SATURDAY, NOV. 18, 1905.

AS NOTED ELSEWHERE in this issue Senator John P. Moore, of Worcester county, is prominently mentioned as a candidate for the presidency of the State Senate at the coming session of the Legislature. Senator Moore, who has been re-elected for his third term in the State Senate, has notified all his friends that he is a candidate for the Presidency of the Senate. He is one of the most successful business men on the Eastern Shore of Maryland and is recognized as one of the leaders of the Democratic party in the State. He has many friends in Kent county who would be delighted to see him fill this exalted station. Senator Moore is well-known throughout Kent and the Eastern Shore, where he has extensive business interests.

THERE HAS BEEN quite a discussion among prominent Democrats in Baltimore city and throughout the state during the week in regard to modifications in the present election law. Many of the leaders, among them Mr. I. Freeman Rasin, are in favor of restoring the party emblem, and the simplest form of a ballot, in order that the intention of the voter may be clearly discerned, and that there may be less throwing out of ballots because of trifling inaccuracies in the marking. So far as the simplification of the form of the ballot and the manner of marking it is concerned, it may be well to so amend the present election laws that the form of the ballot shall be simple, and that the intention of the voter may be clearly discerned. But we believe a restoration of the party emblem would not only result in the defeat of the Democratic ticket, but would destroy whatever educationa test to which the present law may subject a voter. There are in Kent county 1900 negro voters, who, with the party emblem restored, would be able to mark their ballots without the slightest instruction, and with the factions in the Republican party working harmoniously, it would be an exceedingly difficult task for the Democrats to win an election. Such a restoration would be a play right into the hands of the Republican party, which will make a great effort during the coming legislature to have the election laws so revised as to provide for the restoration of party emblems. We believe in a strong educational test in view of the large illiterate vote in the county, and while the Democratic party generally loses almost as much as do the Republicans in an election, yet the difference is sufficiently great to make the county Democratic under normal conditions. Don't let us have any more mechanical voting. Let's put a premium upon intelligence. We are opposed to a restoration of party emblems.

A Narrow Escape.

(Special to the Transcript.)

Mrs. Joseph A. Catlin, wife of Dr. Catlin, formerly of Chestortown, wes rescued from a burning building at 3 o'clock Friday morning. Mrs. Catlin with her husband occupied apartments in "The Shelleen," a fashionable apartment house at Madison avenue and Dolphin street.

Fire was discovered in the basemert of the building by the proprietress who aroused the household. There were more than seventy boarders in the house, and all succeeded in escaping by means of the fire escape at the rear of the building.

Owing to having been confined to her bed for several weeks from illness, Mrs. Catlin was unable to walk to the fire escape and was taken to the ground below, a distance of about fifty feet, on a ladder by her husband, assisted by a fireman.

W. C. Downs Polys.

People who did not see Saturday afternoon's game of football on the College Campus between the Washington College reserves and the Baltimore Polytechnic Institute team, missed an exciting and well-played game, The reserves won the game by 10 to 0. in two halves of 20 and 15 minutes. Two touchdowns were made by W. C. in the first half by line plunges and center rushes, the visitors being unable to stop the onslaught of W. C's. backs. Moore was right in the game during the first half and carried the ball for good gains at each rush. Brittingham was also a feature, breaking through the opponents' line carrying two men on his back down the field. Baltimore got possession of the ball once during the first half, but after gaining 15 yards was held for downs. This was the only time they got the ball. The second half was played almost entirely in the visitors' territory, but when time was called the ball was in the middle field. The lineup:

The first team of the college will line up against the strong Maryland Agricultural College team this afternoon on the college campus. This will be *the* game of the season. Everybody go see it. It will decide the intercollegiate championship of the state. Win it, W. C.
