SEED CORN!

Would you like to grow 200 bushels to the acre. The only variety that will produce this amount is my

IMPROVED COLLOSAL YELLOWDENT.

After years of constant care in selection and propagation, I have produced in this variety a world beater. Single stalks frequenSly produce two ears of 16 to 20 rows and more than 12 inches in length each. Single ears 14 to 16 inches are common on good land. In 1903 on a 6¾ acre lot I produced 1352 bushels in the ear. Notwithstanding last year's drouth it averaged 114 bushels per acre.

In a test case in Talbot county last year it produced from 20 to 70 bushels per acre more than Home Builder, Central State Despatch, Legal Tender, Yard Long and 9 other varieties.

All my Seed Corn is carefully selected and dried quickly in specially prepared cribs. All ears pipped.

Descriptions of two splendid varieties of early white corn—"White Elephant" and "Farmers Interest" sent on application.

YOUNG MEN'S SOCIAL AND LITERARY SOCIETY.

Sixty Young Men of the Town Organize a Society for Their Social and Moral Welfare—The Movement but the Beginning of Greater Things in the Future.

Sixty young men of the town met in the basement of the Hotel Imperial last Monday evening and organized the Social and Literary Society of Chestertown. Through the courtesy of Mr. Wilbur W. Hubbard, one of our public-spirited young men, a room in the basement was fitted up for the meeting and has been donated as the temporary meeting place for the young men. The various officers of the society were elected and committees were selected for the performance of various service, and these committees have been at work devising plans for the government of the society, as well as for the character of the work. Scarcely has a more commendable movement been inaugurated in Chestertown, and judging from the interest manifested by those present the society will be a great success and will fill a long-felt want in our town. A committee on securing subscriptions was appointed, Mr. J. E. Ferguson, chairman, and the committee have waited upon the people of the town for contributions which will be devoted to furnishing the room and equipping it with magazines, good books, amusements and a gymnasium. The responses on the part of the people have been generous, and nearly one hundred dollars has been raised. Sixty dollars were contributed by the young men present on Monday evening towards the success of the enterprise, and we will say here that this movement is but the beginning of a plan that has been in the minds of some of our young men for some months to provide the town with a building which can be used for just such purposes. The movement will be pushed now for all it is worth, and it is likely that in the near future Chestertown will have a young men's building where they may congregate for social and moral benefit. The next meeting of the club will be on Wednesday evening at 7.30 o'clock, when an interesting musical and literary programme will be prepared. The following officers, committees and board of managers were elected :

President, Thomas D. Bowers.

Vice-president, Houston Toulson; 2nd vice-pres., W. B. Usilton, Jr.; 3rd vice-pres., George Peacock; 4th vice-pres., Maxwell Blakeney.

Mr. Wm. F. Russell was made temporary chairman of the meeting and presided with his usual dignity. Mr. Houston Toulson was named as temporary secretary. After the election of officers and the naming of committees a general discussion took place as to the nature of the society and the character of the work, but it was deemed best to submit the whole matter to the committee on By-laws and the Board of Managers. The meeting was a very enthusiastic one, and all present were very grateful to Mr. Hubbard for his interest in the movement and the liberal donation of his room. May the society be a success and a permanent blessing to the young men and boys of the town.

CHILD BURNED TO DEATH.

Mother Left it in House With Other Children While She Went to a Neighbor's to Work.

A colored child in a family by the name of Briscoe, living near Galena, was burned to death this week. The mother left three of her children in the house, while she went to a neighbor's to do some work. The older of the two children thought the youngest was cold and pulled it near the stove to get warm. It got too close to the fire and its clothing caught fire. The two children ran out of the house to tell the mother of the accident, but when she got to her home, she found the child shockingly burned. The flesh was terribly burned and the child died in great agony the next day. The house narrowly escaped destruction.

