FORD TOURIST NOW ENJOYS A GREATER "AT HOME" FEELING

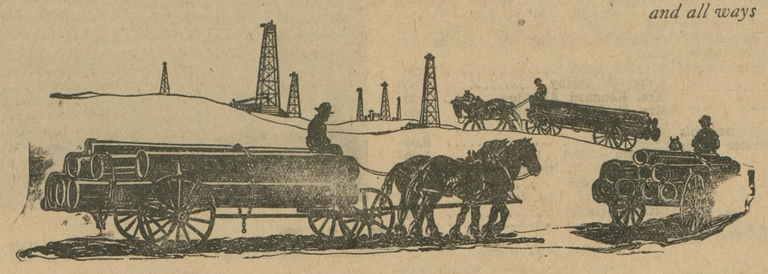

That satisfying "at home" feeling which the Ford tourist always has felt wherever he has gone will be stronger than ever this summer. There are now nearly 6,000,000 Ford Cars in use in the United States and he will come upon more members of the great Ford family in the towns and cities and along the highways of the nation than in any year heretofore.

In the last year alone 1,500,000 new Fords have gone into use thruout the country. And the Ford owner who goes touring enjoys what no other can owner enjoys, the satisfaction of knowing he has the greatest of service facilities at his command, assuring him of a pleasant journey no matter where his travels may take him.

In addition to the Ford dealer organization of more than 9,000, there are over 14,000 authorized Ford service stations in the country, making a total of more than 23,000 points of contract with the motoring public.

The body of William S. Norris, prominent Govans resident who disappeared early on the evening of Easter Sunday, was found at 3.45 on Sunday afternoon in Loch Raven Reservoir, above the new dam.

Service—always and all ways

A glutton for capital

FIVE-EIGHTHS of the world's current production of crude petroleum today lies in the United States. In this one industry is invested about eight billion dollars.

This figure is steadily growing. Ever increasing demands for gasoline and other products call for more wells, more lines, more refining plants, more marketing equipment. It is the tremendous volume of the business that makes it possible to sell the products cheaper here than anywhere else in the world, and yet out of the narrow margin of profit to provide for tomorrow's requirements.

Polarine is an investment rather than an expense in motoring.

STANDARD OIL COMPANY (New Jersey)

