"CHEATED THE UNDERTAKER"

Says a Well Known Baltimore Physician.

"Some 12 years ago (1892), while engaged in active practice, I was suddenly attacked with a hemorrhage from the kidneys, accompanied by pain and a sickening, bearing-down sensation. I attributed it to the passing of a 'gravel stone' and the worst would soon be over, but not so. I was treated by some of the best professional talent in America. The case was published in medical journals and brother physicians offered suggestions, but the disease continued until, at last, in despair, after **nine (9) long years of the tortures of the damned**, I gave up and went to my room to die. My case was diagnosed by several able physicians as **'Bright's, with complications,'** by others **'Haematuria,** with Catarrh of the Bile Ducts,' but no one could do me the least possible good until the discovery of **LAX-O-LITHIA SELTZ**, which cured me and which I recommend to all similarly affected. I owe it to suffering humanity to make this fact public, also to state that those who take it need never fear Appendicitis or Typhoid Fever."

J. ZACHARY TAYLOR, M. D., Lung, Blood and Nerve Specialist.

LAX-O-LITHIA SELTZ unclogs the Kidneys, stimulates the **Liver**, clears the Skin, aids Digestion, moves the Bowels, cures Constipation, Biliousness, Dizziness, Jaundice, Uric Acid, and filters the Blood of Waste, Ferment and Germs. **25 Cents.**

ANTI-ZYMO-LARIA TABLETS absolutely cures Malaria, Ague and Fever, Dysentery, Headache, Neuralgia, Menstrual and other pains. Wipes out LaGrippe and a Fresh Cold in a few hours. **25 Cents.**

These **Non-Secret Honest Remedies** should be in every home.

THE WORLDS FIRST BILLIONIARE.

John D. Rockefeller Now Has an Income of $5,000,000 a Month.

The New York Commercial is a conservative financial journal. It has been its tendency to under estimate rather than to exaggerate. And that paper states that in a few years the fortune of John D. Rockefeller will be fully one billion dollars, and that the oil-king's present income $5,000,000 a month.

As far as the actual possession of money is concerned, the public is not harmed. The gold is not locked up. It has not been buried. The dollars are in circulation and passing through the hands of the butcher, the baker and manufacturer.

And Mr. Rockefeller cannot eat them nor wear them; or ward off disease and old age with them. As far as he is personally concerned and beyond the million or two that he spends annually in gratifying hobbies and in actual living expenses, these dollars might as well be so much old junk for all the real good they do him.

But they do represent power.

They do make it possible for one man to say who shall work and who shall starve, and who shall engage in business and who shall not be allowed to compete in the markets of the world. They make it possible to control legislation as well as the finances of the country. By centralizing industry and hogging opportuninty they force an increase in the number of those who must work for wages and decrease the number of those who embark in business for themselves.

There are wise men in this country who see in this coming billionaire and what he represents a greater danger than America has ever known before and who believe that it can only be curbed by one of two methods Legislation, rigidly enforced, or revolution.

The last must not be.

And while the world awaits the peaceful solution of this great problem the fortune that is too great for the human mind to comprehend is growing.—*Des Moines News.*

The Local Paper.

Ex-Governor Francis, of Missouri, who appreciates the value of the local paper, gives the following reasons why it should be patronized: "Every year the local papers give from $100 to $1,000 in free lines to the community in which it is located. No other agency can or will do this. The editor, in proportion to his means, does more for his county than any other ten men; he ought to be supported, not because you like him and his writing, or not supported because you don't like and disagree with his writings, but all should support a local paper because it is the best investment a community can make; it may not be brilliantly edited or crowded with thought; but financially it is of more benefit to the community than the teacher or preacher. And on the moral question most of the local papers are on the right side. Today the editors of the home papers do the most for the least money of any men on earth."
