LOCAL MATTERS.

Nicholson Farm Sold.—Mr. Walter Morris, Cashier of the Farmers' Bank, of Dover, has purchased "Bohemia Manor," Chancellor Nicholson's fine farm located near Middletown, Del., for $16,000. The farm is considered to be one of the best farms in Delaware.

Stock Sold Well.—The administrator's and mortgagee's sales of personal property of the late Simon Smith, advertised in the TRANSCRIPT by Richard D. Hynson, Esq., administrator and mortgagee, were largely attended on Wednesday near Edesville. Horses sold for $76 to $162, and stock and farming implements sold correspondingly well.

Pastor Has a Close Call.—Rev. W. F. Dawson, pastor of Cecilton M. E. Church, was fired upon twice by a negro shortly after midnight a week or so ago, luckily without harm. The pastor had halted his team to deliver a can of cream unsold at a festival at Brown's Bakery when a party jumped into the wagon and started the horse. Mr. Dawson grabbed the bridle and the man springing out fired twice without effect. It was a close call for the reverend gentleman.

Erection of Building Postponed.—At a meeting of the Board of Visitors and Governors of Washington College last Saturday evening, a motion to postpone the erection of the new administration building for Washington College until March, 1906, was carried. Proposals for bids to erect the building were advertised twice; the bids were rejected once, and were not acted upon the second time. We understand the reason for the postponement is that it is hoped that the next Legislature will appropriate sufficient money to erect such a building as the authorities of the college desire to build.

State Teachers' Meeting.—One of the most successful sessions in the history of the Maryland State Teachers Association was held Tuesday, Wednesday and Thursday of this week. The meetings were more largely attended than for years, and greater interest was manifested in all topics discussed. Governor Warfield was present on Wednesday and delivered as usual, an interesting and instructive address. Dr. James W. Cain, member of the State Board of Education, was present, as were also Prof. J. S. W. Jones, of Washington College, Prof. Milton Melvin, Supt. of Schools, and quite a number of Kent county teachers.

With our Bankers.—The directors of the Kent County Savings Bank at their meeting Wednesday, declared a semi-annual dividend of three per cent. and carried $893 to undivided profits. This makes the undivided profits about $18,000. The directors of the Chestertown Bank of Maryland last week declared a semi-annual dividend of 3 per cent. and added over $5800 to undivided profits. The board of directors of the Second National Bank at their meeting Wednesday, July 5th, 1905, declared a dividend of 3 per cent. ($1500.00) and carried $2877.00 to undivided profit account. This bank now has a surplus of $25,000.00 and undivided profits of $5000.00.

Fire in Millington.—Fire was discovered on Wednesday afternoon about 2 o'clock on the premises of Mr. H. Clay Hendrickson, in Millington, and before the flames were checked the fire had destroyed the stable and carriage house, one horse, one carriage, one buggy, harness, blankets, feed box, and about one-half ton of hay. The cause of the fire is unknown. The volunteer fire department responded quickly to the alarm, and assisted Mr. Hendrickson in saving the remaining buildings and his comfortable home. The building was insured in the Kent Mutual. Mr. Hendrickson has a card in this issue thanking the public for their valuable assistance.

OBITUARY.

HENRY GILLESPIE.

Mr. Henry Gillespie, who has resided in Warwick for a number of years, died last Tuesday morning at 2 o'clock. The deceased had been an invalid for the past several months. He broke his leg some time ago and has been unable to walk without a cane ever since. Funeral services were held on Thursday afternoon at 2 o'clock at the residence of Mr. Amos Wilson, conducted by Rev. F. S. Cain. Interment was made in Warwick cemetery.

The infant son of Mr. and Mrs. Wilbur Morris, of near town, died on Wednesday morning, aged one week. Interment was made in Chester cemetery. Undertaker J. E. Ferguson had charge of the funeral arrangements.

Mrs. Sheats, mother of Mr. James Sheats, of Worton station, died at her home in Locust Grove last week, and was buried on Sunday.

*†*Wheat was quoted at 87½ cents a bushel in Baltimore yesterday. Rejected sold for 73 cents.

Non-Jury Term of Court.—The non-jury July term of the Circuit Court for Kent county was held on Monday. Several civil suits were docketed. The most interesting case before the court was the petition of Mrs. R. L. W. Rasin, widow of the late Dr. Robt. L. W. Rasin, of Baltimore, for the sale of the valuable farm in Kent county, near Galena, in order that the widow may receive her dower interest in the farm in cash. Ex-Mayor Thos. G. Hayes, of Baltimore, argued the case in chancery for the heirs, while Hon. John P. Poe, of Baltimore, represented Mrs. Rasin.

Cancer Successfully Removed.—Dr. Reynolds, of Rising Sun, successfully removed a cancerous growth from the forehead of Mr. Geo. B. McWhorter on Thursday morning. The growth was removed by the application of a plaster of Dr. Reynolds preparation, and it required five days for the plaster to draw the growth. Mr. McWhorter has suffered a great deal of pain from the growth, but feels that the doctor has performed a successful treatment. The apperture is healing nicely, and we hope that Mr. Mac. will soon be fully restored to his usual good health. Dr. Reynolds has been very successful in the use of his prescription, having cured over 600 cases, and he has been offered a snug sum for his remedy.

