THE SECOND NATIONAL BANK

of Chestertown, Md.

"The Only National Bank in Kent County."

Capital.....$50.000.00.
Surplus and Profits..... 32,000.00.
Stockholers' Liabilities..... 50,000.00.

Security to Patrons..... $132,000.00.

Being a National Bank, under the supervision of the National Government, we quote from the address of the Comptroller of the Currency delivered in Washington before the American Bankers' Association, Oct. 10, 1905:

"Of the seven thousand nine hundred and thirty national banks which have been organized four hundred and thirty-eight have failed, or five and one-half per cent. of the whole number, as against about seventeen and one-half per cent. of banks other than national in the same period. The national banks which have failed have paid their creditors over seventy-eight per cent. of the amount due them, while the other banks have paid only about forty-five per cent. Of the billions and billions of dollars they have had on deposit, the national banks have lost for their creditors in the whole period of their existence only about $30,000,000."

During the fifteen years of our existence, the management of this Bank has aimed to conduct an institution meriting the approval of the public. We think we are now better than ever qualified by reason of thorough methods, facilities and policy to give satisfaction to an appreciative public. We think the services of this Bank have been and are appreciated as the following figures show in the sworn statements made to the Comptroller:

Deposits Nov. 17, 1903..... $434,507.16
" Nov. 10, 1904..... $531,652.40
" Nov. 9, 1905..... $632,985.52

The three lines above tell their own tale.

We offer to our Depositors Security and Strength.
We are united in our Methods and in our Policy.
Our depositors share in our success.

"We Treat Everybody Alike."

OYSTERMEN TO MEET.

"Protective Association" to Hold Convention in Baltimore.

The oystermen of the tide-water counties of the State will be given an opportunity on December 20 to express their views upon the oyster industry and to take some steps looking to the adoption of a measure for presentation to the Legislature, looking to the improvement of the oyster industry in the State of Marylpnd. At that time a convention will be held in Fraternity Hall, Howard and Franklin streets, when delegates from Associations which have been formed in all the tide-water counties will assemble to discuss the industry at length. The "Oystermen's Protective Association, as it is called, has been worked up by Mr. W. Trickett Giles, a prominent Baltimore lawyer, and he has visited all the tide-water counties and formed branches of the Association in order that the rights and privileges of the oystermen may be protected. With the exception of one or two men, the leaders of this Association are and have been opposing the Haman Oyster Culture bill and all forms of oyster planting or leasing for years. Now most of them have reached the conclusion that some sort of a planting bill is necessary, and while it has been suspected that the purpose underlying the formation of the organization is the defeat of the Haman bill, it is expected that as a result of the coming convention some oyster measure will be agreed upon for the presentation to the Legislature. This therefore is the opportunity of the oystermen of Kent county to express their views upon a question of great importance to them.

An association was formed at Rock Hall sometime ago, with Mr. John M. Hersch, President, and Mr. Edwin Boutter, Vice-President. It is the duty of this association to ascertain the views of all the oystermen of the county and embody them in writing in order that a text of the opinions may be submitted to the convention by the delegate from the Kent County Association. This is the object of the organization, and if the oystermen fail to grasp this opportunity, they should not complain at the consequences. The Constitution which was adopted at the meeting in May, when the Association was formed, says:

"This Association is organized for the purpose of protecting the interests of those engaged in the oyster industry in the State of Maryland, to increase the oyster supply in said State, and to secure better enforcement of all laws relating to this industry."

So let the oystermen of Kent county get together and formulate some definate plan of action. The association is backed by some of the most prominent men in the State who will be present at the Convention. Ex-Senator Wm. F. Applegarth is president of the Association.

QUERIES POURING IN.

Attest the Value of the Transcript as an Advertising Medium.

We have received during the week numerous queries in response to the advertisement on page 1 for a cook. The responses of course attest the value of the TRANSCRIPT as an advertising medium, and also are an evidence of the fact that there are always many people who are ready to accept such "snap jobs." Some of the queries are interesting, and have been receive from Harford county, Baltimore city, Queen Anne's and all parts of Kent.

One of the respondents said that she had but one objection to the privileges offered, and that is the refusal of the use of the piano. She is very fond of music and delights to lure her company with the soft, soothing strains of bewitching music.

Another said that she is very fond of automobiling, and as no mention is made in the advertisement of the person desiring a cook owning an automobile, she would have to consider the proposition of foregoing the pleasure of automobiling in the city to coming to the country to scrub floors once a week.

Still another said that she is somewhat of an epicure, and $5 a week is a little too cheap for the food she would require for her own use.

Another said that she has a "steady regular," who is so necessary to her happiness that he is allowed to see her *every* evening, and the provision in regard to receiving company on Monday, Thursday and Friday evenings would have to be "cut out" before she could consent to accept the place.

Another one said there was no mention made of a bath room in the house, and she is opposed to accepting any position as cook where the privileges of the bath are not explicitly stipulated.

The advertisement is ordered to run for three issues, and at the expiration of the time all applications will be forwarded to the proper parties, and they may make their selection according to the provisions stipulated in each application.