CROMAR
READY FINISHED OAK FLOORING

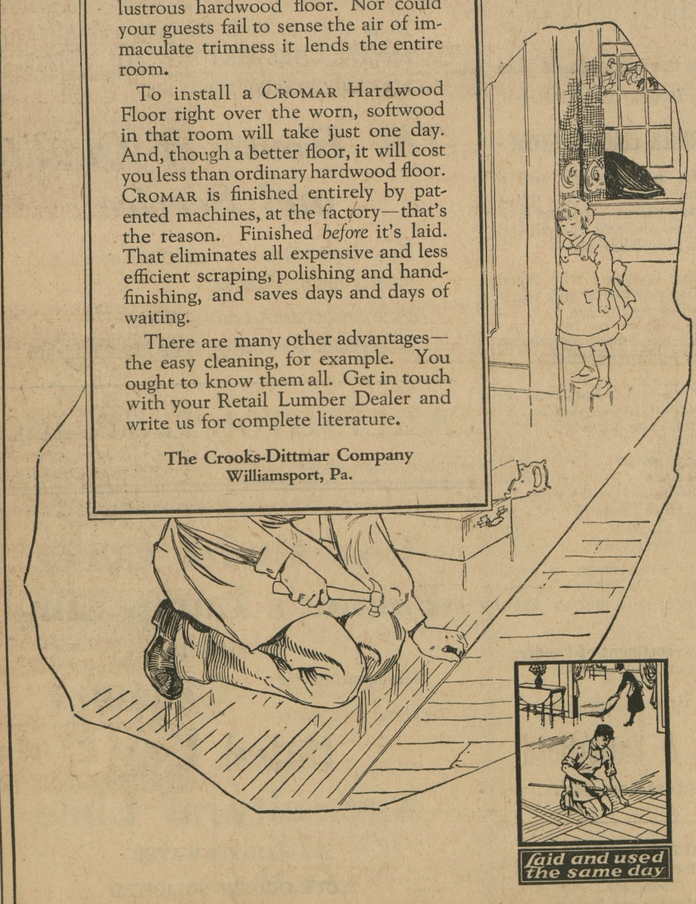

Start with *one* room this year

Take, for instance, your dining room—or your living room. Certainly *you* would enjoy the charm of the bright, lustrous hardwood floor. Nor could your guests fail to sense the air of immaculate trimness it lends the entire room.

To install a CROMAR Hardwood Floor right over the worn, softwood in that room will take just one day. And, though a better floor, it will cost you less than ordinary hardwood floor. CROMAR is finished entirely by patented machines, at the factory—that's the reason. Finished *before* it's laid. That eliminates all expensive and less efficient scraping, polishing and hand-finishing, and saves days and days of waiting.

There are many other advantages—the easy cleaning, for example. You ought to know them all. Get in touch with your Retail Lumber Dealer and write us for complete literature.

SAVED FROM AN OPERATION

Now Recommends Lydia E. Pinkham's Vegetable Compound

Washington, D. C.—"Lydia E. Pinkham's Vegetable Compound saved me from an operation which a physician said I would have to have for a very bad case of female trouble. My system was all run down for two years after my little girl was born. Then I read of your wonderful medicine and decided to try it. I could hardly drag one foot after the other, and after taking six bottles of the Vegetable Compound I felt like a new woman. I now do all my housework, also washing and ironing, and do not know what real trouble is. My health is fine, and I weigh 140 pounds. When I started taking it I weighed 97 pounds. I gladly recommend Lydia E. Pinkham's Vegetable Compound to any one who is suffering from female trouble or is run down. You may use this testimonial for I am only too glad to let suffering women know what the Vegetable Compound did for me."—Mrs. IDA HEWITT, 1529 Penna. Ave. S.E., Washington, D.C.

Such letters from women in every section of this country prove beyond question the merit of Lydia E. Pinkham's Vegetable Compound.

BETTERTON RESORT SEES GOOD SEASON

Hotels Open And Many Visitors Enjoy Chesapeake Bay Resort And Young People In May Frolics.

Throngs of motorists took advantage of the balmy spring breezes the past week and toured into Betterton ever-popular resort on the Chesapeake. The May Day frolics of the Betterton High School students opened Tuesday of last week with artistic May pole dances, continuing with pleasing festivities all the week. The night steamers of the Ericsson line from Philadelphia and Baltimore have brought many early guests that foretell another big summer, as the spring fishing season has been very good.

The new ferry from Havre de Grace to Betterton is being anxiously awaited as the first boats are expected to begin operation about July 1. The Rigby Hotel has been thoroughly refurnished and has many guests enjoying the nightly dances with radio music from Philadelphia and farther points. The Hotels Betmont, Idlewhild, Atlantic and Emerson have planned attractive entertainment for the summer guests. Each will have dinner orchestras in addition to radio music. The Chesapeake House has many special tours booked throughout the summer. Several contingents coming from girls' preparatory schools of upper New York, Pennsylvania and Ohio, the groups from Boston schools promising lively times for the resort from requests to the Board of Trade for privilege of decorating Betterton with their school colors. The various frats of the local High School have completed arrangements to entertain these visitors on their arrival in July.

The radio sermons from Philadelphia and Pittsburgh have so competed with local churches, that the Sunday services have been changed to morning hours. This has been advocated for sometime, as the hotel guests generally prefer walking or touring about the picturesque countryside.

