TRADE MARK

Wilbur W. Hubbard's Fertilizers

MUST HAVE

Superior Quality and Absolute Uniformity and Purity. This Fall makes their sixtieth season in business, and their trade has increased each year in spite of competition; their sales for the past year having been larger than ever before. Can the sales of an inferior article constantly increase all these years? Our Fertilizers are not better than all others, but they have been, and we are willing for you to try them in competition with any goods on the market for Wheat and Grass. Two of our large buyers called and stated yesterday that the Wheat, and Grass, too, was better where our goods were used in competition with a goods costing several dollars more per ton.

WE PRESUME

You are now thinking about how many acres of Wheat you will sow, the quality of Fertilizer you will use, and of whom the same shall be bought. And just here, by way of advice, let us say, deal with your home manufacturers, if not with us, buy of our competitors. Keep the money in our county. Nevertheless, we solicit your trade with confident belief that you will find it to your interest to buy of us. We have always adhered to a high standard for our brands, as we are anxious that our goods shall have the reputation of being durable rather than cheap, and serve our customers so well that we shall gain their confidence and permanently retain their trade.

HENCE, WE OFFER YOU

Our A. A. Bone Super-Phosphate,

which is a positive Animal Bone Fertilizer, the Potash being derived from high grade sulphate and muriate. No kainit used in its manufacture.

Our Imperial Compound Fertilizer,

which has an Animal Bone Base. It, however, contains some S.C. Phosphate, but the Potash is derived from high grade sulphate. The ammonia from the animal matter on the animal bone, fine ground fish and little nitrate. This goods is a great Wheat and Clover producer, as it carries the Wheat through the winter splendidly, the nitrate starts it off in the fall, makes the roots take hold, and then the other combination feeds along just as needed, hence, the universal satisfaction it has given.

Our Victor Phosphate

is a splendid goods. Is ammoniated with an excellent source of nitrogen, and runs high in Bone Phosphate. We have received already large orders for this brand. It has given excellent results.

WE HAVE

enlarged our factory, now have railroad and water facilities, and we ask you if a record of 30 years is not a sufficient guarantee to justify you in using the goods.

Very truly yours,

CRIMINAL INSURANCE.

Receivers of Stolen Goods Usually Carry on the Business.

"Criminal insurance," said a detective, "is the insurance that thieves and blacklegs take out in case of arrest. For instance, you are a second story man. You make about $2,500 a year, the average second story man's income, and you carry an insurance of $1,000, for which you pay the big premium of $125 a year. Now, if you are arrested, the insurance company steps forward and hands you $1,000. Thus you are able to get the best of lawyers for your defense.

"Receivers of stolen goods are usually rich, and it is these men as a rule who carry on the criminal insurance business. I know of a criminal insurance company in Philadelphia, another in New York and a third in St. Louis. The policies run from $100 up to $5,000, and the premiums are always enormous. This is because the danger of arrest is so great.

"Besides the criminal insurance concerns I know of a curious beneficial organization that is conducted among the criminals of Illinois. Each member of the organization pays in $1 a week, and in case of imprisonment his family receives $5 weekly as long as his sentence lasts."—Louisville Courier-Journal.

A Reminder.

It is amusing at times to notice the efforts which railway porters make to extract tips from passengers.

The following took place at a large station in the north of England: A porter had been attending to the luggage of a tourist and, not receiving the expected donation, addressed the gentleman as follows:

"Beg pardon, sir, but if any one asks what you gave me what shall I tell him?"

He got his tip.—London Mail.

Its Possibilities.

A man "who knows it all" was not in the least surprised when he heard of a motor car which could be turned at will into a bedstead or grand piano. He said he knows a man who turned a motor car into a telegraph pole, a ditch, a fence and a horse all within a few hours.

No Tick.

"Why don't you wind that clock and set it going?" asked a bad customer at a country store.

"The clock is a sign," said the grocer, and the customer studied it out for himself before he left the store.

Probably.

"Your trouble, madam," said the physician, "seems to be due to an excess of adipose tissue."

"My goodness!" exclaimed Mrs. Plumpton. "I wonder if that is what makes me so awfully fat?"

Doomed.

"Bigstar's manager has promised to give a presentation of that comedy of mine," said De Riter, "but I don't know when it's to come off."

"Probably the night after it's put on," suggested Crittick.—Catholic Standard and Times.

An Art Critic.

"What do you think of our new oil painting?" asked Mrs. Newrich.

"Well," answered Mr. Newrich, "it seems good enough from the front, but if you turn it round and look at the other side I must say the material seems kind o' cheap."

Not for My Own Interest

ENTIRELY,

But for Yours, Too.

I am going to make a change in store-room and location. I have fully decided to move from the store I am now occupying to a much better store and location, and will add to the Jewelry business a very salable line of goods. In order to carry this out I am compelled to reduce my stock that I have on hand, and the only way to sell it is to sell it for what it will bring, and therefore I have decided to have regular sales on Saturday and Saturday nights. Will sell my entire line of Clocks, Silver-plated hollowware, Rogers' Tableware, Domestic Sewing Machines. Will also sell Watches and Jewelry, mostly for ladies, Spectacles and Eye Glasses, etc. The sale will begin next Saturday, July 8th.

Read this advertisement carefully and bear in your mind that opposition is the life of trade. I ask the patronage of the public. I remain with all my strength to serve the public.
