THIS IS THE SEASON OF THE

Elegantly Picturesque in Millinery

The large picture hats are pre-eminent for evening as well as daytime wear. Yet so varied are the shapes, that each individual taste is amply met.

The full autumn showing invites you.

The New Color Schemes of the Season

A dozen different whims have given us the beautiful combinations on these hats—indescribably bold and dashing, or faint and alluring.

When Marie Antionette sat up all night with a gay party of friends to watch the sun rise, it made dawn pink the fashion, It is here in a marabou hat as soft as a cloud.

Because the Princess de Lamballe affected shades of pink, lavender, blue and green, wonderfully blended, this combination has been revised.

A certain shade of pale blue is much in vogue, as it matched Marie Antionette's eyes.

But, besides these, there is the whole garaut of vivid flame colors, ranging from the volcanic yellow of flamme du Fujiyama down to dull, smouldering red.

There Are Also New Shapes.

Crowns are high and brims are wide, to go with full skirts and large sleeves. The hat seen most in Paris at present has a medium high stiff crown, elongated from back to front and slightly sunken at the top. The tall, box-like crown—severe, uncompromising, yet regal—is also a favorite. The trimming is high in front.

A Hint of the Novelties.

Trimmings of marabou feathers have taken London, Paris and America by storm.

Taffeta hats are in again, elaborated with every sort of shirring and pleating.

Hand-work plays a larger part in millinery than it has for years. Nodding plumes and softest chiffons with velvets make the richest and most beautiful headgear.

Most of These Hats by Our own Milliners.

Yet they have missed none of the new points brought by cables and letters and models from Paris. It will not be at all strange if you pick up one of them, expecting to see a Paris label inside. We are proud of them all.

$2.00 Black Peau de Gant, $1.05.

Imported Black Peau de Gant—pure dye ; 24 inches wide. One of the most beautiful silk fabrics, and extremely stylish this season. $1.05 a yard, though market value is $2.00.

Our Mail Order Department is equipped to give prompt and accurate service.

The McCall Bazar of Fashions mailed free every month on request.

Samples of Silks, Dress Goods, Wash Fabrics and so on will be cheerfully sent if you will write for them.

W. C. T. U. NOTES.

A meeting of the County Executive Committee was held on Oct. 6, at the home of Mrs. H. Benge Simmons. An interesting feature was the minutes of the convention in detail by Mrs. Simmons, sec. pro tem. The report showed much care in condensing the ideas advanced by the several speakers. The list of superintendents was revised making the officers of the county union as follows:

President, Mrs. L. M. Corey; vice-pres., Mrs. Emma Shafer; sec'tys., Mrs. S. M. Usilton, Mrs. L. M. C. Smith; treas, Mrs. S. J. White; Superintendents—Evangelistic, Mrs. Avis E. Vannort; Sabbath Observance, Mrs. L. J. Legg; Sunday School, Mrs. Habbart; Scientific Temperance Instruction, Mrs. E. A. Nicholson; Literature, and colored work, Mrs. M. E. Brown, L. T. L., Miss Annie Redmile; Almshouse, Miss Anna Leaverton; Parlor meeting, Mrs. W. B. Coppes; Flower mission, Miss Gussie Cannon, Purity and unfermented wine, Mrs. S. M. Usilton; Contests, Mrs. L. M. Smyth; Prison and jail, Mrs. James Brice; Press work, Mrs. S. A. Hurlock; Narcotics, Mrs. E. Shafer; Kindergarten, Mrs. S. L. Thomas; Legislation and petition, Mrs. H. B. Simmons.

Any one failing to serve will notify the president promptly. The subject of resolutions was discussed and the following adopted.

Resolved, That we commend the work of Chestertown Union in its effort to protect children from the use of tobacco and cigarettes, by placing in the school rooms of the county printed cards of the law; and that we urge the teachers to explain to pupils the pernicious effects of tobacco in its various forms and the illegal use of the same. Also that we ask the Grand Jury and State's Attorney, according to the power vested in them, to investigate the manner of tobacco and cigarettes being procured by small boys as habitually seen on the streets.

Resolved, That we appreciate the ready response of those asked to represent the different co-operative forces for temperance, with forcible argument—the Press, Church, Young People's Societies and last but not least the school, where a great force was demonstrated by the President of the County School Board, principals and teachers of Chestertown Public School with Children of Honor Roll numbering about fifty.

Resolved, That we acknowledge our obligation to T. F. Garey, Jr., for substituting a popular lecturer who ably entertained the audience in place of the contest advertised.

Resolved, That we extend our thanks to those furnishing music at the convention, especially to members of the two choirs of the Methodist Churches, who at the sacrifice of time and other duties rendered delightful music for the evening, also to the entertaining union and all who contributed to the success of the late W. C. T. U. Convention.

The State Convention being held in an adjoining county it is urged upon members and friends of the cause to attend. The attractive town of Centreville will welcome the convention on Oct. 18-19-20. An interesting oratorical contest will take place on the eve of first day. Miss Ida Hudson, from Kent, is to be one of the contestants. Both the corresponding secretary and acting treasurer reported being unable to render an accurate report to state and hold the same because of confusion in the unions respecting members. No member can be counted in county and state work till all dues for same are in the treasury.

To avoid complications in the future for our new treasurer and corresponding secretary, the unions are asked to send no money for state or memorial fund except through county treasurer that her report may correspond with that of corresponding secretary as received from the different unions.

Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual threatment. It is for sale by M. A. Toulson, Druggist, Chestetown, Md.

MILLINGTON MATTERS.

The commissioners, in responding to public opinion and the desire of the majority of the owners of adjacent properties, decided to straighten and widen Cypress street from Sassafras street to Crane street, making the curb line 40 feet apart and the bridging line 60 feet. Most of the owners have given the required amount of land, realizing that the improvement in appearance, the widening of the roadway and the better insurance rates and fire protection were more than a fair offset to the value of the land given. In the case of H. H. Beneman, however, it was found necessary to resort to condemnation proceedings. Sheriff Keyser was here on Wednesday morning and impaneled the following jury: D. James Hall, foreman, Jos. Mallalieu, John S. Newnam, James B. Stevens, Jr., B. F. Vansant, F. S. Bottomley, C. L. Turner, C. M. Hurtt, Chas. O. Cacy, Jas. E. Hurlock, J. G. Moore and Dr. N. Comegys. Marion deK. Smith, Esq., represented the commissioners, and the jury after viewing the plot of the new street lines, and the 4 foot 9 inch strip of land required to be taken, decided that the widening was necessary and proper and that Mr. Beneman be awarded nominal damages of five dollars.

All other streets in the burned district are to be widened and straightened, and there is talk of opening a new residence street parallel to Cypress street through the land of C. M. Hurtt, J. E. Hurlock, Mrs. Helen Rasin and others. The improvement is imperatively needed as there are practically no building sites available for residences.
