LOCAL MATTERS.

Tuesday next, October 3, and Tuesday, October 10 are Registration days. Tuesday, October 17 is for Revision only. Democrats attend to this important matter and get registered in order that you may vote this fall.

Boy Burned.—Kennard Burke, the 8-year-old son of Mr. Harry Burke, of Chestertown, was badly burned on the left leg Tuesday evening while playing in company with a number of other boys. The boys,it seems, were setting fire to some old phosphate bags and then whirling them around in the air. Young Burke's leg became entangled in one of the burning bags with the above result.

Indicted for Murder.—The Wilmington grand jury, on Friday last found a true bill against "Shorty" Mitchell, formerly a troublesome negro of Chestertown, for murder in the first degree. On September 11 Mitchell shot Isaac Anderson, also colored through the heart in the saloon of John Byan at No. 17 East Front street, Wilmington. Anderson died on the way to the hospital. Mitchell was placed under arrest and has been in the work house ever since. The case cannot be tried at this term of court as there was not sufficent time to secure an oyer and terminers jury.

Protests His Innocence.—John M. Simpers wrote to Rev. Wm. Schouler and Henry L. Constable, Esq., who appeared for him when he was arrigned at the December Court, requesting them to visit him, which they did on Friday of last week. To the former Simpers again asserted his innocence of Mr. Constable's murder which he informed an American reporter last week he would do to the end. As he cannot in common with everybody else, doubt Simpers' guilt, in view of all the facts of the case, Mr. Schouler connot see how he can be of service to the condemned man until he changes his attitude.

Death Caused From Fright.—On Wednesday evening last Mr. Addison Hardesty entered the lawn of Mr. G. F. Lanham and began an argument with that gentleman. Blows followed, and during the engagement Mr. Hardesty broke two pailings over Mr. Lanham's head and tore his shirt nearly off. Mrs. Lanham, who was suffering with a weak heart, was a witness to the fight and became so frightened that she died within a few minutes. She was about 56 years old.—*Centreville Observer.* Mr. Hardesty is well-known in Chestertown having worked at the basket factory here last year.

EDUCATIONAL MATTERS.

The various school and colleges throughout the country are in full swing now and a great many of them report a larger attendance with greater interest and enthsiasm among the students than ever before. Mr. W. H. Beacom, the proprietor of the Wilmington Business School, Wilmington, Delaware, seems particularly well pleased with the outlook. Mr. Beacom's school is different from the ordinary so-called "Business Colleges." The staff, organization and equipment are among the best in the country. Both Mr. and Mrs. Beacom are interested in educational work and both take an active part in the teaching of their students. They have done such excellent work that it is no wonder the school has grown and prospered so materially. They have the proud distinction of never having lost a student through dissatisfaction and the still prouder distinction of assisting their students in such a thorough and practical manner that not one W. B. S. graduate has failed. A number of our young people have been in attendance at this school in previous years, and still others are there now.

A LITERALLY STUPENDOUS SENSATION. INTRODUCING A WHOLE MANAGERIE OF PERFORMING BEASTS.

In The Frank A. Robbins & Co. Circus, Menagere and Hippodrome, which is due in Chestertown on Monday, Oct. 9 is presented a gigantic new departure in animal association and training, which may appropriately be labeled "A whole show alone." The credit for this literally colossal idea belongs to Manager Robbins, and it is one of the realization which has required several years of laborious preparation, careful and most expert training and great expense. The pesent season is signalized by its first public introduction, which involves the simultaneous congregating in one arena of almost every species of wild and domesticated beast that can be trained and safely shown in the open before on audience. In this huge, incongruous assemblage of highly educated and phenomenally proficient quadrupeds are included elephants, zebras, water buffalo, camels, dogs, goats, horses, llamas, ponies, donkeys, dromedaries, mules, bears, monkeys and sacred cattle, and the resulting stupendous and kaleidoscopic spectacle of astonishing action, contrasted rivalry and furore of fun can neither be imagined nor described. It really looks as if a big section of the promised Millenium had broken loose and got here ahead of time.

Mr. Clifton L. Jarrell advertises in another column 400 or 500 pounds of side meat for sale.

Change or fall schedule of Port Deposit & Sassafras River Line. Tolchester and Betterton, week days, and Sassafras River Line three times weekly. See change of advertisement in this paper.

THINK OF IT!

This Pretty Matron Had Headache and Backache, and Her Condition Was Serious.

PE-RU-NA CURED.

MRS. M. BRICKNER.

99 Eleventh Street, Milwaukee, Wis.

"A short time ago I found my condition very serious. I had headaches, pains in the back, and frequent dizzy spells which grew worse every month. I tried two remedies before Peruna, and was discouraged when I took the first dose, but my courage soon returned. In less than two months my health was restored."—Mrs. M. Brickner.

The reason of so many failures to cure cases similar to the above is the fact that diseases peculiar to the female sex are not commonly recognized as being caused by catarrh.

FEMALE TROUBLE NOT RECOGNIZED AS CATARRH.

Catarrh of one organ is exactly the same as catarrh of any other organ. What will cure catarrh of the head will also cure catarrh of the pelvic organs. Peruna cures these cases simply because it cures the catarrh.

If you have catarrh write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.