LITTLE LOCALS.

*†*Mr. Wm. J. Sappington and workmen are painting the Loud house.

*†*A valuable cow belonging to Deputy Postmaster Harry Lambert died on Wednesday.

*†*The Emma A. Ford has been carrying consignments of early peaches to Baltimore markets this week.

*†*Mrs. John W. Copper has rented Mrs. Ruth Cahall's house on High street adjoining the residence of Mr. George D. Lofland and moved therein last week.

*†*The farmers are much alarmed for the safety of their unthreshed wheat crop. The recent heavy and frequent rains have caused much of it to sprout in the shock.

*†*Mr. Jacob Shriley on Mr. George D. Lofland's farm, near St. Paul's Church, averaged 25 bushels of wheat to the acre. His crop will reach 3000 bushels.

Mr. Tilden Haddaway and family have moved into one of Mr. J. B. Sappington's new houses on Cannon street. Mr. Haddaway has secured employment with Mr. George Z. Roland, the meat man.

*†*Mrs. Robert Ford has purchased of Mr. I. R. Leaverton his farm in Quaker Neck known as the "Merritt farm" and on which Mr. Wm. Edwards resides. A new house has been erected and other improvements made.

*†*Mr. J. E. Ferguson, assited by Mr. Murell Dunbracco and Mr. Fred Russell, killed a large weasel in front of his home on High street on Thursday morning. Mr. Ferguson has recently lost ten of his fine flock of ducks.

*†*Mr. Percy A. Rawleigh was kicked by one of his father's "coach" horses on Wednesday morning. The blow struck Mr. Rawleigh in the back and he has been suffering considerable pain. He is much better at this writing.

*†*The Pepsimint Chemical Company's wagon will start on its route next week, and will serve patrons all over the county. "Pepsimint" is growing in popularity, and is said to be a most excellent remedy for dyspepsia and indigestion.

*†*The contracts for the erection of a bridge across Fannel's branch, near town, were signed by Messrs. Culp and the County Commissioners on Tuesday, and the contractors have ordered the material for the construction. Work will likely begin next week.

*†*Mr. Charles E. Kirby, who has conducted a grocery and meat market in Chestertown for several years, has filed a petition in the United States District Court for the benefit of the bankrupt law. Mr. Kirby's liabilities to city creditors are said to be $800.00 and the appraised value of his stock of goods $70.00.

*†*Robert Emmet Dolan, 20 years old, of Baltimore, was drowned at Betterton, Sunday afternoon. In company with two companions, younger than himself, young Dolan was in swimming some distance from shore, and it is supposed was taken with cramps. A heroic effort was made by one of his companions to rescue the unfortunate young man, but he was unable to save him.

*†*There was a grand rush of summer boarders last Saturday to Rock Hall. Mrs. Thompson, at the wharf, Mrs. Watkins, at the Sharpe Mansion, the Chesapeake House, Mrs. John T. Lewis have their houses well filled; and out in the country, Mrs. R. B. Willson, Mrs. Julia Ringgold and Mrs. Wickes have about thirty each quartered at their homes. Mrs. Sadtler, at the old Young property, has a large party spending the week at her house.

IN MEMORIAM.

In sad and loving memory of our dear mother, Henrietta E. Tucker, who departed this life on July 14, 1902, aged 54 years and 7 months.

Three years have passed,
Oh, how we miss her.
Never shall her memory fade away.
Sweetest thoughts ever linger round the grave
where she is laid,
Day by day we saw her fade and slowly sink
away,
Yet in our hearts we often prayed
That she might longer stay.
But why were you taken dear mother,
And left us so lonely and sad!
If we could have had you stay we would have
been so glad.
But farewell, dearest mother, thou art at rest,
And shall forever be,
You could not stay on earth with us
But we can come to thee.
Three years have passed and still we miss her,
Friends may think the wounds have healed,
But little do they know the sorrow
That is within our hearts consealed.
Gone but not forgotten by her children.
From daughters,
KATIE E. DARRELL and EMMA A. JONES.

Governor of Alabama Endorses Pe-ru-na.

Other Prominent State Officials Add Their Praises.

The Magnificent State Capitol Building of Alabama.

ONE of the most wonderful events in the history of medicine is the multitude of endorsements which Peruna is receiving as a catarrh cure from men of national importance.

The most distinguished men of the United States have no hesitation in lending their influence to assist in letting the public know of the merits of Peruna.

Nearly one-half the people are in some way affected by catarrh. Therefore it is almost a national curse, and it is of national import that the people should know of Peruna.

Catarrh is an American disease. Peruna is an American remedy.

Catarrh is a result of changeable climate. Peruna is a result of long and careful experimentation.

