ROCK HALL ITEMS.

Mr. Mac. Coleman has contracted to do the outside work on the church. This is home talent. Mr. Coleman does most of the work in brick and mortar at this place, giving general satisfaction.

Attendance at the M. E. Church, owing to the rain was small, but Bro. Burr clearly defined who was a follower of Christ. He took his text "Follow me and I will make you fishers of men." He said: "Many are kept out of the church by an imperfect follower, that instead of being an advantage were driving men from the church, as men loved the brethern so they loved God in the same proportion." The word "make" was specially emphasized as the outcome of the reward for a sincere follower. Closed by explaining the figure of speech.

A special feature of the proceedings of the K. of P. at their meeting Saturday night was the granting to the M. E. congregation, the use of their hall while repairing the church without charge. Secret orders are frequently condemned by the ministry, yet a knight never forgets those who are in need. Chesapeake lodge has done a wonderful work among its members and will so continue. Its membership comprises the leading citizens of this community.

Mr. Crocket bade farewell to Rock Hall to-day (Monday) and removed back to Tilghman's Island. He says: "The disregard which the citizens of Rock Hall have for the Sabbath makes it dangerous to live here. God will surely send some punishment. They have been warned by the scarcity of oysters on the Bar, but they will not heed it and he believes something terrible will soon occur."

Mr. Virgil Kendall left with his family for Chestertown today. His family will make their home with Mr. Thomas Trew for a time. Mr. Kendall has been clerking for Mr. Alexander for several years and during that time has made many friends, who will be sorry to lose him. He was obliging, affable and courteous which caused many to deal at his place, and our loss is Chestertown's gain.

Allen, son of Mr. Henry Urie, while playing on a load of hay slipped and fell to the ground, dislocating his left arm at the elbow. Dr. Selby was called and soon succeeded in replacing it.

Capt. James Harrison, while on his way from the bar, ran into Capt. Will Durding, cutting off part of the washboard and tearing the mainsail badly. Fortunately Capt. Durding was near the shore or it would have been serious. Capt. Harrison never stopped or enquired if he needed help.

Miss Lois, daughter of Mr. Joe Leary and graduate of Rock Hall school, left for Washington College where she will take a course in the Normal department.

The festival at Wesley Chapel was a grand success. It was well attended by those who were liberal in their purchases. $70 net was realized to be used in the improvement of the church.

Mrs. Lomax, who conducts a large boarding house in Baltimore, is visiting her daughter, Mrs. Warmsley.

Gertie Kramer, Edna Durding and Wilmot Crosby have returned to school, the girls to take up the additional course and to keep in touch with those studies they expect to teach. Wilmot to prepare for college. Each of the girls are longing for an appointment as teacher.

Whooping cough has made its appearance among the children. A number are kept from school.

Oysters are quoted at 40c., but the hot weather makes buyers hesitate in loading their vessels.

Query—If the State has the right to tax its subjects for the support of the schools, has it not the same right to compel its citizens to send their children to school? If the object of said schools is to make intelligent and useful citizens, and if these rights are conceded, has not the State a legal right to prescribe a suffrage qualification for its subjects. [We answer "yes" to both questions.—EDS.]

Our school is overrun, 254 pupils are enrolled. Miss Alrich has 50 in the primer department. Many will enter on Monday. Where will the teachers place them?

There are whispers of making "New School" a campaign issue this fall, so those delegates who are nominated had better array themselves on the safe side.

Miss N. May Douty, a former teacher of Piney Neck, is visiting the teachers of same school. Miss Douty has a school in Virginia, and will begin her work in October.

We would advise our genial professor of music to obtain a lock and key to secure his team while giving lessons, as we understand that there are ladies who are very fond of driving the said animal to obtain confections.

W. C. T. U. NOTES.

The monthly meeting of the Kennedyville W. C. T. U. was held in the M. P. Church, Friday evening, Sept. 15, with Mrs. Annie S. Redmile at the organ, the meeting opened with singing, "Blest be the tie that binds" and prayer by Mr. Wm. T. Hauge. The choir sang "We are coming, dear leader, to answer thy call," and Mr. Willie Fogwell gave a very interesting bible reading. The secretary gave a report of the "Lawn Fete" held in August.

The meeting might be termed an "Echo Service" of the convention and Mrs. Shafer spoke of the convention wholly and gave some very interesting points and incidents that occured during the day. Miss Ada Hurlock recited quite affectively. Mr. Wm. T. Hague gave quite an interesting talk in which he declared the convention a *success* in every way. He spoke of the interest displayed in all the sessions of the day and of the deep devotional and spiritual interest that characterized each feauture of the program. He said he was glad that we entertained the convention. The subjects presented were both instructive and profitable and were discussed in a manner interesting to all, and have left an influence for good in the community. Dr. Anna Shaw's address in the evening contained seeds of thought it is hoped will spring up and bring both fruit, even an hundred-fold.

Miss Katie Weer read a selection, "The world as you take it." The following delegates were elected to attend the State Convention to be held in Baltimore, October 3, 4 and 5. Mrs. Ella Kelley and Miss Blanche Redmile, alternates, Mrs. James Archibald and Mrs. Annie S. Redmile. The meeting closed with singing the doxology.

WORTON ITEMS.

The festival held by the ladies of Union M. E. Church was a great success, financially and in every way. Every one had a good time. A large crowd was present, the hall and church green being simply packed. But, of course, everyone is sure of a good supper and they are also sure of spending a pleasant evening at a Worton festival.

Mrs. John A. Duyer is spending a pleasant visit with friends and relatives in Baltimore.

Mrs. J. W. Ivens and little granddaughter, Linda Sheats, have returned to their home after a pleasant visit to friends and relatives in Chestertown.

Mrs. G. N. Cooper, of Worton, and sister, Miss Rachell Wood, of Still Pond, are spending some time with friends in Baltimore.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler, of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Slebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by M. A. Toulson, Druggist.
