The ministerial appointments for the ensuing year in the Wilmington Annual Conference of the M. E. Church, were read at 12.30 Monday afternoon by Bishop McDowell.

Four new district superintendents, Rev. James W. Colona, Rev. Omar E. Jones, Rev. W. E. Gunby and Rev. Edward H. Dashiell, were installed into their offices by Bishop McDowell. The Bishop with his remarks punctuated by that gentle wit that has made him so loved by all, paid high tribute to the retiring superintendents. "Although I am replacing them," he said, "it is not because they are unworthy. They have finished their work, the Centenary Program. The church is now starting on new work, a New World Service Program, and I wanted four young men to work it out together." Then admist silence, the Bishop called the new district superintendents to the front of the church and they knelt before the altar, to be dedicated by the Bishop for the work before them, characterized by him as the most important program the church has ever undertaken. The congregation joined in prayer. A song followed, and the fifty-fifth annual session of the Wilmington Conference of the Methodist Episcopal Church was ended. They parted, to meet again next year in the Harrison Street Methodist Episcopal Church, Wilmington, for the fifty-sixth annual conference.

State Game Warden Shy Of Cotton Tail Rabbits

E. Lee LeCompte, State Game Warden, writes The News he failed to get his Cotton Tail Rabbits, intended to be distributed throughout the State. His letter follows:

The State Game Department of Maryland very reluctantly informs the sportsmen and those persons interested in the propagation of game that it will be impossible to obtain Cotton Tail Rabbits for distribution in the counties of this State, for the following reasons:

A contract for 6050 Cotton Tail Rabbits was placed with a broker in Kansas and Missouri early last Fall for delivery to this State during the months of February and March with assurance that the order would be fulfilled.

A few days ago this broker advised it would be impossible to complete the order, due to the mild weather in Kansas and Missouri, and sickness on his part. In explanation of the term "mild weather" the broker advised the farmers, who are usually employed to do the trapping remained in the fields plowing and naturally deemed it more advisable to look after their own interests than trap rabbits for which they are paid a nominal sum. Just during the opportune time for trapping the broker was confined to his home with a severe case of influenza. Then again at this season of the year the rabbits will not stand shipment.

The Department did everything in its power to purchase rabbits thru other sources but was unsuccessful. Of the 6050 rabbits ordered less than 400 were shipped.

The Department exceedingly regrets this state of affairs, however, it hopes the sporting element will appreciate its position, realizing we did all within our power to purchase rabbits for restocking the covers of this State. We hope to have better success next season.

IN MEMORIAM

In loving remembrance of my dear wife, Mary Dolan, who died 8 years ago today, April 9th, 1915.

Noble at her post she stood,
Our mother, kind and true,
Beloved by all her friends so well,
And kind to all she knew.

Day by day we saw her fade,
And slowly sink away,
Yet in our hearts we often prayed
That she might longer stay.

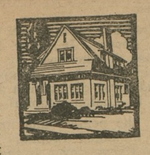

How sadly I counted the days,
That filled these sad eight years,
Since they laid beneath the sod
The one I love so dear.

SAVE 13½% on coal

TESTS have shown that over-coating an old frame house with Portland Cement stucco effects a saving of 13½% on coal. Add to this the saving on painting expense and the continual little repairs that permanence eliminates.

Many old homes cannot be improved on for general appearance, general comfort. But permanence and upkeep saving can be added at small cost. Ask your building material dealer how.