In talking with one of the directors of the Second National Bank, of Chestertown, the TRANSCRIPT reporter elicite the following information;

"The energetic and wide awake management of that Bank attributes its success in large measure to the free and liberal use of printer's ink. They freely admit that their advertisements in the 'TRANSCRIPT' have been the longest levers in building up the Bank's large and enormous business. They say that their advertisements, especially the present one in the 'TRANSCRIPT,' attracts immediate attention. That financial advertisements pay *and pay well*. That the 'TRANSCRIPT' has been the means of bringing to their bank hundreds of thousands of dollars, which they would not perhaps have on deposit, but for their use of this means in bringing to the attention of the people of Kent and of adjoining counties the unsurpassed advantages offered by the Second National Bank. It is gratifying to note that this extremely successful institution so frankly admits the great benefit it receives from the free use of printer's ink and from their advertisements inserted in what we believe is, and what we hope will prove to be for many years to come, one of the best advertising mediums on the Eastern Shore of Maryland; namely the 'TRANSCRIPT.'"

To the Second National we take off our hats and say, "may your shadow never grow less, may your prosperity and present good fortune attend you in all the years to come!" is the Christmas greeting and words of good cheer from the TRANSCRIPT to the Second National Bank, of Chestertown.

New Insurance Commissioner.

The Board of Public Works on Tuesday appointed Mr. B. Frank Crouse, chief deputy in Comptroller Atkinson's office, and a resident of Carroll county, State Insurance Commissioner to succeed Judge Frank I. Duncan, who was elected to the bench at the last election. Mr. Crouse was the choice of Comptroller Atkinson for the position, while Gov. Warfield supported Mr. Joseph M. Street, of Harford county. Gen. Murray Vandiver, the other member of the Board had no man, and since the office has been vacant since October 10, Gov. Warfield made an effort several weeks ago to select a man. The Board could not agree upon a choice, and the election was deferred until Tuesday, when Mr. Crouse was unanimously elected. The new Commissioner is regarded as the organization leader of the Democratic party in Carroll county, and is considered eminently qualified for the position. The salary of the office is $2,500 per year. Comptroller Atkinson will likely appoint a man from Somerset county to fill Mr. Crouse's place in the Comptroller's office.

Clerk Seney Springs Surprise.

Mr. Samuel Seney, recently elected to the office of Clerk of the Circuit Court for Queen Anne's county, qualified late on Saturday afternoon, Judge Edwin H. Brown administering the oath. Immediately after Mr. Seney qualified he named Mr. B. Hackett Turner, who has served as a deputy under Mr. John E. George, as his chief deputy. This was quite a surprise to both the regular and independent parties, as it was supposed he would appoint Mr. Lemuel Dunbracco, who has been connected with the clerk's office for the past 33 years, and chief deputy under Mr. George, his chief deputy, and Mr. Trenchard Faithful, who was a zealous worker for Mr. Seney in the recent campaign, and Mr. Elmer B. Seney, his son, deputies under Mr. Dunbracco. It was thought by leaders of both parties that those gentlemen would be the successful candidates. There was considerable opposition to Mr. Dunbracco being retained, and it is said that Mr. Seney's son would not serve as a deputy under Mr. Faithful.

W. C. ALUMNI BANQUET.

Interesting Assemblage of the Baltimore and Chestertown Branch Held at Hotel Rennert.

The Baltimore Branch of the Washington College Alumni Association was the host at a splendid banquet given at the Hotel Rennert, Baltimore, yesterday evening, when alumni from all parts of the State and city were present to champion the cause of their Alma Mater in the educational world. Ever since the organization of the Baltimore branch it has been its purpose to hold a joint banquet in the city in order not only that old associations and acquaintances might be renewed, but that some definite plan of action might be adopted, looking to the best interests of the college. The assemblage yesterday evening was a peculiarly representative one, and brought together graduates of the college in all walks of life, and marked an epoch in the history of the college that will mean much for its future development and progress. Those interested in the organization of the Association in Baltimore, Senator Clarence W. Perkins, James W. Chapman, Jr., Esq., Prof. Rowland Watts, Dr. Horace Nicholson and Mr. George A. Bunting, and to whom is largely due the success of the splendid arrangements for the banquet yesterday evening, deserve much credit for the interest which they have manifested in the college, as well as for the splendid menu and general good cheer pervading the banquet hall. The assemblage was not without its laudable object, and from the general tone of the whole affair it is more than probable that the efforts of the gathering will be successful in securing for Washington College at the next session of the Legislature such financial assistance as will enable the Board of Visitors and Governors to provide the most modern and convenient facilities for the education of its students. Ex-Mayor Latrobe, of Baltimore, President of the State Board of Aids and Charities, was there, and in response to the toast assigned him, gave very encouraging information in regard to the part his Board will take in recommending a substantial appropriation for the college from the State for the maintenance of this institution. Other toasts were responded to by Governor Edwin Warfield, President Ira Remsen, President of the Johns Hopkins University, Dr. James W. Cain, President of Washington College, who was largely instrumental in the organization of the Baltimore branch, Chief Judge James A. Pearce, Prest. of the Board of Visitors and Governors of the college, and Rev. Dr. J. Houston Eccleston and Charles F. Harley, Esq., of Baltimore, all of whom spoke encouragingly of the prospects of the college. The menu included all the delicacies of the season and was served in splendid style.

Among those present from Chestertown were: Dr. James W. Cain, Judge James A. Pearce, Richard D. Hynson, Esq., Marion deK. Smith, Esq., Lewin W. Wickes, Esq., Wm. W. Beck, Esq. Prof. J. S. W. Jones, Prof. E. J. Clarke, Dr. Jas. Roy Micou, Dr. Chas. P. Gilpin, Messrs. Wilbur W. Hubbard, Eben F. Perkins, Thomas D. Bowers, Thomas W. Perkins, Col. Wm. J. Vannort, Wm. B. Usilton, Jr., Samuel Vannort, Thomas Massey, Emmett F. Hitch, Hiram M. Brown and R. Groome Parks. The banquet was a success in every respect.