Among the visitors this week are Mr. and Mrs. Thomas Burk, Mr. and Mrs. George Wenson, Mr. and Mrs. Franklin Jones, Misses Miriam and Ethel Jones, Mr. and Mrs. Arthur M. Wenson, Mr. and Mrs. Philip Vogt, Mr. and Mrs. William Cranison, Mr. and Mrs. William R. Rose, Mr. and Mrs. Henry Uhler, Misses Marie Porreca, Clara Cherashore, Mae Brady, Florence Segal, Dorothy and Harriet Korman, Mr. and Mrs. Horace K. Reed, Mr. and Mrs. George Buskley, Misses Romona Harvey, LouiseThomson, Katharine Emory and Bernice Frankel, of Philadelphia; Mr. and Mrs. Henry Owens, Mr. and Mrs. John Gorman, Mr. and Mrs. Joseph D. Balachow, Mr. and Mrs. Daniel Whitaker, Miss Freda Thornton, of Baltimore; Mr. and Mrs. Harry Rhodes, Mr. and Mrs. Edward Cohen, Mr. and Mrs. Charles E. Jenkins, Mr. and Mrs. S. A. Anthony, Mr. and Mrs. William Purcell, Mr. and Mrs. Charles Homsher, of Newark, N. J.; Mr. and Mrs. Frank Montgomery, Jack and Elizabeth Montgomery, Mr. and Mrs. Fred. J. Harvey, Mr. and Mrs. Homer L. Stewart, Mr. and Mrs. George Gerond, of Pittsburgh; Mr. and Mrs. David Reynolds, Mr. and Mrs. John Bailey, Mr. and Mrs. Edward Buller and Mr. and Mrs. John Kanoir, of Philadelphia.

Mrs. Harris' Great Work For The Near East Relief

The splendid, sacrificing, volunteer service given the Near East Relief by Mrs. Evelyn Harris, of Betterton, Md., is most highly commended by Harold F. Pellegrin. State Director of the relief organization, in a communication sent this paper and asking its publication.

Mrs. Harris, says Mr. Pellegrin, has spoken in churches, schools and neighborhood community halls, presenting the appeal of the Near East Relief, not only in this county, but in other counties of the state. Mrs. Harris has planned a Bundle Week in this county which began Monday and continues until Saturday, May 12th, for the relief organization.

Mrs. Harris has made it possible for Kent county to go over the top in its relief quota both last year and this year. Kent was over the top in advance of the end of the fiscal year; three months in advance, by April 1.

A DEFENSE OF VACCINATION

It was reported last week in Chestertown that one of the Rock Hall school children was lying at the point of death due to vaccination against small-pox about twelve days previously. The Deputy State Health Officer promptly visited the home of the child when the case was reported to him and found a normal result of the vaccination. The child was fully clad, down stairs, lying on a couch with only a little fever and his arm on which he had been vaccinated did not show any signs whatever of infection.

It is most unfortunate that such an unfounded report should be circulated regarding the normal outcome of vaccination, one of the most important factors in use to protect the health of the school children and the people at large. There is not the slightest danger from vaccination against small-pox when proper precaution is taken.

The County Board of Education is offering through the State and County Health Officers, free vaccination to those who desire it. These doctors are using every care in doing their work and they do not vaccinate any child until assured by the child that his parents wish to take advantage of the free vaccination.

It is hoped that no one will give credence to an adverse report regarding the work that is being done for the health of school children until they learn the true conditions from those in charge of the work.

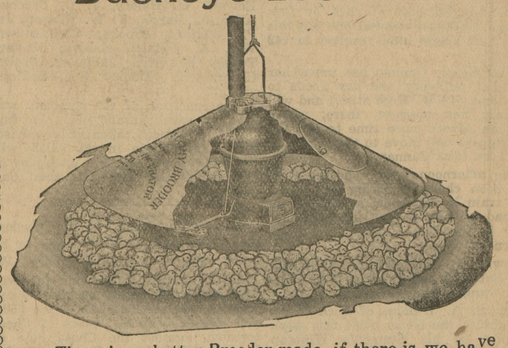

(Signed) LOUIS C. ROBINSON.
Superintendent of Schools.