First Steamer Since December 14.—The steamer Susquehanna made the trip to Georgetown and Sassafras river landings last Tuesday for the first time since Dec. 14th. The steamer was loaded with freight and passengers to her full capacity and received a hearty welcome all along the route. She made the trip without difficulty and will continue according to schedule. The Ericson Line boats succeeded in reaching Philadelphia via C. & D. Canal on Monday. this marks the resumption of all bay schedules with the exception of the Port Deposit Line.

OYSTER SEASON NEAR END.

The Dredging Season Closed On Wednesday With a Larger Yield Than Last Year. Tonging Season Ends April 25th.

The oyster dredging season closed on Wednesday, and notwithstanding the length of time the grounds were closed by ice, the yield is said to have exceeded that of last season. The tonging season will be continued until April 25th, with five or six days added in order to give the tongers a chance to get rid of their supply. The oystermen say that the severe weather of the past winter has not killed the oysters, and that they have received fair prices for all they have caught. The one unfortunate thing about the business is the usual severity of the weather, when the enforced idleness of the tongers and dredgers furnishes the opportunity to spend the profits of their good weather work, and the season after the winter closes is hardly long enough for the dredgers to make up for the lost time. The tongers have the better opportunity to repair the damage of the winter and many of them in a measure make good for the lost time. The prevalence of mussels on the oysters has materially affected their sale this year. There has scarcely been a season when the plague has been so bad and the mussels have affected the measurements, as they have taken up much space. The flavor and the size of the oysters have been about normal, and altogether prices have been satisfactory. The one discouraging thing has been the weather which has resulted in much loss to the oystermen of Rock Hall and other places in the county. The oystermen however, report plenty of young oysters in the bay and tributaries and point to this as an encouraging sign for next season.

*†*Mr. John Hessner, of Kennedyville, broke his arm last Saturday afternoon while playing ball. Dr. Barwick set the fracture.

WILMINGTON M. E. CONFERECE.

The Wilmington Conference M. E. Chuch began its annual session in Grace M. E. Church, Wilmington on Wednesday morning, Bishop Goodsell presiding. The Conference session was organized by the election of Rev. W. A. Wise, of Seaford, Del., secretary, who named as his assistants, Revs. W. R. Mowbray, Z. A. Webster, G. P. Jones and L. E. Poole. Rev. H. A. G. Westerfield was re-elected statistical sectretary, and Rev. H. G. Budd was re-elected treasurer. The question of the character of the ministers was the occasion for the beginning of the Corkran-Baker case. After much discussion the conference deceived to try the case before a selected committe of 15, with Bishop Foss presiding. The counsel in the case are as follows: For the church—Revs. E. W. McDowell, Philadelphia Conference; Wm. Wirt King, Grace Church; A. W. Lightbourne, pastor of Epworth; J. W. Easley, pastor of Harrison street church. For the defense—Revs. J. A. B. Wilson, California Conference; J. B. Mann, Central Pennsylvania Conference; J. D. C. Hanna, Philadelphia Conference, and R. T. Coursey and J. M. Lindale, of Wilmington Conference. The trial is being held in St Paul's M. E. Church, and is the most important feature of the Conference. The following is the committe of 15 selected as a jury: Revs. L. L. E. Barrett, J. O. Reese, E. H. Nelson, William Cashmore, F. C. McSorley, J. W. Jones, J. R. Outten, V. E. Hills, C. A. Hill, G. W. Townsend, G. L. Hardesty, G. T. Alderson, C. W. Prettyman, E. P. Roberts and Asbury Burke. Should Revs. Corkran and Baker be convicted of stockjobbing, they may be expelled from the conference.

Various committees were appointed and the routine work of the conference is being attended to with promptness. The reports of the Presiding Elders of the various districts are interesting and show progress along all lines of church work. The conference session will likely close on Tuesday evening when the Bishop will read his appointments for the ensuing year. The Corkran-Baker trial is likely to continue during the entire session of conference. Dr. J. A. B. Wilson is fighting every inch of the ground for the defendants and he and Rev. A. W. Lightbourne are having some interesting legal tilts in connection with the case.
