LOCAL MATTERS.

Kent Train Delayed.—The Kent train was delayed one hour on Wednesday evening by a bad wreck on the Delaware road just outside of Wilmington. Both trains were badly wrecked, and several passengers, together with the engineers and firemen of both trains, were seriously injured.

Old Books Found.—While repairing the parlor ceiling at his home on High street yesterday morning, Mr D. A. Bacchus found three books, two spellers and one grammer. The dates of the publication of the books are 1822, 1821 and 1811. The finding of these old relics brings to mind the fact that Mr. David Arthur, grandfather of Mr. Bacchus, at one time conducted a select school where his grandchildren now reside.

Big Corn.—Mr. Charles S. Hill, one of the Second District's most progressive farmers, left at the TRANSCRIPT office on Thursday ten ears of corn, each of which measured over 13 inches in length, and were filled completely with fat plump grains. This is the largest corn we have seen this year, and Mr. Hill states that his entire crop is similar to the sample in our office. The ten ears weighed 14 lbs. 8 ounces. Three of these ears measured 15 inches. These have from 1000 to 1300 grains on each ear and Mr. Hill says if he does not get 60 bus. per acre, he will not grow any more of that corn.

Simpers was hanged this morning. The drop fell at 9.53. The prisoner slept well last night and ate a hearty breakfast this morning. He wrote a letter to his mother saying he had made his peace with God and hoped to meet her in heaven. He refused to sign prepared confession. A Delicate Operation.

Mr. Jas. W. Walls, who for the past 25 years has been a prominent liveryman of Galena, underwent a successful operation for cancer of the lower gum last week at a Baltimore hospital. Sometime ago Mr. Walls had a tooth extracted, and it is thought that a part of the tooth remained in his lower jaw. He had suffered considerable pain for some time until an examination revealed a cancerous growth involving the bone of the lower jaw. An operation was advised by his physician and he was taken to the hospital in Baltimore last week. The whole of the lower jaw bone from the middle of the chin to the ear was removed successfully and the operation is regarded as a most delicate one. Reports from Galena state that Mr. Walls is doing as well as can be expected, and if no complications arise, he will recover.

COURT NOTES.

The Peacock cases have attracted quite a number of people from the upper section of the county, all interested because of the prominence of the parties to the suits.

Ex-Mayor Hayes and Peter Tome, Esq., prominent lawyers of the Baltimore bar, were in attendance at court on Thursday on business in connection with the National Bank of Elkton case.

R. Groome Parks, Esq., who was, upon motion of Lewin W. Wickes, Esq., admitted to practice at the Kent bar, conducted his first assigned case this week, and handled it like a veteran.

Joseph R. Usilton has proven himself an able foreman of the grand jury and he and his assistants have transacted much business during the week.

More young men have been on the juries this term of court than formerly and they have all proven themselves equal to their grave responsibilities.

Judge Martin was taken sick on Wednesday and was compelled to leave the court room. Dr. H. L. Dodd was summoned and prescribed for His Honor, and he rested well during the night. Drs. Dodd and Hines were in attendance on Thursday. The Judge's wife was notified of his indisposition and she arrived in Chestertown on the evening train. The Judge was suffieiently restored to be able to leave for his city home in Baltimore yesterday morning. Judge Martin is exceedingly popular with both the bar and public, and his many friends here hope for his speedy recovery. Clerk Charles L. Dodd was very attentive to the judge, remaining in his room with him at night at the hotel. He appreciated greatly the kindness of Mr. Dodd and of Mr. and Mrs. George E. Lambert, proprietors, who did everything to make him comfortable.

Gov. Warfield Injured.

While driving from Woodbine station to Oakdale, his country home, on Friday evening, Gov. Warfield was thrown from his carriage and was badly bruised about the body. Miss Carrie Warfield, the Governor's daughter, was also thrown from the vehicle and sustained painful injuries. It is not thought that anything serious will result from the occurrence. The accident occurred just after the Governor had entered his carriage at Woodbine. In descending one of the steep hills which abound in the neighborhood of the Governor's home the horses hitched to the carriage became unmanageable and ran away. The carriage was demolished. A friend placed his carriage at the disposal of the Governor who accepted the kindness and continued home without further accident.

Steamer Ford in Collision.

The Steamer B. S. Ford of the Md., Del. & Va. R. R. Co.'s ferry route to Love Point was in collision last Sunday with the Bay Line Steamer Charlotte. One of the worst fogs of the year enveloped the bay, and it was difficult for pilots to find their course. The Ford was steaming out of the city under reduced speed, and shortly after leaving the harbor she encountered the fog, and all became a blank until the Charlotte loomed up like a ghost bearing down straight on the Ford's course. As the Ford was going at reduced speed, her engines were easily reversed and the steamer stopped and backed. The Charlotte grazed the Ford's guards, damaging them slightly, as she passed. Had the Ford been going at full speed there would have been a frightful accident, as both steamers were carring a large passenger list. The damage, however, was slight and both steamers proceeded on their routes.