Catarrh enters the system through the nerve centers and affects the mucous membranes. Peruna enables the nerve centers to repel and expel the catarrh from the system.

Catarrh is a systemic disease and curable only by systemic treatment.

The remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peruna does.

Governor of Alabama Commends Pe-ru-na.

In a letter dated July 26, 1899, written from Montgomery, Ala., Governor Joseph J. Johnston, says:

"I join Congressman Brewer in commending Peruna."—Joseph J. Johnston.

Redeemer of Public Moneys.

Hon. John C. Leftwich, Redeemer of Public Moneys, whose office is in the Postoffice Building, in a letter written from Montgomery, Ala., says:

"I take pleasure in recommending Peruna as an excellent tonic, and it is recommended to me by those who have used it as a good catarrh cure."—John C. Leftwich.

Register United States Land Office.

Hon. Robert Barber, Register United States Land Office, writes from Montgomery, Ala.:

"For some time I have been a sufferer from catarrh in its incipient stage, so much so that I became depressed and feared my health was generally in a decline. But hearing of Peruna as a good remedy I gave it a fair trial and began to improve. Its effects were distinctly beneficial, removing the annoying symptoms, and it was particularly good as a tonic."—Robert Barber.

Collector of Port.

Hon. J. K. Burke, Collector of Port, Mobile, Ala., writes:

"Peruna I can recommend as a fine medicine. It has been used in my family and as a tonic it is excellent. I take pleasure in testifying to its fine qualities."—J. K. Burke.

Postmaster of Mobile.

Hon. P. D. Barker, Postmaster of Mobile, in a recent letter from Mobile, Ala., says:

"Allow me to send to you my testimonial as to the good qualities of Peruna. I have used it for the past three months and find it is a most excellent tonic."—P. D. Barker.

U. S. Marshal, Northern District.

Hon. Dan Cooper, U. S. Marshal for the Northern District of Alabama, writes:

"Your remedy for catarrh and la grippe, Peruna, has done me so much good that I cannot speak too highly of it.

"I have used it for a short time and have improved rapidly from the first day. I was really much surprised at such a quick and effective cure."—Dan Cooper.

U. S. Marshal, Southern District.

Hon. L. J. Bryan, U. S. Marshal for the Southern District of Alabama, writes:

"I have used Peruna for catarrh a short time and have also had several friends try it and they all pronounce it the best catarrh remedy ever put on the market. It can not be praised too highly."—L. J. Bryan.

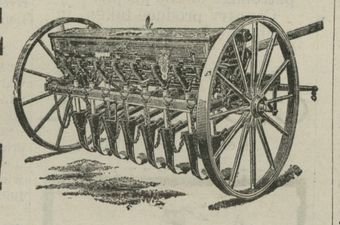

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, and he will give you the benefit of his valuable advice gratis. All correspondence strictly confidential.

TRADE MARK

Wilbur W. Hubbard's Fertilizers

MUST HAVE

Superior Quality and Absolute Uniformity and Purity. This Fall makes their sixtieth season in business, and their trade has increased each year in spite of competition; their sales for the past year having been larger than ever before. Can the sales of an inferior article constantly increase all these years? Our Fertilizers are not better than all others, but they have been, and we are willing for you to try them in competition with any goods on the market for Wheat and Grass. Two of our large buyers called and stated yesterday that the Wheat, and Grass, too, was better where our goods were used in competition with a goods costing several dollars more per ton.

WE PRESUME

You are now thinking about how many acres of Wheat you will sow, the quality of Fertilizer you will use, and of whom the same shall be bought. And just here, by way of advice, let us say, deal with your home manufacturers, if not with us, buy of our competitors. Keep the money in our county. Nevertheless, we solicit your trade with confident belief that you will find it to your interest to buy of us. We have always adhered to a high standard for our brands, as we are anxious that our goods shall have the reputation of being durable rather than cheap, and serve our customers so well that we shall gain their confidence and permanently retain their trade.

HENCE, WE OFFER YOU

Our A. A. Bone Super-Phosphate,

which is a positive Animal Bone Fertilizer, the Potash being derived from high grade sulphate and muriate. No kainit used in its manufacture.

Our Imperial Compound Fertilizer,

which has an Animal Bone Base. It, however, contains some S.C. Phosphate, but the Potash is derived from high grade sulphate. The ammonia from the animal matter on the animal bone, fine ground fish and little nitrate. This goods is a great Wheat and Clover producer, as it carries the Wheat through the winter splendidly, the nitrate starts it off in the fall, makes the roots take hold, and then the other combination feeds along just as needed, hence, the universal satisfaction it has given.

Our Victor Phosphate

is a splendid goods. Is ammoniated with an excellent source of nitrogen, and runs high in Bone Phosphate. We have received already large orders for this brand. It has given excellent results.

WE HAVE

enlarged our factory, now have railroad and water facilities, and we ask you if a record of 30 years is not a sufficient guarantee to justify you in using the goods.

Very truly yours,

WILBUR W. HUBBARD,

CHESTERTOWN, MD.
