LOCAL MATTERS.

To Deliver Address.—Former Senator Austin L. Crothers, of Cecil county, has accepted Supt. Noland's invitation to deliver the coronation address at the tournament to be held next Friday at Tolchester. The address will be delivered in the dance pavilion after the tournament has been run off.

Valuable Collection of Relics.—Mr. Herbert Brinsfield, son of Capt. Peter Brinsfield, of Morgnec, has a most valuable collection of Indian relics, such as arrowheads, axes, tomahawks, spears and Knives, all of stone and flint. Mr. Brinsfield says he has been 20 years collecting the relics and has been offered $25 for them, but he prizes them much more highly. The relics were on exhibition in Chestertown yesterday.

A Luscious Peach.—Messrs. J. G. Harrison & Sons, the prominent nurserymen, of Berlin, Worcester county, who are extensive advertisers in the TRANSCRIPT, will please accept our thanks for a luscious specimen of the *Ray* peach which the firm advertised last spring. The peach is an attractive size, rich blush, and splendid flavor, and ripens in good market season. It is a white fruit and a splendid canning peach. The Messrs. Harrison have had an enormous sale of fruit trees on the peninsula during the year.

A Prosperous Bank.—The Second National Bank, of Chestertown, is one of the most prosperous banks on the Eastern Shore. It's growth has been constant from their beginning, and its deposits have reached the remarkable sum of **$558,443.36**. This is best proof of the bank's good service to its depositors, who are safe-guarded by the fact that they are protected by National laws, and that the affairs of the bank are subject to inspections by a National Bank Examiner. It is the only National Bank in Kent county.

Prof. Burris Resigns.—Prof. A. B. Burris, instructor in athletics at Washington College, has resigned. Prof. Burris has been connected with Washington College since about 1892, and during that time he had brought the athletic department of the college to a degree of proficiency second to no college in the State. He was one of the best base-ball and foot-ball players in the State and whenever he appeared on the field he added great moral strength. Prof. Burris' many friends here regret very much that he is to leave Chestertown, but they wish him much success in his ambition to enter the medical profession. His place will be hard to fill at the college.

Injured in a Wreck.—Engineer Jas. Brown and Fireman Gus Roe, of Centreville lay at the point of death as a result of a collision on the M. D. & V. R. R. between a runaway engine and the late local train going to Love Point at Kent Island Narrows on Monday Night. The accident happened just after the train had crossed the bridge at the Narrows, about 8 o'clock. The runaway engine had been lying in the yards at Love Point all Sunday, and how it was started is a mystery. An effort was made to side track the engine, but it failed. The fireman saw the engine first and endeavored to jump, but before he could do so the collision was on, hurling him into the marsh 60 feet away. The train slows down to cross the bridge at the narrows, and it was due to this fact that some of the 26 passengers escaped injury, although some of them were badly shaken up. Most of the passengers were residents of the Island returning from Wye Camp.

Fight at Camp Meeting.—An early morning riot on Sunday among negroes at Friendship Camp-meeting near Clayton, Del., resulted in the death of Geo. Jackson, of near Middletown, who was shot through the heart, and John Pierce of Mount Pleasant, Del., who received a bullet in the back. William Guy was seriously wounded. According to Guy, the negroes were shooting crap on the D. & C. railroad close to the campmeeting grounds. A dispute arose and revolvers were brought into play. When officers of the camp grounds reached the battle grounds they found Jackson dead. Pierce was removed to Clayton where he died Sunday night. John Knapper, of Portsmouth, Va., Arthur Adams of Seaford, Del., and two negroes were locked up charged with being participants in the fight. Two revolvers and a razor were found on Knapper. Guy declared that Knapper shot him. Such riots as this are the best evidence that these camp meetings should be stopped, and we are glad that the colored people of Kent county have practically put an end to all camp-meetings in the county.

† The city boarders in the country are so fond of deviled and boiled eggs that the price in the city markets has not only gone up to 20 and 22 cents per dozen on account of the great scarcity, but the city boarder is ashamed to look a hen in the face.

† Farmers, take your big corn, fine cattle, high bred horses and racers to Tolchester for the fair. Ladies, take your Maryland biscuit, luscious preserves and fine pickles, and make the Baltimore people's mouths water as they meander through the Annex.

† Heard on the street during the heavy rain on Wednesday: "Say, Sam, is de bottom drapped out up dar, or is dat Pluvus man dey talk so much about in de newspapers throwed open de heabenly spickit?" "Dunno, Jake, but it seems to me dey am flushing de pearly gates."

CLEMENTINA GONZALES, OF CENTRAL AMERICA, RESTORED TO HEALTH. PE-RU-NA THE REMEDY

Miss Clementina Gonzales, Hotel Provincia, Guatemala, C. A., in a recent letter from 247 Cleveland Ave., Chicago, Ill., writes:

"I took Peruna for a worn-out condition. I was so run down that I could not sleep at night, had no appetite and felt tired in the morning.

"I tried many tonics, but Peruna was the only thing which helped me in the least. After I had taken but a half bottle I felt much better. I continued its use for three weeks and I was completely restored to health, and was able to take up my studies which I had been forced to drop. There is nothing better than Peruna to build up the system."—Clementina Gonzales.
