SATURDAY, MARCH 18, 1905.

OYAMA made Kuropatkinski runski for his lifeski, and there is nothing left of the Russians in Manchuria but the ,'Ski."

NINETEEN people lost their lives in a tenement house fire in New York city on Tuesday. A mother and child were burned to death in a midnight fire in Baltimore on Saturday.

STREET CARS in Baltimore stop on the *far* side of the street. This is worth remembering, if you known what the *far* side is when you are in the city.

THE SMYRNA CALL has made its appearance again after a cessation of business for several months. It has simply been recuperating and comes out stronger and better than before.

THE CECIL DEMOCRAT, George R. Ash, Esq., editor and owner, made its appearance on Saturday in a new and improved form. It has been changed from the cumbersome four page to a convenient and neat eight page paper. The *Democrat* is the oldest paper in Cecil county and some of the county's most distinguished men have been its editors. Bro. Ash is by no meaus the least of these, and he is doing much towards making his paper a great success. Our best wishes.

WHILE PRESIDENT ROOSEVELT is preaching sermons to mothers several of his cabinet officers and Vice-President Fairbanks are laying their wires to pull the Presidential nomination in 1908. From the way Mr. Roosevelt is doing things these days it looks like he may take a hand in that nomination himself, and will not only name his successor but will nominate Booker T. Washington for the vice-presidency. But maybe the northern people will get enough of negro appointees to office before 1908.

THE DETERMINATION on the part of the young men of the town to provide themselves with a place of social and moral amusement should receive the hearty co-operation of every individual in Chestertown. The fact that sixty young men were present at the initial meeting, and that nearly $50 were subscribed toward equipping a room with good literature, a gymnasium and amusing and innocent games, is an evidence that these young men earnestly desire such a place, and we trust that no one will attempt to discourage the movement in the least. If there is a need for anything in our town, it is a place of this kind where the young may learn something that is moral and elevating. The movement should be encouraged, and if anyone is asked for a subscription we hope he will respond liberally. Let us do something to save our young men and to throw around them the influence of morality and right living, and the prosperity and spiritual welfare of our town will be assured. It is hoped that every young man of the town, regardless of church affiliations, will join the society and help make it a great success and a wonderful blessing to our town.

MESSRS. EDITORS—*Dear Sirs:*—In answer to your correspondent who signs Second District Democrat.

In the first place we did not intend this game law to be either partisan or factional.

In the second place we did not think that it would be answered with sarcasm. The words were used merely to let the people know that there was more than one interested in it which we may show later. He takes exceptions to the pay of the game wardens. We do not know how he gets his figures, but surely the pay is small enough if they did their duty as set forth in the proposed law. In regard to protection of property owners we think the trespass law gives them all the protection possible, as every gunner is a trespasser who guns on another's land without his consent, with or without a license. We agree with him as regards invited guests of land owners or tenants of farms. We think they should stand equal with a resident, that is pay one dollar license, all others five dollars. We did say if anyone had something better to offer we would like to hear from them through the county press. If he has offered anything new we failed to find it. Landlord, of Massey, says that every Tom, Dick or Harry, black or white, by paying a license can gun. We would ask landlord if they do not gun now and pay nothing toward buying stock game, but kill game that others have bought, at least it is so in this community.

He asks what the people around Kennedyville want *anyhow*. We want a law requiring every gunner to pay a license of one dollar, so that all may contribute equally in the purchase of game which must be purchased if we have any. His principal objection seems to be with regard to non-residents. We are willing that they should be equal with a resident if invited by land owners or tenants. The laws of Delaware require a non-resident to pay a license before he can gun. No gunner would hardly object to paying a dollar if game was plenty. And what gunner would ask a friend to come and shoot partridges in Kent county now? As scarce as they are there are forty-four hundred voters, one-half of which will pay license and with the young men not of age will bring the total to three thousand dollars. After paying the game wardens it will give to each district at least three hundred dollars to purchase game.

Your correspondent from Rock Hall is nearly with us. Thank you Fifth District. We are in hopes if the proposed bill should become a law that our State Central Committee will recommend to our Goveonor men that will not ignore the game or any other law.

But such men as we have in our Levy or Orphans Courts of our county. He is right in regards to dogs running at large. We have a law now which says that the County Commissioners shall appoint ten additional constables for each District to prosecute owners of dogs running at large. Why they do not do so we do not know.

We want to thank you Messrs Editors for the interest you have taken in the game of the county, and we are glad that three men have let their thoughts be known through the press. We would like to hear from others.

Yours truly,
JOHN MEDDERS.

