Time-Payment Plan

Your dealer, C. A. GOODWIN presents to the public the easiest and surest way of becoming the owner of Car, Truck or Tractor.

SPRING SAVINGS PLAN

Many of our readers are planning to get either a good used or new car this Spring. Spring itself is only thirty to sixty days off—Then everybody will want their car. A Ford is a necessity in your life today. You can hardly do without it.

Stop in at once—or advise us to call. Just make an initial payment; large or small and specify what kind of car you want. We will order it at once; get it here, hold it free of storage until you want it—in the meantime just keep on making what payments you desire from time to time—they will be credited to your account plus 4 per cent. interest—just as though the money had been deposited in the bank.

When you are ready to make delivery of the car, truck or tractor, the whole of our down payment must be made—the balance can then be paid on Monthly Payments dating from delivery date.

Just think of the protection to you. You pick out your car (either new or used). We keep it here for you; you pay as you wish; getting interest on the payments until the following amount is accumulated as the down payment — followed by the monthly payments as shown — and car, truck or tractor is yours.

Deposits in State chartered banks and trust companies in Maryland, exclusive of mutual savings banks, last year increased $34,597,416, and their total resources increased $35,788,411, as compared with the amounts reported at the end of 1921. These figures cover the 183 branches which report to George W. Page, State Bank Commissioner. This is the greatest increase ever reported in any one year, and Mr. Page is somewhat at a loss to account for it. Redemption of War Savings certificates and Victory Notes, he admits, may have been responsible for part of the increase, but he inclines to the belief that most of it may be attributed to the better financial condition of the State as a whole.

W. B. Copper has been confined to his bed for several days this week with the grip.

Frank P. Medford, Jr., of Kennedyville, is enjoying summer-like weather at Palm Beach, Florida.

Fire on the J. Edw. Hurlock farm, near Galena, on Friday morning destroyed all the buildings except one small one.

GOOD NEWS FOR CHESTERTOWN

The News has heard indirecty that the new owners of the Chestertown Electric Ligh Co. are making up a new schedule which will show a 20 per cent decrease. This means a 16 cent rate for electricity in Chestertown!

The new owners are also preparing to install machinery which will increase the capacity of the plant and enable them to handle more satisfactorily the increasing business.

A meeting of representatives from gas and electric light companies, water and town commissioner boards will be held in Baltimore next Tuesday and Wednesday.

Farmers Decide Thirty Cents—Fair Price For Tomatoes.

Under the direction of the Kent County Produce Exchange, tomato meeting have been held by the farmers of the following communities: Harris' Wharf, Broadneck, Chestertown, Worton, Betterton, Buck Neck, Tolchester, Blacks, Millington and Lynch.

Similar meetings either have been held or will be held in all other tomato centers in Kent county: Worton, Quaker Neck, Kennedyville, Turner's Creek, Shallcross' Wharf, Rock Hall, Crumpton, Galena, Golts, Piney Neck and Still Pond.

The unanimous report from all of these meetings is that the farmers should receive thirty cents per basket for tomatoes this year, and that he cannot afford to grow them for any less. This figure is based upon the cost of production of tomatoes in Kent county, and is very reasonable from the standpoint of the selling price of other farm produce.

INSURANCE COMPANY'S REPORT INTERESTING

Continental Life Of Wilmington, Del. Commended By Financial Paper—Frank V. Simpers Active Agent At Chestertown.

Much comment has been heard in financial circles upon the 15th annual statement of the Continental Life Insurance Co., Wilmington, Del. This company's business has reached the stage of very large annual gains and the business written in 1922 showed a large increase over that written in 1921.

In an issue of January 6th, The Economic World, of New York City, and one of the foremost financial papers in the country, reviews this statement very favorably saying in part, "The Continental Life Insurance Company has a margin of protection to policy holders above all legal requirements, nowhere equaled in the domain of American Life Insurance."

Frank V. Simpers, general agent with offices in the Kent News Building in this town, enjoys the reputation of being one of the Continental's leading writers of insurance.

The number of immigrants eligible to admission to the United States under the existing restriction act would be increased by more than half under a section of a new immigration bill approved this week by the House immigration committee. Admissions under the proposed act would be limited to two per cent of the number of foreign born individuals of any nationality resident in the United States as determined by the census of 1890. The present restriction is three per cent as determined by the census of 1910. Members of the committee estimate that under the new restriction clause the total of immigrants entering the United States in any one year would not exceed 168,837. Admissions under the existing law total 358,023 yearly.
