCE, MO.

UNDER date of January 10, 1897, Dr. Hartman received the following letter:

"My wife had been suffering from a complication of diseases for the past 25 years.

"Her case had baffled the skill of some of the most noted physicians. One of her worst troubles was chronic constipation of several years' standing.

"She also was passing through that most critical period in the life of a woman—change of life. In June, 1895, I wrote to you about her case. You advised a course of Peruna and Manalin, which we at once commenced, and have to say it completely cured her. She firmly believes that she would have been dead only for these wonderful remedies.

"About the same time I wrote you about my own case of catarrh, which had been of 25 years' standing. At times I was almost past going. I commenced to use Peruna according to your instructions and continued its use for about a year, and it has completely cured me.

"Your remedies do all that you claim for them, and even more. Catarrh cannot exist where Peruna is taken according to directions. Success to you and your remedies."

John O. Atkinson.

In a letter dated January 1, 1900, Mr. Atkinson says, after five years' experience with Peruna:

"I will ever continue to speak a good word for Peruna. In my rounds as a traveling man I am a walking advertisement for Peruna and have induced many people during the past year to use Peruna with the most satisfactory results. I am still cured of catarrh."

John O. Atkinson,
Box 272, Independence, Mo.

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people.

This explains why Peruna has become so indispensable to old people. Peruna is their safe-guard. Peruna is the only remedy yet devised that meets these cases exactly.

Such cases cannot be treated locally; nothing but an effective systemic remedy could cure them. This is exactly what Peruna is.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