MESSRS. EDITORS:—*Sirs*—We are very much pleased to see so many people interested in the game and the laws relating thereto of our county. But they seem to misconstrue the intention of the proposed law. One correspondent would like to know what the people of Kennedyville want. We suggest in the proposed bill, that each gunner pay one dollar into a fund, (a careful estimate places the number at more than twenty-five hundred) each year for the purchase of, and protection of game. After paying the wardens the small sum the bill suggests, there will more than two thousand dollars for the purchase of game each year. Does either "Landlord" or "Democrat" object to such a proposition? Does any gunner object to it? Would not all gunners prefer more game than we have had of late years? If anyone can suggest a better method to increase our game we will be glad to render our assistance. So far as the "now resident" clause, we fully agree with both "Landlord" and "Democrat," but they seem to overlook the fact that this is not of our origin, but has been a law for ten years. See Act 94 chapter 501, section 37, change this law, make the owner or guest equal with your neighbor. "Landlord" says: every Tom, Dick and Harry, black or white will gun with such a law. Does not every body gun now that wishes to. Now "Mr. Landlord" you must certainly know that a licence would give the gunner the same right that he now has, i. e.—to gun on another's property only with his permission. What more protection would "Democrat" like to have for owners and friends, if some one has aggrievd him, why not enforce the trespass law. Does not it offer ample protection? "Fifth District," offers some good suggestions and agrees with us in some things. In some he disagrees. In answer to why shorten the season, the farmers themselves have suggested this part. The farmer is usually a busy man the early part of November and has but little time to gun, also to conform to the Queen Anne's laws which opens on the fifteenth. Do not our neighbors across the river have several days sport with our game before they are allowed to kill their own? As to the wardens violating the laws themselves, we hope to have men appointed who will fulfil their duty. As to dogs being allowed to destroy game at any and all times, we refer you to the following: Act 94 chapter 501, section 40. Any owner of dog or bitch, who shall allow his dog or bitch to run at large and hunt any bird, rabbit or squirrel at any time when it is unlawful under any section of this Act, to hunt such bird, rabbit or squirrel, shall be deemed guilty of a misdemeanor and upon conviction thereof, by any justice of the peace for Kent county shall forfeit and pay the justice of the peace trying the case, a fine of five dollars and costs of prosecution. Section 41, any owner or tenant may kill any dog or bitch found hunting out of season on their land, and the owner of such dog or bitch so killed shall have no redress at law. As to the tax on dogs, why not tax the dog and give the money to the county commissioners to be used in connection with State aid for good roads. And last. Why not pay the wardens? How would Second District "Democrat" collect the money should this bill become a law? How would he enforce the law without the warden? Is not the game law openly violated now? Who would he have look after the purchase of stock game and for the performance of their duties, should they not be paid? Gentlemen, let us hear from you again, and all others interested in the preservation of our game. J. C. REDMILE.

HOPE H. BARROLL and JAMES J. ARCHER, Attorneys.

Order of Publication.

James J. Archer and Hope H. Barroll, trustees, vs. Henry W. Archer, of Robert.

In the Circuit Courty for Kent Count in Equity.

No. 919.

THE OBJECT of this petition is to procure an order for the re-sale of that part of the real estate mentioned in this cause sold to Ferdinand Little under a decree of this court.

The petition states that James J. Archer and Hope H. Barroll, trustees in this cause, heretofore by their sixth report of sale filed in this court on Dec. 20th, 1902, reported they had made a sale to a certain Ferdinand Little for the sum of $800 00, all the rest and residue of the real estate belonging to the said Henry W. Archer, of Robert, and covered by this proceeding of which said sum the said Ferdinand Little paid the sum of $300.00 which sale was by this court ratified and confirmed.

The petition further states that since the said report of sale was ratified, the said Ferdinand Little, purchaser, has paid the trustees thirty dollars interest but has paid no part of the purchase money to wit $500.00 and interest remains unpaid and unsatisfied.

And the petition further states that one of the trustees has notified the said Ferdinand Little, purchaser, that the purchase money must be paid and in default of payment application would be made to this Honorable Court for an order for re-sale.

And the petition further states that in order to enforce the payment of the balance of the purchase money it will be necessary for the trustees to obtain from his honorable court an order directing a re-sale of the said property at the risk of the said Ferdinand Little, purchaser, and the petition alleges that the said Ferdinand Little has no property within this State out of which the trustees can secure any part of the unpaid purchase money.

And the petition further states that the said Ferdinand Little is a non-resident of the State of Maryland, whereupon the following order of court was passed:—Ordered upon the aforegoing petition this 15th day of February, 19 5, it having been represented to the court that Ferdinand Little is a non-resident of the State of Maryland, and personal service cannot be served upon him because of the fact that he has left his usual address of Port Chester, N. Y., and his present whereabouts are not known, that notice of the contents of this petition and of this order be given in the usual way by order of publication.

JAMES A. PEARCE.

It is thereupon this 21st day of February, 1905, ordered by the Circuit Court for Kent county as a Court of Equity, that the plaintiffs, by causing a copy of this order to be inserted in some newspaper printed and published in Kent County once in each of four successive weeks before the 28th day of March, giving notice to the said Ferdinand Little, purchaser, non-resident, of the object and substance of this petition and order of court, and warning him to bring into this court the sum of $500 with interest thereon from the 8th of November, 1903, the balance of the unpaid purchase money and also to appear in this court in person or by solicitor on or before the 17th day of April, next, to show cause if any he has why a decree ought not to be passed as prayed.
